The Prey of the Priest Catchers Leo Knowles,1980 **The Prey of the Priest Catchers** Leo Knowles,1980 Holy People of the World Phyllis G. Jestice,2004-12-15 A cross cultural encyclopedia of the most significant holy people in history examining why people in a wide range of religious traditions throughout the world have been regarded as divinely inspired The first reference on the subject to span all the world s major religions Holy People of the World A Cross Cultural Encyclopedia examines the impact of individuals who through personal charisma and inspirational deeds served both as glorious examples of human potential and as envoys for the divine Holy People of the World contains nearly 1 100 biographical sketches of venerated men and women Written by religious studies experts and historians each article focuses on the basic question How did this person come to be regarded as holy In addition the encyclopedia features 20 survey articles on views of holy people in the major religious traditions such as Islam Buddhism and African religions as well as 64 comparative articles on aspects of holiness and veneration across cultures such as awakening and conversion experiences heredity gender asceticism and persecution Whether exploring by religion culture or historic period this extensively cross referenced resource offers a wealth of insights into one of the most revealing and least explored common denominators of spiritual traditions **Robert Southwell and the Mission of Literature, 1561-1595** Scott R. Pilarz,2004 In this book Scott Pilarz explores how the literary legacy of Robert Southwell S J kept his voice alive after his hanging in 1595 The Elizabethan establishment viewed Southwell as a subversive and he has received only scant attention from scholars in the centuries since his death Pilarz restores the Jesuit poet to his rightful position of importance in literature and history showing how Southwell s works mark the point of convergence of aesthetic theological political and personal influences that determined the ethos of the period The study offers fresh insight into energies that shaped early modern culture and provokes more sophisticated and respectful analysis of religion in literature The Compact Edition of the Oxford English Dictionary Sir James Augustus Henry Murray,1971 Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933 *The Story of the Forty Martyrs* John Bate,1962 Lives of the English Martyrs ,1914 *The Story of the Forty Martyrs* John Bate (Author of "Don Bosco, the children's friend".),1962 *Fox's Book of Martyrs; Or A History of the Lives, Sufferings, and Triumphant - Deaths of the Primitive Protestant Martyrs* John Foxe,2016-08-26 This work is strictly what its title page imports a compilation Fox s Book of Martyrs has been made the basis of this volume Liberty however has been taken to abridge wherever it was thought necessary to alter the antiquated form of the phraseology to introduce additional information and to correct any inaccuracy respecting matters of fact which had escaped the author of the original work or which has been found erroneous by the investigation of modern research The object of this work is to give a brief history of persecution since the first introduction of christianity till the present time In doing this we have commenced with the martyrdom of Stephen and following the course of events have brought the History of persecution down to the year 1830

In all ages we find that a disposition to persecute for opinion s sake has been manifested by wicked men whatever may have been their opinions or sentiments on religious subjects The intolerant jew and the bigoted pagan have exhibited no more of a persecuting spirit than the nominal professor of christianity and the infidel and the avowed atheist Indeed it seems to be an inherent vice in unsanctified nature to endeavour by the pressure of physical force to restrain obnoxious sentiments and to propagate favourite opinions It is only when the heart has been renewed and sanctified by divine grace that men have rightly understood and practised the true principles of toleration We do not say that none but real christians have adopted correct views respecting civil and religious liberty but we affirm that these views owe their origin entirely to christianity and its genuine disciples
