

Prelude to War

- Hoping to avoid open conflict with Germany, European leaders adopted a policy of *appeasement*
 - Allowing Hitler to get away with relatively small acts of aggression and expansion in hopes of avoiding conflict
- Major examples of appeasement:
 - **Ethiopia, 1935**
 - Mussolini ordered Italian troops to invade Ethiopia; League of Nations and U.S. objected but did nothing
 - **Rhineland, 1936**
 - Region in western Germany that was supposed to remain permanently demilitarized; Hitler defied the Treaty of Versailles and marched troops in to occupy the Rhineland

Alliance of the Colored Peoples Joseph Calvitt Clarke, 2011 A detailed examination of Ethiopian Japanese relations from their beginnings in the interwar period through the Italo Ethiopian War of 1935-6 drawing on Japanese Russian Italian French and English sources With the Japanese posing as the leader of the world's colored peoples before World War II many Ethiopians turned to Japan for inspiration By offering them commercial opportunities by seeking their military support and by reaching out to popular Japanese opinion Ethiopians tried to soften the stark reality of a stronger Italy encroaching on their country Europeans feared Japan's growing economic and political influence in the colonial world Jealously guarding its claimed rights in Ethiopia against all comers among Italy's reasons for going to war was the perceived need to blunt Japan's commercial and military advances into Northeast Africa Meanwhile throughout 1934 and the summer of 1935 Moscow worked hard and in ways contrary to its claimed ideological imperatives to make Collective Security work Ethiopia was a small price to pay Italy for cooperation against Nazi Germany in Austria and Imperial Japan in China Yellow Japanese and black Ethiopian collaboration before the war illuminates the pernicious and flexible use of race in international diplomacy In odious terms Italians used race to justify their actions as defending western and white civilization The Japanese used race to explain their tilt toward Ethiopia The Soviets used race to justify their support for Italy until late 1935 Ethiopia used race to attract help and colored peoples worldwide rallied to Ethiopia's call J Calvitt Clarke III is Professor Emeritus of History at Jacksonville University Florida

The Wages of Appeasement Bruce S. Thornton, 2011 Wages of Appeasement explores the reasons why a powerful state gives in to aggressors It tells the story of three historical examples of appeasement the greek city states of the fourth century b c which lost their freedom to Philip II of Macedon England in the twenties and thirties and the failure to stop Germany's aggression that led to World War II and America's current war against Islamic jihad and the 30 year failure to counter Iran's attacks on the U S The inherent weaknesses of democracies and their bad habit of pursuing short term interests at the expense of long term security play a role in appeasement But more important are the bad ideas people indulge from idealized views of human nature to utopian notions like pacifism or disarmament But especially important is the notion that diplomatic engagement and international institutions like the u n can resolve conflict and deter an aggressor the delusion currently driving the Obama foreign policy in the middle east Wages of Appeasement combines narrative history and cultural analysis to show how ideas can have dangerous and deadly consequences **The Cambridge Review**, 1906 Vols 1 26 include a supplement The University pulpit vols 1 26 no 1 661 which has separate pagination but is indexed in the main vol
