God the Creator Ben C. Ollenburger,2023-04-18 Christians today are focused on two important creation topics how the world came to be and how we should care for it A highly respected Old Testament theologian recommends that before discussing these questions we focus on God the Creator and God s ongoing work in creation We should explore what the Bible tells us and let the text set the agenda for our reflections Combining his storytelling gift with rigorous biblical exegesis and deep reflection Ben Ollenburger describes the action of God the Creator as presented throughout the Old Testament He

shows how creation is about more than origins It is about God acting against the hostile forces of chaos that can be historical political and military About how God created a well ordered world and how human transgression ruptures God s relationship with humans and threatens creation About how God responds as Creator to those threats by disturbing and reordering the disorder bringing about what God intended a world ordered in the social political and natural realms that is characterized by the justice righteousness and peace required for human flourishing 1993 Mississippi River Floods Jen Green,2004-12-30

The mighty Mississippi River and its tributaries drain a huge part of the central United States After heavy rainfall throughout the spring of 1993 people living on the rivers held their breath as the waters rose When the rivers broke their banks the floods covered large parts of nine states and left more than seventy thousand people homeless It was one of the worst disasters in American history Book jacket **The Emerald Mile** Kevin Fedarko,2014-07 The epic story of the fastest boat ride in history on a hand built dory named the Emerald Mile through the heart of the Grand Canyon on the Colorado river
