Pretenders to the Throne William J. C. Amend, Jr.,2014-08-08 The Presidency of the United States has often been held by a handful of families the Adamses Roosevelts among others By this it might seem that Americans have subconsciously long wished for a king This novel develops the notion that we have always had one but have not known it yet In 2018 cataclysmic problems threaten America At this juncture a clandestine society formed by Federalists in 1795 known as PATRI realizes that desperate measures are needed It allies itself with European royalists to elect a third party president The tumultuous outcome proves more than Americans had bargained for

Impassioned Pretender Betsy Osborne,1984

The Star Scroll Melanie Rawn,2005-07-05 Second in the bestselling Dragon Prince series returns to a lush epic fantasy world replete with winged beasts power games of magical treachery and a realm of princedoms hovering on the brink of war Marvelous Anne McCaffrey When Rohan was crowned High Prince and his Sunrunner wife Sioned became High Princess they swore to keep the peace of the lands and preserve the secret of the dragons an inheritance they would one day pass on to their only child Pol heir to both princely and Sunrunner powers But the evil influence of the former High Prince Roelstra had not ended with his death at Rohan s hands And even as Pol grew to manhood other young men were being trained in the ways of war youths descended from Roelstra and claimed by Rohan s enemies as willing pawns in what could become a bloody battle for succession Yet not all players in these games of power fought merely with words or swords For now a foe vanquished by the Sunrunners ages ago was once again growing in strength an enemy determined to destroy Sunrunners and High Prince alike And the only hope of defeating these masters of dark sorcery lay in reclaiming the knowledge so carefully concealed in the long lost Star Scroll

The Scrolls of Apollonia Atlas Porter,2024-10-18 The Scrolls of Apollonia transform history into the stuff of legend and legend into the stuff of prophecy W A Roberts Time Is the Real Monster When it was first reported that a team of archaeologists had discovered cursed scrolls written in a time before history most scholars were skeptical to say the least The story is that a shepherd who while praying in a cave near the southern coast of Mygdonia found a bronze basket with seven large scrolls in it Not knowing what to make of his discovery he brought the basket to his pastor in Thessalonica Shortly thereafter both men ended up dead This was the first sign that there was something in this alluring basket of words that was not supposed to get out The first scroll of Apollonia tells the story of how a civil war became a world war and how a world war destroyed a magical land of immense art

and wealth where fairy tale lives were the norm and dreams were a reality The world was divided between the gods Apollo and Artemis who represented the Sun and Moon respectively When Dominique La Celeste the daughter of the Fletcher of Dantea fell in love with her enemy Rexel Lightborn the son of the Bowmaster of Apollonia the end of Time itself was set into motion Theirs is a timeless story of tragedy and betrayal that can only be described as monstrous Because of the calamities presented in these scrolls and the subsequent tragedies that have occurred since their rediscovery some audacious scholars continue to make the claim that these scrolls are cursed and that reading them could put one s life in peril Obviously claims such as these cannot be substantiated Nevertheless here is a warning if you do choose to read these scrolls please do so very carefully

Madden, 2006-09-29 Winner of the 2005 Otto Grundler Award the International Congress on Medieval Studies Between the eleventh and thirteenth centuries Venice transformed itself from a struggling merchant commune to a powerful maritime empire that would shape events in the Mediterranean for the next four hundred years In this magisterial new book on medieval Venice Thomas F Madden traces the city state s extraordinary rise through the life of Enrico Dandolo c 1107 1205 who ruled Venice as doge from 1192 until his death The scion of a prosperous merchant family deeply involved in politics religion and diplomacy Dandolo led Venice s forces during the disastrous Fourth Crusade 1201 1204 which set out to conquer Islamic Egypt but instead destroyed Christian Byzantium Yet despite his influence on the course of Venetian history we know little about Dandolo and much of what is known has been distorted by myth The first full length study devoted to Dandolo s life and times Enrico Dandolo and the Rise of Venice corrects the many misconceptions about him that have accumulated over the centuries offering an accurate and incisive assessment of Dandolo s motives abilities and achievements as doge as well as his role and Venice s in the Fourth Crusade Madden also examines the means and methods by which the Dandolo family rose to prominence during the preceding century thus illuminating medieval Venice s singular political social and religious environment Culminating with the crisis precipitated by the failure of the Fourth Crusade Madden s groundbreaking work reveals the extent to which Dandolo and his successors became torn between the anxieties and apprehensions of Venice s citizens and its escalating obligations as a Mediterranean power
