Each of the following chapters is framed by an introductory essay setting out the issues and succinctly highlighting critical perspectives and themes. The approach is one of challenge and response, whereby questions of constitutional importance are posed and the reader is then led by engaging with primary and secondary materials through the way the various Asian states respond to these questions and challenges. Chapter segments are accompanied by notes, comments and questions to facilitate critical and comparative analysis, as well as recommendations for further reading. Reinventing Indonesia Ginandjar Kartasasmita, Joseph J Stern, 2015-06-24 *Reinventing Indonesia* presents an insider's view of the tumultuous transition that took place in Indonesia from 1997 to 2004 This was a period of unprecedented changes in democratized governance and decentralizing power throughout the country amidst significant economic turmoil The results of these changes were not pre ordained but were the result of the social forces unleashed by the Asian Financial Crisis and the end of the New Order as well as the deft guidance of key policymakers The book also examines the origins of the economic crisis of the late 1990s in Indonesia and the actions taken to address the crisis during those difficult years The authors were directly involved in many of the events recounted in this book particularly Ginandjar Kartasasmita through his career in the Indonesian government under various ministerial positions Thus the book provides insights that could only come from those directly involved in the decision making It also explains the transitions that occurred in Indonesia in the context of academic theories of democratic transition and consolidation thereby adding to the body of knowledge in this area The Indonesian story holds lessons therefore for the management of financial crisis and for the urgency of reform and development of economic and political institutions

The Struggle of the Shi'is in Indonesia Zulkifli, 2013-11-06 *The Struggle of the Shi'is in Indonesia* is a pioneering work It is the first comprehensive scholarly examination in English of the development of Shiism in Indonesia It focuses primarily on the important period between 1979 and 2004 a period of nearly a quarter of a century that saw the notable dissemination of Shi'i ideas and a considerable expansion of the number of Shi'i adherents in Indonesia Since Islam in Indonesia is overwhelmingly Sunni this development of Shiism in a predominantly Sunni context is a remarkable phenomenon that calls for careful critical investigation There is also an important examination

of the principal ideas underlying the Madhab Ahl al Bayt the Imamate and Imam Madhi Ja fari jurisprudence and ritual piety Appropriately in his discussion Zulkifli provides a succinct outline of contrasts with Sunni ideas and practice He also examines the publishing efforts that underpinned the dissemination of Shi i ideas and the founding of IJABI Ikatan Jamaah Ahlul Bait Indonesia in July 2000 for the propagation of Ahl al Bayt teachings Given the Indonesian context Zulkifli is also concerned with Sunni reactions to these Shi i developments a story that continues to unfold to the present This book as a work of great value and significance for the continuing understanding of the richness and complexity of Indonesian Islam
