Present Yourself Kit Seeborg, Andrea Meyer, 2013-06-05 With the success of SlideShare and other online presentation sites slide presentations have become the language of business This practical book demonstrates how you can use this visual language to make the story of your organization brand or initiative effective and entertaining and how social sharing networks like SlideShare Prezi and Scribd can present your story to a worldwide audience Using real world examples from SlideShare users Present Yourself puts marketing principles and business trends in context to help you understand how online presentations can boost your business The final chapter provides case studies that reveal how organizations and individuals use SlideShare to meet their needs Learn the latest trends and technologies for visual communication in business Discover how SlideShare works and get started with your own account Use SlideShare to plan execute and provide follow up for event presentations Share your wealth of content to promote trust in your company or brand Anticipate a customer s needs with knowledge rich content about their market Collaborate with colleagues and conduct online business research Explore how presentations can help you recruit hire or get hired From Silence to Voice Bernice Buresh, Suzanne Gordon, 2006 To get the resources and respect they need nurses have long had to be advocates for themselves and their profession not just for their patients For a decade From Silence to Voice has provided nurses with the tools they need to explain the breath and complexity of nursing work Bernice Buresh and Suzanne Gordon have helped nurses around the world speak up and convey to the public that nursing is more than dedication and caring it demands specialized knowledge expertise across a range of medical technologies and decision making about life and death issues Nurses and nursing organizations they write must go out and tell the public what nurses really do so that patients can actually get the benefit of their expert care Amazon com **Professional Presentation Skills (A Handbook & Quick Reference Guide)** GERARD ASSEY, The best of skills and competency levels will not help if one is unable to present or communicate effectively In recent studies conducted in organizations it was established that more than 60% of an executive s time was spent in communicating and presenting ideas and in the case of top level executives it even exceeded 80% of the daily working time One may have great knowledge of their field excellent skills and enormous potential but the world will know about these only if one can properly present themselves along with the qualities they have The most successful employees are the ones who can communicate well People with effective presentation skills know how to speak with confidence conveying information in a clear crisp and concise manner Business leaders are often expected to present new ideas new developments new innovations company policies and changes to staff clients partners or even the public Lots of money time planning efforts and pressure can go into these presentations Therefore organizations are constantly on the lookout for such ones who have strong presentation skills to take the lead on these kinds of projects People who possess these skills will be more likely to get noticed by their superiors and climb their way up the corporate ladder faster So whether you are a high level manager or just

an assistant developing your presentation skills is one sure way to climb up the corporate ladder Being a good presenter contributes a lot to individual growth especially for those in the field of sales and marketing This is because your presentation skills can help play a vital role in how well you are able to convince your audience Further being a good communicator gives you a chance to connect with people thus enabling you to easily convey your ideas in the meeting room And most times it s your presentation that can actually help bag projects For businessmen and entrepreneurs a powerful presentation can mean funding for their startup or convincing stakeholders For employees and freelancers a great presentation means retaining a client or securing a new project But many people think of presentation skills as only the delivery part However creating a great presentation requires much more than just public speaking skills Being able to create and deliver a great presentation is something that most people need to know as it s an important way to express ideas and persuade audiences One example is the understanding of your audience which is an important trait of a good presenter You need to be able to research properly structure your ideas write the presentation in an orderly flow add visuals and design elements and then only you get to present it Presentation skills are therefore most vital for individual growth as well as the success of an organization on the whole and this book Professional Presentation Skills A Handbook Quick Reference Guide will help you do just that covering all that you would need to prepare and deliver an impactful presentation You will find that the book has been laid out in a very unique manner under 20 headings each beginning with a P that will help equip you or your team with the best of skills to mark your presence and help you move forward and upward soaring high
