## **Presence Of The Word:**

*The Presence of the Word* Walter J. Ong, 1967-01-01 This provocative exploration of the nature and history of the word in some of its social psychological literary phenomenological and religious dimensions argues that the word is initially aural and in the last analysis always remains sound it cannot be reduced to any other category Father Ong contends that sound is essentially an event manifesting power and personal presence and his descriptive analysis of the development of the media of verbal expression from their oral sources through the laborious transfer to the visual world and then to contemporary means of electronic communication shows that the predicament of the human word is the predicament of man himself Examining the close alliance of the spoken word with the sense of the sacred particularly in the Hebreo Christian tradition he reveals that in a world where presence has penetrated time and space as never before modern man must find the God who has given himself in the Word which brings man more into the world of sound than of sight

**The Presence of the Word** Walter Jackson Ong, 1967 [The Presence of the Word](#) Walter Jackson Ong, 1981 **The Presence of the Word** Walter J. Ong, 2000 The deed of gift declares that the object of this foundation is not the promotion of scientific investigation and discovery but rather the assimilation and interpretation of that which has been or shall be hereafter discovered and its application to human welfare especially by the building of the truths of science and philosophy into the structure of a broadened and purified religion The founder believes that such a religion will greatly stimulate intelligent effort for the improvement of human conditions and the advancement of the race in strength and excellence of character To this end it is desired that a series of lectures given by men eminent in their respective departments on ethics the history of civilization and religion biblical research all sciences and branches of knowledge which have an important bearing on the subject all the great laws of nature especially of evolution also such interpretations of literature and sociology as are in accord with the spirit of this foundation to the end that the Christian spirit may be nurtured in the fullest light of the world s knowledge and that mankind may be helped to attain its highest possible welfare and happiness upon this earth The present work constitutes the thirty fourth volume published on this foundation [Word and Presence](#) Ian Cairns, 1992 In this commentary Ian Cairns presents Deuteronomy as a slowly evolving complex composite as legal code as treaty text or covenant as Moses farewell speech and as the final volume of the Pentateuch Despite Deuteronomy s structural complexity however Cairns shows how the theme Word and Presence permeates the entire book God is the living Presence who can be encountered and known through his word addressed to each generation in turn This commentary is unique in its emphasis on the theology of Deuteronomy e g law as humane instruction as well as in its modern applications and illustrations from non Western cultures

Book jacket **Reading the Word of God in the Presence of God** Vern S. Poythress, 2016-03-16 Biblical interpretation is typically viewed as concerned with understanding the human author s intended meaning However for Christians the Bible is first and foremost God s Word and must be understood in that light Helping Christians approach the Bible with God in mind

this book sets forth a more nuanced approach to biblical interpretation that pays attention to both the human and divine origins of these sacred texts Whether it s reviewing the three basic steps of interpretation or emphasizing the importance of paying attention to the Christ centered character of both the Old and New Testaments this book is a much needed resource for the church as it wrestles to defend the authority of Scripture in our increasingly relativistic world *The word opened; or, Materials for Bible readings* Evan Henry Hopkins,1891 **The Swedenborg Concordance** John Faulkner Potts,1898 The "Summa Theologica" of St. Thomas Aquinas Saint Thomas (Aquinas),1913 **The Fruits of Silence** Cyril Hephher,1916 *The Advent of God's Word* Rev. Dr. Brenda K. Buckwell, Obl. OSB,2015-10-27 Quiet your heart and listen for the loving whispers of God during the Advent season The weeks leading up to Christmas are often hectic times preparing for the holy celebration of Jesus birth This book provides an opportunity for you to pause take a refreshing breath of the Holy Spirit and look beyond the surface of the lights and glitter to notice the inward shaping of Jesus virtues of hope love joy and peace for faithful living It sets a course for daily retreat and devotional living into the new era for hope and unity in the heart of Christ from the Introduction Are you missing out on the true meaning and mystery of Advent amid the hustle and bustle of the holiday season Rev Dr Brenda K Buckwell Obl OSB invites you into a daily retreat experience offering inspiring reflections fresh perspectives on the season s traditional scripture readings and creative ways to let God s word sink deep into your heart and soul With prayer practices that engage the senses and guidance in creating a visual reflection in response to each day s reading she helps you move beyond articulation of what you know of God to discover the possibilities awaiting you The Christs of the Past and Present Moses Hull,1901 **Telos** ,2007 Arcana Coelestia Emanuel Swedenborg,1870 Proceedings of the Canadian Institute Canadian Institute,1898 The Law Reports Incorporated Council of Law Reporting for England and Wales,1882 **Jewish Liturgical Reasoning** Steven Kepnes,2007-11-01 Liturgy a complex interweaving of word text song and behavior is a central fixture of religious life in the Jewish tradition It is unique in that it is performed and not merely thought Because liturgy is performed by a specific group at a specific time and place it is mutable Thus liturgical reasoning is always new and understandings of liturgical practices are always evolving Liturgy is neither preexisting nor static it is discovered and revealed in every liturgical performance Jewish Liturgical Reasoning is an attempt to articulate the internal patterns of philosophical ethical and theological reasoning that are at work in synagogue liturgies This book discusses the relationship between internal Jewish liturgical reasoning and the variety of external philosophical and theological forms of reasoning that have been developed in modern and post liberal Jewish philosophy Steven Kepnes argues that liturgical reasoning can reorient Jewish philosophy and provide it with new tools new terms of discourse and analysis and a new sensibility for the twenty first century The formal philosophical study of Jewish liturgy began with Moses Mendelssohn and the modern Jewish philosophers Thus the book focuses in its first chapters on the liturgical reasoning of Moses Mendelssohn Hermann Cohen and Franz Rosenzweig However it attempts to augment and

further develop the liturgical reasoning of these figures with methods of study from Hermeneutics Semiotic theory post liberal theology anthropology and performance theory These newer theories are enlisted to help form a contemporary liturgical reasoning that can respond to such events as the Holocaust the establishment of the State of Israel and interfaith dialogue between Jews Christians and Muslims     The Presence of Christ in the Holy Eucharist Edward Bouverie Pusey,1871     *The Encyclopedia Britannica* ,1911     Wiseman Review ,1903
