Prelude To The Total Force The Air National Guard 1943 1969:

Prelude to the Total Force Charles Joseph Gross, 1985 This volume is a study of the origins and evolution of the Air National Guard This history was written during 1978 1979 by the author as part of his doctoral program in military history The expanding role of the Guard and its close cooperation with the Air Force are the author's themes explaining the rise of the Guard to the prominence it plays in today's air operations

Prelude to the Total Force Office of Air Force History, United States Air Force, 2015-02-28 In this study of the origins and evolution of the Air National Guard Dr Charles Gross himself a former guardsman and a professional historian currently at the Air Force Systems Command History Office chronicles this transformation In the 1940s the active duty Air Force was not particularly sympathetic or supportive of an Air National Guard Focused on creating an Air Force as a separate service carving out its role in the air atomic age and changing from piston to jet engines in an austere budgetary environment the regulars saw no real purpose for part time state air forces If anything an Air Guard threatened the funding of an adequate regular force Given the Guard's record of poor readiness and its successful resistance to direction from Washington the Air Force leadership would have been just as happy to see the Guard eliminated In 1950 the difficult and in many respects unsuccessful mobilization of the Air National Guard for the Korean War forced the Air Force into reforms and the Guard itself to accept greater peacetime control by the active force Through the 1950s by means of expansion more modern aircraft and more closely coordinated planning and policy making the Guard began to increase both in effectiveness and in the respect it engendered from the Air Force leadership Late in the decade increased budgetary pressure on the Air Force combined with the Eisenhower administration's emphasis on reserves and the Congress support for the Guard led to a more favorable view of the Guard by the Air Force Also Air Guard leaders themselves realized that they had to institute various reforms and better integrate the Guard with the regular force Most importantly the Guard in the 1950s won for itself in continental air defense in tactical aviation and in airlift meaningful missions that it could perform effectively on a continuing basis in peacetime In mobilizations during the Berlin crisis in 1961 1962 in the Pueblo crisis and the Southeast Asian War in 1968 the Guard proved its competence and excellence The expanding role of the Guard and its close cooperation with the Air Force are Dr Gross's themes explaining the rise of the Guard to the prominence it plays in today's air operations He pulls no punches in recounting the conflict between Guard and regular Air Force or in explaining how each side maneuvered to safeguard its interests However the author also shows how common concerns and mutual dedication to the national defense overcame parochialism and led from cooperation to integration The result was displayed for all the Air Force to see in the professionalism of Guard units in the 1960s mobilizations Guard and regular Air Force had become vital to each other in return for modern aircraft a substantial peacetime mission and upon mobilization integration into the wartime force the Guard accepted de facto control by the regular Air Force As Dr Gross concludes the concept of state militia was altered far beyond the changes wrought earlier in

federal state military relations The Air Guard was ready for the Total Force policy of the 1970s The dilemma of maintaining a reserve fully capable of fighting the air war was solved By the 1980s the Air National Guard at the same time inheritors of a military tradition extending back before 1776 and users of the most advanced technologies of war could prove that citizen soldiers need not be second to any airman in the world *Prelude to the Total Force* Charles Joseph Gross,1984 *Prelude to the Total Force* ,1985 **Prelude to the Total Force** Charles Gross,United Air Force,2012-05-26 The expanding role of the Guard and its close cooperation with the Air Force are Dr Gross themes explaining the rise of the Guard to the prominence it plays in today s air operations He pulls no punches in recounting the conflict between Guard and regular Air Force or in explaining how each side maneuvered to safeguard its interests However the author also shows how common concerns and mutual dedication to the national defense overcame parochialism and led from cooperation to integration The result was displayed for all the Air Force to see in the professionalism of Guard units in the 1960s mobilizations Guard and regular Air Force had become vital to each other in return for modern aircraft a substantial peacetime mission and upon mobilization integration into the wartime force the Guard accepted de facto control by the regular Air Force As Dr Gross concludes the concept of state militia was altered far beyond the changes wrought earlier in federal state military relations The Air Guard was ready for the Total Force policy of the 1970s The dilemma of maintaining a reserve fully capable of fighting the air was solved By the 1980s the Air National Guard at the same inheritors of a military tradition extending back before 1776 and users of the most advanced technologies of war could prove that citizen soldiers need not to be second to any airman in the world Contents Forged in Politics 1943 1946 Struggle for Control 1946 1950 Rejuvenation 1950 1953 Integrating with the Active Force 1953 1960 The Cold Warriors 1961 1962 Vindication 1963 1969 Epilogue The Air National Guard and the Total Force united States Air Force Office of Air Force History *Air National Guard* Charles Joseph Gross,United States. E. Stratemeyer, 1999 In this volume we examine the challenges and opportunities created by global migration at the start of the 21st century Our focus extends beyond economic impact to questions of international law human rights and social and political incorporation We examine immigrant outcomes and policy questions at the global national and local levels Our primary purpose is to connect ethical legal and social science scholarship from a variety of disciplines in order to raise questions and generate new insights regarding patterns of migration and the design of useful policy While the book incorporates studies of the evolution of immigration law globally and over the very long term as well as considerations of the magnitude and determinants of immigrant flows at the global level it places particular emphasis on the growth of immigration to the United States in the 1990s and early 2000s and provides new insights on the complex relationships between federal and state politics and regulation popular misconceptions about the economic and social impacts of immigration and the status of undocumented immigrants **Winged Shield, Winged Sword: 1950-1997** Bernard C.

citizen airmen have served in the nation's defense as members of the Air Force Reserve Citizen Airmen A History of the Air Force Reserve 1946-1994 begins with the fledgling air reserve program initiated in 1916 traces its progress through World War II and then concentrates on the period 1946 through 1994 The study skillfully describes the process by which a loosely organized program evolved into today's impressive force The Air Force Reserve story is told within the context of national political and military policy and stresses that over the decades as national needs have increased reservists have met the challenges Initially the Air Force treated its reserve units as supplemental forces and equipped them with surplus equipment Shortly after the Air Force Reserve was established in 1948 its members mobilized for Korean War duty and they served throughout the conflict The Reserve program subsequently fell into disarray and required patient rebuilding The passage of a series of key federal laws related to personnel issues and the introduction of the air reserve technician program greatly assisted in this rejuvenation process In the 1960s the Air Force Reserve demonstrated its mettle as it participated in numerous mobilizations reflecting the Cold War tensions of the era Reservists were involved in operations ranging from the Berlin Crisis of 1961-1962 to the Southeast Asia mobilizations in 1968 In the 1970s the Air Force Reserve program assumed

heightened importance when the Department of Defense adopted the Total Force Policy This concept treated the active forces the National Guard and all reserve forces as an integrated force Reservists were now expected to meet the same readiness standards as their active duty counterparts Since then the Air Force Reserve has demonstrated its ability to perform a wide variety of missions Air Reservists participated in American military operations in Grenada and Panama
