Ritualized Homosexuality In Melanesia

Anne Bolin, Patricia Whelehan

Ritualized Homosexuality In Melanesia:

Ritualized Homosexuality in Melanesia Gilbert H. Herdt, 1993-01-28 This book marks the first time that anthropologists systematically studies cross cultural variation in homosexual behavior in a non Western culture area Gilbert Herdt has provided a substantial new introduction for the paperback edition Ritualized Homosexuality in Melanesia Gilbert H. Herdt, 2023-04-28 This book contains the work of seven leading anthropologists on the subject of ritualized homosexuality and it marks the first time that anthropologists have systematically studied cross cultural variations in homosexual behavior in a non Western culture area The book as a whole indicates that contemporary theories of sex and gender development need revision in light of the Melanesian findings This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1984 This book contains the work of seven leading anthropologists on the subject of ritualized homosexuality and it marks the first time that anthropologists have systematically studied cross cultural variations in homosexual behavior in a non Western culture Many Faces Of Homosexuality: Anthropological Approaches To Homosexual Evelyn Blackwood, 2019-08-22 This groundbreaking book examines the diverse manifestations of homosexuality in various historical periods and non Western cultures The distinguished authors examine Kimam male ritualized homosexual behavior Mexican homosexual interaction in public contexts male homosexuality and spirit possession in Brazil and much more Same-Sex Cultures and Sexualities Jennifer Robertson, 2008-04-15 This book demonstrates the centrality of sex gender and sexuality to theories of human behaviors and practices Moves beyond other lesbian and gay studies readers by presenting a broader view of the significance of studying same sex cultures and sexualities across cultures Offers readings from all four subfields of anthropology cultural biological linguistic and archaeological along with historical and applied anthropology Includes discussion of biotechnology and bioethics health and illness language ethnicity identity politics post colonialism kinship development and policymaking **Gender and Kinship** Jane Fishburne Collier, Sylvia Junko Yanagisako, 1987 A Stanford University Press classic *The Nature of Homosexuality* Erik Holland, 2004-11 Some biological correlates of homosexuality can be dismissed with little difficulty but others are hard to explain away Some specific family environments and childhood experiences have been reported as more common among homosexuals than heterosexuals Homosexual behaviors or interests tend to be unstable in some individuals and this has been interpreted as suggesting that some people chose to be homosexual Additionally homosexuality in some contexts was socially tolerated and not extremely uncommon as in classical Greece Tokugawa Japan and some other societies i e homosexuality could be socially constructed Given diverse potential sources of homosexuality is a parsimonious explanation of what makes one a homosexual possible Across The Boundaries Of Belief Morton Klass, 2018-02-20 This book focuses on

anthropological questions and methods and is offered as a supplement to textbooks on the anthropology of religion It is designed to help students collecting and interpreting their own fieldwork or archival data and relating their findings to the work of others

Sexuality and the Devil Edward J. Tejirian, 2016-06-10 At the time of publication our understanding of sexuality relied heavily on biology and also on morality as was particularly evident when homosexuality and bisexuality were discussed In this title originally published in 1990 the author presents a compelling case for viewing the sexual dimension of life through an understanding of its symbols The potent figure of the devil serves as his avenue of approach In the first part of the book the author presents a detailed case history of a young man who began psychoanalytic therapy with him because of a terrifying conviction that he could be possessed by the devil In the course of therapy it emerged that the devil had entered into his consciousness as a vehicle to express a complex of homosexual wishes and fears that were deeply troubling to a man whose life history had been entirely heterosexual The author argues that the assumptions about male psychology that came to pervade psychoanalytic theory after Freud's death could not account for the nature of this young man's conflicts or for the outcome of the analysis In the second part of the book the author cites historical and anthropological data to demonstrate that the depth and breadth of male psychology extend beyond the limits of what was considered normal by the neoconservative theorists who revised Freud's theories to exclude his ideas about bisexuality Rejecting the reduction of sexuality to biology the author asserts that sexuality can be properly regarded as symbolic in the same way that meaningful works of art and rituals are symbolic The power of sexual images and actions comes from their ability to combine important meaning with intensely felt emotion Finally the author examines the way in which culture affects sexuality through its control of consciousness and its influence on what kinds of sexual symbols may be utilized and what kinds of meanings they may express

Race and Redemption Jane Samson, 2017-11-06 *Race and Redemption* is the latest volume in the *Studies in the History of Christian Missions* series which explores the significant yet sometimes controversial impact of Christian missions around the world In this historical examination of the encounter between British missionaries and people in the Pacific Islands Jane Samson reveals the paradoxical yet symbiotic nature of the two stances that the missionaries adopted othering and brothering She shows how good and bad intentions were tangled up together and how some blind spots remained even as others were overcome Arguing that gender was as important a category in the story as race Samson paints a complex picture of the interactions between missionaries and native peoples and the ways in which perspectives shaped by those encounters have endured

Echoes of the Tambaran Paul Roscoe, David Lipset, 2011-10-01 In the Sepik Basin of Papua New Guinea ritual culture was dominated by the Tambaran a male tutelary spirit that acted as a social and intellectual guardian or patron to those under its aegis as they made their way through life To Melanesian scholarship the cultural and psychological anthropologist Donald F Tuzin was something of a Tambaran a figure whose brilliant and fine grained ethnographic project in the Arapesh village of Ilahita was immensely influential within and beyond New Guinea anthropology Tuzin died in 2007 at

the age of 61 In his memory the editors of this collection commissioned a set of original and thought provoking essays from eminent and accomplished anthropologists who knew and were influenced by his work They are echoes of the Tambaran The anthology begins with a biographical sketch of Tuzin s life and scholarship It is divided into four sections each of which focuses loosely around one of his preoccupations The first concerns warfare history the male cult and changing masculinity all in Melanesia The second addresses the relationship between actor and structure Here the ethnographic focus momentarily shifts to the Caribbean before turning back to Papua new Guinea in essays that examine uncanny phenomena narratives about childhood and messianic promises The third part goes on to offer comparative and psychoanalytic perspectives on the subject in Fiji Bali the Amazon as well as Melanesia Appropriately the last section concludes with essays on Tuzin s fieldwork style and his distinctive authorial voice *Third Sex, Third Gender* Gilbert Herdt, 2020-10-27 Most modern discussions of the relationship of biological sex to gender presuppose that there are two genders male and female founded on the two biological sexes But not all cultures share this essentialist assumption and even Western societies have not always embraced it Bringing together historical and anthropological studies *Third Sex Third Gender* challenges the usual emphasis on sexual dimorphism and reproduction providing a unique perspective on the various forms of socialization of people who are neither male nor female The existence of a third sex or gender enables us to understand how Byzantine palace eunuchs and Indian hijras met the criteria of special social roles that necessitated practices such as self castration and how intimate and forbidden desires were expressed among the Dutch Sodomites in the early modern period the Sapphists of eighteenth century England or the so called hermaphrodite homosexuals of nineteenth century Europe and America By contextualizing these practices and by allowing these bodies meanings and desires to emerge *Third Sex Third Gender* provides a new way to think about sex and gender systems that is crucial to contemporary debates within the social sciences

Foreign Bodies Alphonso Lingis, 2014-06-11 *Foreign Bodies* analyzes how our culture elaborates for us the bodies we have by natural evolution Calling on the new means contemporary thinkers have used to understand the body Alphonso Lingis explores forms of power pleasure and pain and libidinal identity The book contrasts the findings of theory with the practice of the body as formulated in quite different kinds of language the language of plastic art the artwork body builders make of themselves biography anthropology and literature Lingis explains how we experience our own powers of perception our postures attitudes gestures and purposive action how our susceptibility to pain and excitability by pleasure acquiesce in and resist the ways they are identified and manipulated today how cultures code our sensuality with phallic and with fluid identities how others dress appeals to and puts demands on us *Bisexuality: A Critical Reader* Merl Storr, 2013-04-03 *Bisexuality A Critical Reader* presents the essential primary texts on bisexuality from the last 100 years in an easy to read format Exploring this often controversial concept from a range of perspectives this book places bisexuality in its historical and cultural context and explores its many meanings and uses Merl Storr s introductions give a straightforward overview of

the texts included and sets them clearly in the context of debates on bisexuality This collection includes pieces by Henry Havelock Ellis Sigmund Freud Alfred C Kinsey Wardell B Pomeroy and Clyde E Martin and H I n Cixous *Thicker Than Water* Melissa Meyer,2014-02-04 Blood is more than a fluid solution of cells platelets and plasma It is a symbol for the most basic of human concerns life death and family find expression in rituals surrounding everything from menstruation to human sacrifice Comprehensive in its scope and provocative in its argument this book examines beliefs and rituals concerning blood in a range of regional and religious contexts throughout human history Meyer reveals the origins of a wide range of blood rituals from the earliest surviving human symbolism of fertility and the hunt to the Jewish bris and the clitoridectomies given to young girls in parts of Africa The book also explores how cultural practices influence gene selection and makes a connection with the natural sciences by exploring how color perception influences the human proclivity to create blood symbols and rituals

Genealogies for the Present in Cultural Anthropology Bruce M. Knaft,2013-09-13 In the wake of tensions between modern and postmodern sensibilities what larger directions now emerge in cultural anthropology In this major work Bruce Knaft takes stock of important recent initiatives in cultural and critical theory By combining critical reviews and ethnographic engagements with fresh readings of major figures and approaches the work develops a larger vantage point for considering the dispersing influence of practice theories postmodernism cultural studies postcolonial studies modern post positive feminism and multicultural criticisms

Out in Theory Ellen Lewin,William Leap,2002-07-29 A companion volume to Lewin and Leap s *Out in the field* this study presents lesbian and gay anthropology as a distinct specialization and addresses the theoretical issues that define the emerging field The essays detail the scholarly personal and political factors that affected the emergence of lesbian and gay anthropology they define the lesbian and gay anthropology s scope and subject matter and consider how feminist anthropology helped define the field and how transgendered experience queer theory race and class studies are promoting a new direction of inquiry

Bisexualities and AIDS Peter Aggleton,2003-12-16 First published in 1996 Routledge is an imprint of Taylor Francis an informa company

Human Sexuality Anne Bolin,Patricia Whelehan,2009-09-10 Human Sexuality Biological Psychological and Cultural Perspectives is a unique textbook that provides a complete analysis of this crucial aspect of life around the world Utilizing viewpoints across cultural and national boundaries and deftly weaving evolutionary and psychological perspectives Bolin and Whelehan go beyond the traditional evolution and primatology to address cross cultural and contemporary issues as well as anthropological contributions and psycho social perspectives Taking into account the evolution of human anatomy sexual behavior attitudes and beliefs this far reaching text goes beyond what is found in traditional books to present a wide diversity of beliefs attitudes and behaviors found globally In addition to providing a rich array of photographs illustrations tables and a glossary of terms this extraordinary textbook explores pregnancy and childbirth as a bio cultural experience life course issues related to gender identity sexual orientations behaviors and lifestyles socioeconomic political historical and ecological

influences on sexual behavior early childhood sexuality puberty and adolescence birth control fertility conception and sexual differentiation HIV infection AIDS AIDS globalization and sex work Fusing biological socio psychological and cultural influences to offer new perspectives on understanding human sexuality its development over millions of years of evolution and how sexuality is embedded in specific socio cultural contexts this is the text for educators and students who wish to understand human sexuality in all of its richness and complexity **The Role of Theory in Sex Research** John

Bancroft,2000 Attempting to bridge the epistemological gaps between positivist and postmodern approaches to theoretical models of sexual behavior this book brings together essays and discussion by scholars representing a range of viewpoints and contrasting theoretical approaches The essays examine four areas sexuality through the life cycle sexual orientation individual differences in sexual risk taking and adolescent sexual behavior **A Companion to Gender Studies** Philomena Essed,David Theo Goldberg,Audrey Kobayashi,2009-03-16 A Companion to Gender Studies presents a unified and comprehensive vision of its field and its new directions It is designed to demonstrate in action the rich interplay between gender and other markers of social position and dis privilege such as race class ethnicity and nationality Presents a unified and comprehensive vision of gender studies and its new directions injecting a much needed infusion of new ideas into the field Organized thematically and written in a lucid and lively fashion each chapter gives insightful consideration to the differing views on its topic and also clarifies each contributor s own position Features original contributions from an international panel of leading experts in the field and is co edited by the well known and internationally respected David Theo Goldberg
