(RLE: Plato) Richard McKirahan,2012-11-12 This valuable work of reference provides a comprehensive bibliography on all scholarly work that was published on Plato and Socrates during the years 1958 73 It thus forms an important addition to Harold Cherniss s bibliography which covered the years 1950 7 The author has sought to include all materials primarily concerned with Socrates and Plato together with other works which make a contribution to our understanding of the two philosophers The bibliography is arranged by topic and there are cross references at the end of each section The works in each category are arranged chronologically and then alphabetically by author within each year An effort has been made to distinguish when a book has had more than one edition and when an article has been reprinted Additionally the author has listed reviews of books and dissertations as these have come to his attention **Le second Alcibiade ou de la Prière**
