Carnival Milla Cozart Riggio, 2004-10-14 This beautifully illustrated volume features work by leading writers and experts on carnival from around the world and includes two stunning photo essays by acclaimed photographers Pablo Delano and Jeffrey Chock Editor Milla Cozart Riggio presents a body of work that takes the reader on a fascinating journey exploring the various aspects of carnival its traditions its history its music its politics and prefaces each section with an illuminating essay Traditional carnival theory based mainly on the work of Mikhail Bakhtin and Victor Turner has long defined carnival as inversive or subversive The essays in this groundbreaking anthology collectively reverse that trend offering a re definition of carnival that focuses not on the hierarchy it temporarily displaces or negates but a one that is rooted in the actual festival event Carnival details its new theory in terms of a carnival that is at once representative and distinctive The Carnival of Trinidad the most copied yet least studied major carnival in the world *Frankie McIntosh and the Art of the Soca Arranger* Frankie McIntosh, Ray Allen, 2024-10-23 Soca music an offspring of older Trinidadian calypso emerged in the late 1970s and is now recognized as one of the English speaking Caribbean s most distinctive styles of popular vocal music Frankie McIntosh and the Art of the Soca Arranger tells a story of Caribbean music in the diaspora through the eyes and ears of a pioneering soca arranger A fascinating collaboration between Frankie McIntosh and music scholar Ray Allen this cowritten memoir places the music arranger at the center of several overlapping narratives of immigration and musical diaspora The book begins with McIntosh s personal voyage from Saint Vincent to Brooklyn and his efforts to hammer out a career in music while raising a family in his newly adopted home His immigrant tale is intertwined with his musical journey from popular Caribbean dance bands through formal studies in Western classical music and jazz to his work as a gigging jazz pianist and calypso soca arranger Along the way he embraced the varied musics of New York s African American and West Indian communities working with such iconic calypsonians as the Mighty Sparrow Lord Kitchener Calypso Rose and Alston Becket Cyrus His story provides a unique lens for viewing Brooklyn Carnival music and brings into focus the borough s rise to prominence as the transnational hub of the soca music industry in the 1980s An alternative to traditional scholarship that tends to focus on calypso and soca singers this work explores the instrumental dimensions of the art form through the life and music of one of the most celebrated soca arrangers and keyboardists of all time **Chocolate Surrealism** Njoroge M. Njoroge, 2016-06-16 In Chocolate Surrealism Njoroge M Njoroge highlights connections among the production performance and reception of popular music at critical historical junctures in the late nineteenth and twentieth centuries The author sifts different origins and styles to place socio musical movements into a larger historical framework Calypso reigned during the turbulent interwar period and the ensuing crises of capitalism The Cuban rumba son complex enlivened the postwar era of American empire Jazz exploded in the Bandung period and the rise of decolonization And lastly Nuyorican Salsa coincided with the period of the civil rights movement and the beginnings of black brown power Njoroge illuminates musics of the

circum Caribbean as culturally and conceptually integrated within the larger history of the region He pays close attention to the fractures fragmentations and historical particularities that both unite and divide the region s sounds At the same time he engages with a larger discussion of the Atlantic world Njoroge examines the deep interrelations between music movement memory and history in the African diaspora He finds the music both a theoretical anchor and a mode of expression and representation of black identities and political cultures Music and performance offer ways for the author to re theorize the intersections of race nationalism and musical practice and geopolitical connections Further music allows Njoroge a reassessment of the development of the modern world system in the context of local popular responses to the global age The book analyzes different styles times and politics to render a brief history of Black Atlantic sound The Last "Darky" Louis Chude-Sokei,2006-01-16 Examines the use of Africa as a figure in the Harlem Renaissance and looks at the place of that movement within a wider Black modernism Tropical Aesthetics of Black Modernism Samantha A. detailed description of the social economic and political conditions that have encouraged and sometimes discouraged musical and cultural creativity in Guyana The book contributes to the study of the interactions between the policies and practices by national governments and musical communities in the Caribbean Vibert C Cambridge explores these interactions in Guyana during the three political eras that the society experienced as it moved from being a British colony to an independent nation The first era to be considered is the period of mature colonial governance guided by the dictates of new imperialism which extended from 1900 to 1953 The second era the period of internal self government and the preparation for independence extends from 1953 the year of the first general elections under universal adult suffrage to 1966 the year when the colony gained its political independence The third phase 1966 to 2000 describes the early postcolonial era Cambridge reveals how the issues of race class gender and ideology deeply influenced who in Guyanese multicultural society obtained access to musical instruction and media outlets and thus who received recognition He also describes the close connections between Guyanese musicians and Caribbean artists from throughout the region and traces the exodus of Guyanese musicians to the great cities of the world a theme often neglected in Caribbean studies The book concludes that the practices of governance across the twentieth century exerted disproportionate influence in the creation production distribution and consumption of music
