## 6 Steps to Prevent a Fall

Every **11 seconds**, an older adult is seen in an emergency department for a fall-related injury. **Many falls are preventable.** Stay safe with these tips!

**1**

### Find a good balance and exercise program

Look to build balance, strength, and flexibility. Contact your local Area Agency on Aging for referrals. Find a program you like and take a friend.

**2**

### Talk to your health care provider

Ask for an assessment of your risk of falling. Share your history of recent falls.

**3**

### Regularly review your medications with your doctor or pharmacist

Make sure side effects aren't increasing your risk of falling. Take medications only as prescribed.

**4**

### Get your vision and hearing checked annually and update your eyeglasses

Your eyes and ears are key to keeping you on your feet.

**5**

### Keep your home safe

Remove tripping hazards, increase lighting, make stairs safe, and install grab bars in key areas.

**6**

### Talk to your family members

Enlist their support in taking simple steps to stay safe. Falls are not just a seniors' issue.

Children's Mental Health Research Kimberly Eaton Hoagwood, Peter S. Jensen, Mary McKay, Serene Olin, 2010-01-29 Research in children's mental health lags behind research for adults in part because it is intrinsically context bound Children are embedded in families in schools and in communities who have responsibility for their care Making research findings useful and ensuring that they are applied to improve the lives of children and families requires attention to these contexts This entails a process of collaboration with many partners teachers nurses healthcare providers church leaders neighborhood group directors and other community leaders The process of collaboration in children's mental health is complicated but the products that it yields have the potential to benefit both children and families This volume with the toolkit and casebook that it contains distills the process of collaboration into manageable steps and provides concrete examples of how researchers

have addressed specific challenges The premise of the book is that collaborative research in contrast to traditional research paradigms will yield findings that are more ethical valid and useful Highlighting the transformation of science from ivory tower theories to action oriented practices the editors offer practical advice for researchers and practitioners interested in using data to inform and transform children s mental health Concrete examples of projects that have involved community leaders and researchers provide an insider s guide to conducting successful collaborations that can yield better results than traditional top down research paradigms
