Masahiro Iwasaki

Press Law In Modern Democracies A Comparative Study:

Press Law in Modern Democracies Pnina Lahav, 1985 **Media Freedom and the Law** András Koltay, 2024-08-01 The main objectives of media regulation in Europe are to protect media freedom to ensure the social responsibility of the media and to prevent harm caused by speech published through the media This book examines the way in which these are reflected in European legal regimes and jurisprudence at the supranational regional and national levels It addresses the theoretical considerations behind the protection and restriction of media freedom It starts from the assumption that there is a common European ideal of media freedom as a human right Apart from EU law and in many cases similar national regulations many common points can be identified across Europe in the theoretical underpinnings of this right and the history of struggles for this freedom in different European countries also shows common features While the focus is on media freedom in Europe the work also discusses the uniquely distinct concept of freedom of expression and of the media that is prevalent in the US the principles of which have a significant impact in Europe The book uses a comparative method in part as it attempts to outline the common regulatory framework for the idea of media freedom on a European scale The reference to national laws and court decisions is intended to illustrate this picture looking primarily at what binds European states together The work will be a valuable resource for those working in the areas of public law media law media studies comparative law international human rights law and legal philosophy Media Accountability and Freedom of Publication Denis McQuail, 2003 What are the media's responsibilities To whom are they accountable Are they increasingly growing out of control In the 21st century our mass media are becoming more powerful and more difficult to hold to account and attempts at control to prevent harm or make media more responsible are often viewed as infringements of market and media freedom In this study Denis McQuail identifies problematic trends and issues and outlines the principles underlying media regulation and accountability

Secrecy and Liberty: National Security, Freedom of Expression and Access to Information Joan Fitzpatrick, Piotr Hoffman, Sandra Coliver, Stephen Bowen, 2021-09-27 The tension between national security and freedom of expression and information is both acute and multifaceted Without national security basic human rights are always at risk On the other hand the tendency of governing elites to confuse the life of the nation with their own survival has often resulted in excessive restrictions on expression and information as well as other fundamental rights A proper balance between secrecy and liberty requires a vigilant press and an independent judiciary It also requires greater clarity than currently exists as to how competing rights and interests should be weighed This book addresses that gap Its centerpiece is a set of Principles drafted by a group of international and national law experts many of whom contributed chapters to guide governments courts and international bodies in how to strike a proper balance The Principles have been widely endorsed among others by United Nations experts on freedom of expression and independence of judges and lawyers Sixteen country studies profiling among other states Albania Chile China Egypt France Germany India Israel Japan Norway South Africa South Korea Turkey the

United Kingdom the United States and the Federal Republic of Yugoslavia explore the tremendous diversity of national security doctrines and the penal and other measures aimed at suppressing allegedly secret information and speech claimed to be subversive separatist or otherwise dangerous Five chapters examine the cases considered and approaches taken by the UN Human Rights Committee three regional human rights bodies and the European Court of Justice A Commentary draws on the other chapters to support and elucidate the Principles noting where they reflect an existing consensus and the points at which they attempt to elicit a more rights protective approach

Encyclopedia of journalism. 6. Appendices Christopher H. Sterling, 2009-09-25 The six volume Encyclopedia of Journalism covers all significant dimensions of journalism including print broadcast and Internet journalism US and international perspectives history technology legal issues and court cases ownership and economics

Israel and the United States Robert Freedman, 2018-04-19 This unique volume intensively studies the nature and extent of US Israeli relations from 1948 through the Bush and Obama administrations Leading experts in the field including Israeli and North American scholars from a variety of political perspectives contribute original essays on the principal political religious ethnic military economic and juridical connections between the United States and Israel Specific topics covered in this new book include the pro Israel lobby in the United States the US Jewish community and its relations to Israel evangelical Christians and Israel military and economic ties between the United States and Israel the threat of a nuclear Iran for both countries and the impact of American jurisprudence on Israel Section introductions from the editor effectively contextualize the issues and provide students with an in depth understanding of the past present and future of the US Israel relationship

Media Law and Ethics Roy L. Moore, Michael D. Murray, 2025-04-02 This fully revised seventh edition provides a thorough introduction to both the legal and ethical considerations relevant to students pursuing careers in media law and communication This comprehensive textbook integrates fundamental legal and ethical principles with cases and examples from both landmark moments and recent history It incorporates discussion of new technologies and media throughout its coverage of core topics such as intellectual property defamation and commercial speech This edition introduces readers to media law in comparative international communication and explores topics such as data mining artificial intelligence and the dark web Coverage of recent court cases and congressional hearings bring readers up to date on the evolving discussion surrounding Facebook X formerly Twitter TikTok and today's other major online sources This hybrid textbook is ideal for undergraduate and graduate courses in media and communication that combine law and ethics Online resources including sample syllabi and a test bank are available at www.routledge.com 9781032612928

Law and the Company We Keep Aviam Soifer, 1995 The ability to step outside traditional doctrinal boxes that concentrate on relationships between individuals and government will help not only legal thinkers but every person to reason toward justice

Press Law in South Korea Kyu Ho Youm, 1996 This study examines the legal political and social framework of press freedom in South Korea It covers Korea's judicial system the constitution periodicals and broadcast statutes libel privacy

national security access to information obscenity copyright and cable broadcasting **The Global 1960s** Tamara Chaplin, Jadwiga E. Pieper Mooney, 2017-07-20 The Global 1960s presents compelling narratives from around the world in order to de center the roles played by the United States and Europe in both scholarship on and popular memories of the sixties Geographically and chronologically broad this volume scrutinizes the concept of the sixties as defined in both Western and non Western contexts It provides scope for a set of analyses that together span the late 1950s to the early 1970s Written by a diverse and international group of contributors chapters address topics ranging from the socialist scramble for Africa to the Naxalite movement in West Bengal the Troubles in Northern Ireland global media coverage of Israel Cold War politics in Hong Kong cinema sexual revolution in France and cultural imperialism in Latin America The Global 1960s explores the contest between convention and counter culture that shaped this iconic decade emphasizing that while the sixties are well known for liberation activism and protest against the establishment traditional hierarchies and social norms remained remarkably entrenched Multi faceted and transnational in approach this book is valuable reading for all students and scholars of twentieth century global history **The SAGE Encyclopedia of Journalism** Gregory A. Borchard, 2022-01-28 Journalism permeates our lives and shapes our thoughts in ways that we have long taken for granted This set covers all significant dimensions of journalism such as print broadcast and Internet journalism U S and international perspectives and history technology legal issues and court cases ownership and economics The encyclopedia consists of signed entries from scholars experts and journalists **Mass Communications Research Resources** Christopher H. Sterling, James K. Bracken, Susan B. Hill, 2016-05-06 This reference book is designed as a road map for researchers who need to find specific information about American mass communication as expeditiously as possible Taking a topical approach it integrates publications and organizations into subject focused chapters for easy user reference The editors define mass communication to include print journalism and electronic media and the processes by which they communicate messages to their audiences Included are newspaper magazine radio television cable and newer electronic media industries Within that definition this volume offers an indexed inventory of more than 1 400 resources on most aspects of American mass communication history technology economics content audience research policy and regulation The material featured represents the carefully considered judgment of three experts two of them librarians plus four contributors from different industry venues The primary focus is on the domestic American print and electronic media industries Although there is no claim to a complete census of all materials on print journalism and electronic media what is available is now too vast for any single guide the most important and useful items are here The emphasis is on material published since 1980 though useful older resources are included as well Each chapter is designed to stand alone providing the most important and useful resources of a primary nature organizations and documents as well as secondary books and reports In addition online resources and internet citations are included where possible **Encyclopedia of Political Communication** Lynda Lee Kaid, Christina

Holtz-Bacha, 2008 Political communication began with the earliest studies of democratic discourse by Aristotle and Plato. However, modern political communication relies on an interdisciplinary base which draws on concepts from communication, political science, journalism, sociology, psychology, history, rhetoric, and others. This two-volume resource considers political communication from a broad interdisciplinary perspective encompassing the many different roles that communication plays in political processes in the United States and around the world. The Encyclopedia of Political Communication discusses the major theoretical approaches to the field, including direct and limited effects theories, agenda setting theories, sociological theories, framing and priming theories, and other past and present conceptualizations. With nearly 600 entries, this resource pays considerable attention to important political messages such as political speeches, televised political advertising, political posters, and print advertising; televised political debates; and Internet sites. The audiences for political communications are also central, necessitating concentration on citizen reactions to political messages, how the general public and voters in democratic systems respond to political messages, and the effects of all types of media and message types.

Key Features
Encompasses several channels of political communication, including interpersonal and public communication, radio, television, newspapers, and the World Wide Web. Provides news media coverage and journalistic analysis of politics, political issues, political figures, and political institutions. Concentrates on the field of political communication since the middle of the 20th century. Emphasizes political communication from the point of view of the United States, but there is substantial and important research and scholarship on political communication in international contexts. Considers the role of communication in governing, incorporating communication activities that influence the operation of executive, legislative, and judicial bodies, political parties, interest groups, political action committees, and other participants in political processes.

Key Themes
Biographies, Books, Films, Journals, Television, Democracy, Democratization, Education, and Nonprofit Organizations, Elections, Government Operations and Institutions, Legal and Regulatory Media, Events, Media Outlets and Programs, Role of Media in Political Systems, News Media Coverage of Politics, Political Affairs, Theoretical Approaches, Types of Political Media, Political Attitudes, Political Campaigns, Political Events, Political Groups and Organizations, Political Issues, Political Journalism, Theoretical Concepts, Women in Politics. The Encyclopedia of Political Communication is designed for libraries, undergraduates, and members of the public with an interest in political affairs. Media and political professionals, as well as government officials, lobbyists, and participants in independent political organizations, will find these volumes useful in developing a better understanding of how the media and communication function in political settings.

Troubling Transparency David E. Pozen, Michael Schudson, 2018-08-07

Today, transparency is a widely heralded value, and the U.S. Freedom of Information Act (FOIA) is often held up as one of the transparency movement's canonical achievements. Yet while many view the law as a powerful tool for journalists, activists, and ordinary citizens to pursue the public good, FOIA is beset by massive backlogs, and corporations and the powerful have

become adept at using it for their own interests Close observers of laws like FOIA have begun to question whether these laws interfere with good governance display a deleterious anti public sector bias or are otherwise inadequate for the twenty first century s challenges Troubling Transparency brings together leading scholars from different disciplines to analyze freedom of information policies in the United States and abroad how they are working how they are failing and how they might be improved Contributors investigate the creation of FOIA its day to day uses and limitations for the news media and for corporate and citizen requesters its impact on government agencies its global influence recent alternatives to the FOIA model raised by the emergence of open data and other approaches to transparency and the theoretical underpinnings of FOIA and the right to know In addition to examining the mixed legacy and effectiveness of FOIA contributors debate how best to move forward to improve access to information and government functioning Neither romanticizing FOIA nor downplaying its real and symbolic achievements Troubling Transparency is a timely and comprehensive consideration of laws such as FOIA and the larger project of open government with wide ranging lessons for journalism law government and civil society

Media Freedom and Contempt of Court Eric Barendt,2017-07-05 The essays discuss the restrictions imposed by contempt of court and other laws on media freedom to attend and report legal proceedings Part I contains leading articles on the open justice principle They examine the extent to which departures from that principle should be allowed to protect the rights of parties in particular the accused in criminal proceedings to a fair trial and their interest in being rehabilitated in society after proceedings have been concluded The essays in Part II examine the topical issue of whether open justice entails a right to film and broadcast legal proceedings The articles in Part III are concerned with the application of contempt of court to prejudicial media publicity they discuss whether it is possible to prevent prejudice without sacrificing media freedom Another aspect of media freedom and contempt of court is canvassed in Part IV whether journalists should enjoy a privilege not to reveal their sources of information

Press Law and Practice Article 19 (Organization),1993 3 Canada by Jan Bauer

The Presidentialization of Japanese Politics Masahiro Iwasaki,2023-04-14 Are we seeing the presidentialization of politics in Japan Certainly many recent prime ministers have demonstrated powerful leadership notably Junichiro Koizumi and Shinzo Abe While the phenomenon of presidentialization has been much discussed for years the Japanese case has not received much attention in the English language Iwasaki analyses the state of Japanese politics using the established analytical framework of presidentialization looking at leadership power resources leadership autonomy and the personalization of the electoral process and assesses the factors that have been claimed to lead to similar changes in other countries He argues that there are also unique variables that contribute to the presidentialization of Japanese politics Most notably the introduction of public subsidies to political parties and electoral reform in 1994 A valuable contribution to the global scholarship on presidentialization which will be of particular interest to scholars of Japanese politics

Regardless of Frontiers Agnes Callamard, Lee C. Bollinger,2021-02-09 The United Nations Universal Declaration of Human Rights in 1948

proclaimed a vision of freedom of expression exercised regardless of frontiers Nonetheless laws and norms regarding the freedom or limits of expression are typically established and understood at the national level In today's interconnected world newfound threats to free expression have suddenly arisen How can this fundamental right be secured at a global level This volume brings together leading experts from a variety of fields to critically evaluate the extent to which global norms on freedom of expression and information have been established and which actors and institutions have contributed to their diffusion The authors also consider ongoing and new challenges to these norms from conflicts over hate speech and the rise of populism to authoritarian governments as well as the profound disruption introduced by the internet Together the essays lay the groundwork for an international legal doctrine on global freedom of expression that considers issues such as access to government held information media diversity and political speech As the world risks renouncing previous commitments to the freedom of expression *Regardless of Frontiers* serves as a timely reminder of just how much is at stake and what needs protecting

Privacy in the New Media Age Jon L. Mills, 2015-03-03 Balancing personal dignity and first amendment concerns has become increasingly challenging in the new media age when for example bloggers have no editors and perhaps no moral restraints Unlimited and unrestricted internet speech has left thousands of victims in its wake most of them silenced after the media cycle moves on While the history of free speech and press has noble origins rooted in democratic theory how does society protect those who are harassed stalked and misrepresented online while maintaining a free society Jon Mills one of the nation's top privacy experts and advocates maps out this complex problem He discusses the need for forethought and creative remedies looking at solutions already implemented by the European Union and comparing them to the obsolete privacy laws still extant in the United States In his search for solutions Mills closely examines an array of cases some of them immediately recognizable because of their notoriety and extensive media coverage In a context of almost instantaneous global communications where technology moves faster than the law Mills traces the sharp edge between freedom of expression and the individual dignity that privacy preserves

Censorship and Silencing Robert Post, 1998 Censorship was once a predictable topic dividing liberals and conservatives down the middle on issues like obscenity and national security Today the debate over the regulation of speech offers no such easy dichotomy with feminists joining forces with religious fundamentalists to control pornography and abortion rights advocates seeking to restrict clinic demonstrations while prolife groups defend their freedom to picket Underlying this trend is a fundamental intellectual shift exemplified by the work of Michel Foucault that holds that the state is not the only agent of censorship The thirteen contributors here explore the topic of censorship from the viewpoint of numerous disciplines and viewpoints

Press Law In Modern Democracies A Comparative Study Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Press Law In Modern Democracies A Comparative Study**," compiled by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

Press Law In Modern Democracies A Comparative Study Introduction

In today's digital age, the availability of Press Law In Modern Democracies A Comparative Study books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Press Law In Modern Democracies A Comparative Study books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Press Law In Modern Democracies A Comparative Study books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Press Law In Modern Democracies A Comparative Study versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Press Law In Modern Democracies A Comparative Study books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Press Law In Modern Democracies A Comparative Study books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Press Law In Modern Democracies A Comparative Study books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated

to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Press Law In Modern Democracies A Comparative Study books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Press Law In Modern Democracies A Comparative Study books and manuals for download and embark on your journey of knowledge?

FAQs About Press Law In Modern Democracies A Comparative Study Books

1. Where can I buy Press Law In Modern Democracies A Comparative Study books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Press Law In Modern Democracies A Comparative Study book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
