**Research Essentials** Susan Leslie Norwood,2010 Here Susan L Norwood presents a fresh nursing research textbook which provides an engaging and user friendly introduction to this important subject area With valuable information for nursing students the book helps nurses acquire essential skills for today s dynamic health care environment **Olds' Maternal-newborn Nursing & Women's Health Across the Lifespan** Michele R. Davidson,Marcia L. London,Patricia W. Ladewig,2008 Nurses working with childbearing families face a variety new challenges including shortened lengths of hospital stay the trend toward greater use of community based and home care and downsizing and mergers of health care systems This book is not only important reading for maternity nurses but also can be used as an invaluable reference tool The Eighth Edition of this popular book not only continues to emphasize the central role played by maternity nurses working with

today's childbearing families but also includes a global perspective covering culture as a factor in relating to the woman's childbirth experience. It also includes a comprehensive accessible segment on women's health issues. *High-Acuity Nursing* Kathleen Dorman Wagner, Pamela Stinson Kidd, 2006. The Fourth Edition of High Acuity Nursing delivers essential understanding of complex patients and instructs both students and nurses on how to provide nursing care in varied clinical settings. Broken down into a series of learner-focused active learning modules, High Acuity Nursing takes complex information and presents it in smaller, more accessible chunks that promote easier mastery by readers. As the modules progress in difficulty, this text addresses the multiple system problems that nurses face when caring for high acuity patients. With a focus on concepts and principles that can be applied across practice settings and patient populations, High Acuity Nursing Fourth Edition is a learner-friendly approach that will help nurses and nursing students master the concepts and confidence necessary to succeed in today's health care settings. New to this edition: Greater attention to problems seen in high acuity populations; Integration of research and Evidence-Based Practice boxes throughout modules; Conceptual approach to patient care that provides readers with an understanding of rationales; Consistency and continuity among modules that is achieved by means of a single concept or nursing application format. **NCLEX-RN Exam Prep** Wilda Rinehart, Diann Sloan, Clara Hurd, 2014.
