writer Philip Gerard invites readers onto the fabled waters of the Cape Fear River and guides them on the 200 mile voyage from the confluence of the Deep and Haw Rivers at Mermaid Point all the way to the Cape of Fear on Bald Head Island. Accompanying the author by canoe and powerboat are a cadre of people passionate about the river among them a river guide a photographer a biologist a river keeper and a boat captain. Historical voices also lend their wisdom to our understanding of this river which has been a main artery of commerce culture settlement and war for the entire region since it was first discovered by Verrazzano in 1524. Gerard explores the myriad environmental and political issues being played out along the waters of the Cape Fear. These include commerce and environmental stewardship wilderness and development suburban sprawl and the decline and renaissance of inner cities and private rights versus the public good. *The Land's Wild Music* Mark Tredinnick, 2011-04-14. *The Land's Wild Music* explores the home terrains and the writing of four great American writers of place: Barry Lopez, Peter Matthiessen, Terry Tempest Williams, and James Galvin. In their work and its relationship with their home places, Tredinnick, an Australian writer, searches for answers to such questions such as whether it's possible for a writer to make an authentic witness of a place, how one captures the landscape as it truly is, and how one joins the place in witness so that its lyric becomes one's own and enters into one's own work. He asks what it might mean to enact an ecological imagination of the world and whether it might be possible to see the work and the writer as part of the place itself. The work is a meditation on the nature of landscape and its power to shape the lives and syntax of men and women. It is animated by the author's encounters with Lopez, Matthiessen, Williams, and Galvin by critical readings of their work and by the author's engagement with the landscapes that have shaped these writers and their writing: the Cascades, Long Island, the Colorado Plateau, and the high prairies of the Rocky Mountains. Tredinnick seeks the spring of nature writing deep in the nature of a place itself, carried in a writer's wild self inside and resonated over and over again at the desk until it is a work in which the place itself sings. *Billy Watson's Croker Sack* Franklin Burroughs, 1998-02-01. In South Carolina, a croker sack is any big cloth sack. When opened, it sometimes reveals more than expected, as do these deceptively simple narratives about fishing trips, flora and fauna, and memories of the past. Observing a snapping turtle, recounting the old age and death of a hunting dog, or talking with neighbors who shot a moose and hung it in their garage, Franklin Burroughs reflects on how human and natural histories interconnect. His writing is clear and still as a pond, and his distinctive and evocative voice resonates through the details. *South Carolina's Lowcountry* Anthony Chibbaro, 1999-09. Known for its unique beauty and complex history, South Carolina's Lowcountry is one of the South's and the country's most fascinating regions. A wonderful blend of picturesque coastlines, expansive marshes, mysterious swamps, and verdant landscapes, the Lowcountry has played a vital role in our nation's history from its importance as a port in colonial times to its strategic location during the American Revolution to its most famous landmark, Fort Sumter, the incendiary starting point of the Confederacy's struggle for secession. In this volume, you will explore this region as never before through a rare collection of stereoscopic images. Also called

stereoviews these twin images were made by an early photographic technique which allowed the viewer to experience a vibrant and intriguing three dimensional effect South Carolina s Lowcountry has reproduced one side of each stereoscopic pair in order to facilitate an easier reading and viewing experience which will allow you to take a visual journey through the defenses of Forts Sumter and Moultrie to see both Confederate and Union soldiers posing in their camps by cannon and upon ironclads to walk through the rubble of a war torn Charleston and then observe the dramatic changes of the cityscapes in both the Holy City and Beaufort by the turn of the century to stroll down a plantation s traditional avenue of live oaks under the peaceful sway of Spanish moss and to meet a variety of Lowcountry inhabitants at their homes and at work

South Barney Heyward was also the father of South Carolina governor Duncan Clinch Heyward author of *Seed from Madagascar* the definitive account of the rice kingdom's final stand a generation later Edited by Margaret Belser Hollis and Allen H Stokes the Heyward family correspondence from this transformational period reveals the challenges faced by a once successful industry and a once opulent society in the throes of monumental change During the war Barney Heyward served as a lieutenant in the engineering division of the Confederate army but devoted much of his time to managing affairs at his plantations near Columbia and Beaufort His letters chronicle the challenges of preserving his lands and maintaining control over the enslaved labor force essential to his livelihood and his family's fortune The wartime letters also provide a penetrating view of the Confederate defense of coastal South Carolina against the Union forces who occupied Beaufort District In the aftermath of the conflict Heyward worked with only limited success to revive planting operations In addition to what these documents reveal about rice cultivation during tumultuous times they also convey the drama affections and turmoil of life in the Heyward family from Barney's increasingly difficult relations with his father Charles Heyward to his heartfelt devotion to his wife the former Catherine Tat Maria Clinch and their children *Twilight of the South Carolina Rice Fields* also features an introduction by noted economic historian Peter A Coclanis that places these letters and the legacy of the Heyward family into a broader historical context
