

Preventive Care For Elderly People

David C. Kennie

Preventive Care For Elderly People:

Preventive Care for Elderly People David C. Kennie,1993-10-28 This book examines the concepts of preventive care and health promotion specifically in the context of the elderly It adopts a broad concept of health and defines a number of goals around this theme Thereafter it provides a succinct up to the minute critique of the worth risks and costs of preventive care and health promotional strategies for older people A broad range of such strategies are considered including cancer prevention the prevention of non cancer health problems and strategies aimed at enhancing functional status and strengthening the social support network Principles for tailoring these strategies to the varied needs and wishes of elderly people are outlined Likewise practical measures are discussed for integrating these preventive strategies into the existing health care system In particular the role of screening case finding and targeting strategies in primary care are reviewed in detail The book concludes with a wider look at the cost implications of preventive care for the purchasers of health and health care services

Clinician's Handbook of Preventive Services,1994 **Clinician's Handbook of Preventive Services** DIANE Publishing Company,1995-10 A practical comprehensive reference on clinical preventive services screening tests for the early detection of disease immunizations prophylaxis counseling Concise discussions strategies for brief targeted preventive interventive actions in 60 short chapters Excellent for the practicing clinician a useful text for health professions students of all disciplines Tables Index [Guide to Clinical Preventive Services](#) U.S. Preventive Services Task Force,1996 *OECD Health Policy Studies Who Cares? Attracting and Retaining Care Workers for the Elderly* OECD,2020-06-22 This report presents the most up to date and comprehensive cross country assessment of long term care LTC workers the tasks they perform and the policies to address shortages in OECD countries It highlights the importance of improving working conditions in the sector and making care work more attractive and shows that there is space to increase productivity by enhancing the use of technology providing a better use of skills and investing in prevention *Guide to Clinical Preventive Services* DIANE Publishing Company,1997-03 An exhaustive report on recommended clinical preventive services that should be provided to patients in the course of routine clinical care including screening for vascular neoplastic and infectious diseases and metabolic hematologic ophthalmologic and ontologic prenatal and musculoskeletal disorders Also mental disorders and substance abuse counseling and immunization The majority of deaths below age 65 are preventable This Guide results from the most comprehensive evaluation and synthesis of preventive

interventions to date *The Guide to Clinical Preventive Services* ,2003 OECD Health Policy Studies Is Care Affordable for Older People? OECD,2024-10-29 With population ageing the demand for helping older people with daily activities so called long term care is set to increase across OECD countries by more than one third by 2050 Older people with long term care needs are more likely to be women 80 years old and above live in single households and have lower incomes than the average Currently across OECD countries publicly funded long term care systems still leave almost half of older people with care needs at risk of poverty particularly those with severe care needs and low income Out of pocket costs represent on average 70% of an older person s median income across the OECD This report suggests avenues to improve funding to make long term care systems better able to meet the demand for their services and suggests policy options to improve the targeting of benefits and seek efficiency gains to contain the costs of long term care Social Determinants of Health in Non-communicable Diseases Katsunori Kondo,2020-11-02 This book is open access under a CC BY NC ND 4 0 license This open access book is the first compilation that reviews a wide range of social determinants of health SDHs for non communicable diseases NCDs and healthy ageing in Japan With the highest life expectancy and the largest elderly population in the world Japan has witnessed health inequality by region and social class becoming more prevalent since the 2000s The first half of this volume describes in detail major NCDs such as cancers heart and kidney diseases diabetes stroke and metabolic syndrome The second half on the other hand explores various SDHs relating to healthy ageing All chapters review and focus on SDHs particularly health inequality associated with socio economic status and social capital which are widely addressed in the field of social epidemiology The book makes the argument that Health for All advocated by the WHO should be implemented based on social justice and benefits for the greater society Public health researchers and policymakers both in Japan and other nations will gain scientific evidence from this book to prepare for the coming era as ageing becomes a global issue
