The German Urban Experience, 1900-1945 Anthony McElligott, 2001 This book provides a study of the social and cultural history of Germany through written visual and oral sources during this important period **The German Urban Experience** Anthony McElligott, 2013-06-17 No competition nothing in existence which looks at the phenomenon of the German city in the early 20th century Draws fascinating conclusions about the influence of the Nazis on the German city Includes a wide variety of source material including 94 illustrations Books on early 20th century Germany sell very well indeed **Preußen, Versuch einer Bilanz: Preußen, zur Sozialgeschichte eines Staates**, 1981 **Politics and Piety** David L. Ellis, 2017-04-03 In *Politics and Piety* The Protestant Awakening in Prussia 1816-1856 David L. Ellis analyzes the connections between political conservatism and Prussia's neo-Pietist religious revival especially in Brandenburg and Pomerania in the years surrounding the revolution of 1848 Awakened conservatives waged a cultural struggle against political and religious liberalism impacting the state church the outcome of the revolution and Prussia's controversial neutrality in the Crimean War Awakened leaders in their effort to recover and adapt a pre-Napoleonic order ironically modernized conservatism with individualistic rhetoric widely circulated newspapers and political organization *He is the Sun, She is the Moon* Heide Wunder, 1998 Renowned German social historian Heide Wunder refers to the cosmic image contained in the 1578 Book of Marital Discipline that characterizes the relationship between husband and wife Today He is the sun she is the moon might be interpreted as a hierarchy of dominance and subordination At the time it was used however sun and moon reflected the different but equal status of husband and wife Wunder shows how the history of women and the history of gender relations can provide crucial insights into how societies organize themselves and provide resources for political action She observes actual circumstances as well as the normative rules that were supposed to guide women's lives We learn what skills were necessary to take charge of households what people ate how they furnished their homes what birth control measures were available what role women played in peasant protest Wunder finds that in addition to the history of losses and setbacks for women observed by so many current interpreters there is a history of gains as well The regency of noble women was normal as was the shared responsibility of wife and husband in a peasant household an artisan's workshop or a merchant's business Using sources as diverse as memoirs wedding and funeral sermons novels and chronicles and including a wealth of demographic information Wunder reveals a surprising new image of early modern women and provides a richer interpretation of early modern Europe *Absolutistischer Staat und Schulwirklichkeit in Brandenburg-Preußen* Wolfgang Neugebauer, 2013-02-06 Keine ausführliche Beschreibung für Absolutistischer Staat und Schulwirklichkeit in Brandenburg Preußen verfügbar **Frederick the Great** Tim Blanning, 2016-03-29 The definitive biography of the legendary autocrat whose enlightened rule transformed the map of Europe and changed the course of history Few figures loom as large in European history as Frederick the Great When he inherited the Prussian crown in 1740 he ruled over a kingdom of scattered

territories a minor Germanic backwater By the end of his reign the much larger and consolidated Prussia ranked among the continent's great powers In this magisterial biography award winning historian Tim Blanning gives us an intimate in depth portrait of a king who dominated the political military and cultural life of Europe half a century before Napoleon A brilliant ambitious sometimes ruthless monarch Frederick was a man of immense contradictions This consummate conqueror was also an ardent patron of the arts who attracted painters architects musicians playwrights and intellectuals to his court Like his fellow autocrat Catherine the Great of Russia Frederick was captivated by the ideals of the Enlightenment for many years he kept up lively correspondence with Voltaire and other leading thinkers of the age Yet like Catherine Frederick drew the line when it came to implementing Enlightenment principles that might curtail his royal authority Frederick's terrifying father instilled in him a stern military discipline that would make the future king one of the most fearsome battlefield commanders of his day while deriding as effeminate his son's passion for modern ideas and fine art Frederick driven to surpass his father's legacy challenged the dominant German speaking powers including Saxony Bavaria and the Habsburg Monarchy It was an audacious foreign policy gambit one at which Frederick against the expectations of his rivals succeeded In examining Frederick's private life Blanning also carefully considers the long debated question of Frederick's sexuality finding evidence that Frederick lavished gifts on his male friends and maintained homosexual relationships throughout his life while limiting contact with his estranged unloved queen to visits that were few and far between The story of one man's life and the complete political and cultural transformation of a nation Tim Blanning's sweeping biography takes readers inside the mind of the monarch giving us a fresh understanding of Frederick the Great's remarkable reign Praise for Frederick the Great Writing Frederick's biography requires a diverse set of skills expertise in eighteenth century diplomatic and military history including the intricacies of the Holy Roman Empire a familiarity with the music architecture and intellectual traditions of Northern Europe and not least a profound sense of human psychology the better to grasp the makeup of this complex and tormented man Fortunately Tim Blanning has all of these skills in abundance The Wall Street Journal At once scholarly and highly readable Blanning has given us a superb portrait of an enlightened despot equally at home on the battlefield and in the opera house both utterly ruthless and culturally refined Commentary Blanning in clear thinking and prose investigates all aspects of Frederick's personality and reign The last word on this significant king for years to come Booklist starred review Masterly Blanning brilliantly brings to life one of the most complex characters of modern European history The Telegraph five stars A supremely nuanced account This biography finds Blanning at the height of his powers Literary Review
