## **River City A History Of Campbell River And The Discovery Islands:**

*River City* Jeanette Taylor, 1999 Campbell River stretching along the benchland of Discovery Passage on the east Coast of Vancouver Island is the hub of the island's north and the surrounding islands and inlets. Internationally renowned as a sports fishing destination acclaimed for the size and quality of its salmon and for the wild beauty of its surroundings, the area draws tens of thousands of tourists each year. The modern Campbell River with a population of 30,000 carries only faint hints of its rustic beginnings as logging and fishing village and even fewer traces of its ancient roots as a First Nations fishing community. Jeanette Taylor, a longtime resident and local historian, delves deeply into the area's history to deliver a fascinating insider's account of the people who have melded their skills and souls with the bold, brash, richly endowed landscape of Campbell River and the Discovery Islands. Taylor follows the Lekwiltok peoples from their migration south to Campbell River's fishing grounds through to first contact and the ensuing struggle for cultural and economic survival. She documents the indomitable first settlers of the area whose vision and determination set the tone for the area's future growth, including Fred Nunns who paddled up the coast from Comox with a piano straddling two canoes, businessman W. E. Anderson who made his fortune in the Yukon Gold Rush and expanded it by investing in the Quathiaski Canning Company, and a host of other Native people, loggers, fishermen, daredevils, and pioneering men, women, and children. They left their indelible stamp on Campbell River through the Great Depression, two World Wars, and the astounding postwar boom in traditional industries, sport fishing, and tourism. The vision and vigour of the area's first settlers can be seen in Campbell River citizens of the nineties. The resource industries that generated its first wave of expansion have declined, but Campbell River is standing firm, looking to the new millennium with optimism as the ecotourism trade develops and restoration and revitalization breathe new life into the community. A riveting saga as well as an important historical record, *River City* comes from a writer who knows and loves the area's history and who brings fresh insights into life and work along the Discovery Coast. **Tidal**

**Passages** Jeanette Taylor, 2008 At the north end of British Columbia's great inland sea is a scatter of islands known as the Discovery Islands. Read Cortes, Sonora, Maurelle, Hardwicke, Stuart, Redonda, and Thurlow Islands are now sparsely populated but once bristled with activity. Jeanette Taylor brings the islands back to life with a colorful pageant that is quintessentially coastal: potlatches, longhouses, stumpranchers, beachcombers, seagoing missionaries, and isolation that brought out the worst in some people and the best in others. Following the Curve of Time Cathy Converse, 2011-02-01 Cathy Converse has given us a welcome commentary on Capi Blanchet and her world, one that enriches our understanding of both. The Tyee, a paperback edition of the BC Book Award-nominated biography of Capi Blanchet, the author of the BC coastal classic *The Curve of Time*. After her husband died in 1926 from a suspected drowning, Capi Blanchet spent every summer cruising BC's west coast with her five children and their dog in the family's 25-foot boat. *The Curve of Time* is the book Capi wrote chronicling these adventures, and it remains a bestseller and a classic in the annals of nautical literature. But little is known

about the rest of her life Cathy Converse found herself asking who was this skipper this mother this writer In this biography Converse offers insiders recollections of this enigmatic woman along with family photos and updated information about the villages inlets and islands described in *The Curve of Time* Following the Curve of Time is essential reading for anyone who has ever been captivated by the book the West Coast or Capi herself **Along the E&N** Glen A. relations on Vancouver Island pimping and violence in northern BC and the triumph of the coddling moth over Okanagan orchardists to show that a narrow emphasis on resource extraction capitalist labour relations and urban society is simply not broad enough to adequately describe those who populated the province's history.
