Presence and Absence Reynolds Price, 1973 Presences and Absences - Transdisciplinary Essays Katarína Labudova, Nóra Séllei, 2013-10-03 This volume discusses the question of presence and or absence from a transdisciplinary perspective and intends to provide insights into how a wide range of disciplines addresses this issue which has been at the centre of philosophical theoretical and critical debates in the past decades As the essays in the volume prove apparently diverse areas can have a lot in common and talk to each other in sometimes surprising ways The topics discussed include modals in various languages and black slave funeral sermons pragmatic markers and the Australian Stolen Generation the transcendental in poems by Ann Bradstreet Arthur Symonds and Philip Larkin short stories by Katherine Mansfield generic presences in Virginia Woolf and contemporary journalism haunting presences in fin de siècle ghost stories and in a contemporary horror film mythical structures in John Cowper Powys and Margaret Atwood and gender politics in Pat Barker and Sarah Waters The analyses as they talk to each other create multiple dialogues without imposing closures and ultimate interpretations on the plethora of possible meanings emerging from the juxtaposition of these essays This transdisciplinary volume written in an erudite but reader friendly language will be of great interest to both the academic world as well as a broader readership interested in how linguistic phenomena in general cultural myths of all kinds various cinematic literary and journalistic genres from diverse periods can be approached and opened up to new readings and meanings from the perspective of presences and absences

The Calling of the Nations Mark Vessey, Sharon Betcher, Robert Daum, Harry O. Maier, 2011-12-15 Current notions of nationhood communal identity territorial entitlement and collective destiny are deeply rooted in historic interpretations of the Bible Interweaving elements of history theology literary criticism and cultural theory the essays in this volume discuss the ways in which biblical understandings have shaped Western and particularly European and North American assumptions about the nature and meaning of the nation Part of the Green College Lecture Series this wide ranging collection moves from the earliest Pauline and Rabbinic exegesis through Christian imperial and missionary narratives of the late Roman medieval and early modern periods to the entangled identity politics of mainstream nineteenth and twentieth century North America Taken together the essays show that while theories of globalization postmodernism and postcolonialism have all offered critiques of identity politics and the nation state the global present remains heavily informed by biblical historical intuitions of nationhood

A Defence of the Sincere and True Translations of the Holy Scriptures Into the English Tongue William Fulke, 1843 **Bible Missals and the Medieval Dominican Liturgy** Innocent Smith, 2023-11-06 Bible Missals are manuscripts that integrate liturgical prayers for the Mass with the scriptural texts of the Latin Vulgate Long overlooked by scholars Bible Missals offer important evidence for the development of the medieval liturgy and the liturgical use of scripture by medieval Christians This monograph is the first comprehensive analysis of the codicology and contents of Bible Missals Mostly produced in the first half of the 13th century by professional book

makers in centers like Paris and Oxford these hybrid manuscripts were customized for secular monastic and mendicant patrons This monograph focuses on Dominican Bible Missals the largest group within the repertoire providing detailed codicological descriptions of each manuscript and analyzing their texts for the Order of Mass and selected liturgical formularies including prayers for the feast of St Dominic For medieval Christians the words and events of scripture were continually called to mind and reenacted in the sacramental rites of the Mass Bible Missals provide important material evidence for this interplay between word and sacrament

A Defense of the Sincere and True Translations of the Holie Scriptures William Fulke,1843 **A Defence of the Sincere and True Translations of the Holy Scriptures Into the English Tongue, Against the Cavils of Gregory Martin** William Fulke,1843 **Conspicuous in His Absence** Chloe T. Sun,2021-02-23 In the biblical canon two books lack any explicit reference to the name of God Song of Songs and Esther What is the nature of God as revealed in texts that don t use his name Exploring the often overlooked theological connections between these two Old Testament books Chloe T Sun takes on the challenges of God s absence and explores how we think of God when he is perceived to be silent

Matthew's Bible M. J. J. Menken,2004 What type of Old Testament text did Matthew use as editor of his Gospel On the one hand the editorially inserted fulfilment quotations with their peculiar textual form may be expected to represent Matthew s biblical text On the other hand the remaining OT quotations are mainly Septuagintal and it is often assumed that Matthew reinforced the Septuagintal character of the quotations which he found in his sources In the first part of this study the fulfilment quotations are examined Their textual form is best explained as a Septuagint text that was revised to make it better agree with the Hebrew and to improve the quality of its Greek the evangelist took these quotations from a continuous text In the second part Matthew s remaining OT quotations are investigated If Matthew borrows quotations from his sources he does not adjust them to the LXX but he simply copies them or edits them in his usual way if he inserts quotations into his sources he makes use of his revised Septuagint On the whole this revised Septuagint seems to have been Matthew s Bible

Paratext and Megatext as Channels of Jewish and Christian Traditions August den Hollander,Ulrich Schmid,Willem Smelik,2020-01-29 Religious traditions are channeled to new audiences by textual markers which inform their understanding and influence Such markers are signs of contextualisation which belong to the paratext of a tradition textual elements that do not belong to the core text itself but belong to their embedding and as such affect their reception Alternatively some texts function purposely in tandem with another text and cannot be understood without that text While the second text informs the way the first one is being understood it can hardly function independently The discussions include the arrangement of textual blocks in the Hebrew Bible how the oral transmission of Jewish Aramaic Bible translations had to be recited as a counterpoint to the Hebrew chant how synagogue poetry presupposes the channels of liturgical instruction how the Talmud can be perceived as a translation of Mishnah how the presence of paratextual elements such as annotations and prefaces influenced the Index Librorum Prohibitorum

concerning 16th century Bibles the function of paratext and scope for modern Bible translations This volume will tentatively explore the wide range of paratext and megatext as devices of channeling religious traditions
