Where the River Burned David Stradling,Richard Stradling,2015-05-07 In the 1960s Cleveland suffered through racial violence spiking crime rates and a shrinking tax base as the city lost jobs and population Rats infested an expanding and decaying ghetto Lake Erie appeared to be dying and dangerous air pollution hung over the city Such was the urban crisis in the Mistake on the Lake When the Cuyahoga River caught fire in the summer of 1969 the city was at its nadir polluted and impoverished struggling to set a new course The burning river became the emblem of all that was wrong with the urban environment in Cleveland and in all of industrial America Carl Stokes the first African American mayor of a major U S city had come into office in Cleveland a year earlier with energy and ideas He surrounded himself with a talented staff and his administration set new policies to combat pollution improve housing provide recreational opportunities and spark downtown development In *Where the River Burned* David Stradling and Richard Stradling describe Cleveland s nascent transition from polluted industrial city to viable service city during the Stokes administration The story culminates with the first Earth Day in 1970 when broad citizen engagement marked a new commitment to the creation of a cleaner more healthful and appealing city Although concerned primarily with addressing poverty and inequality Stokes understood that the transition from industrial city to service city required massive investments in the urban landscape Stokes adopted ecological thinking that emphasized the connectedness of social and environmental problems and the need for regional solutions He served two terms as mayor but during his four years in office Cleveland s progress fell well short of his administration s goals Although he was acutely aware of the persistent racial and political boundaries that held back his city Stokes was in many ways ahead of his time in his vision for Cleveland and a more livable urban America

With Distance in His Eyes Scott Raymond Einberger,2018-04-16 One of America s most significant architects of conservation and the environment Stewart Udall comes to life in this environmental biography Perhaps no other public official or secretary of the interior has ever had as much success in environmental protection natural resource conservation and outdoor recreation opportunity creation as Udall A progressive Mormon born and raised in rural Arizona Udall served as the U S Secretary of the Interior under the presidential cabinets of John F Kennedy and Lyndon Baines Johnson from 1961 1969 During these eight years he established dozens of new national park units and national wildlife refuges wrote the Endangered Species Preservation Act lobbied for unpolluted water and offered ways to beautify urban spaces and bring the impoverished out of poverty Later in life he continued as an advocate for conservation and the environment specifically by proposing solutions to the challenges associated with global warming and the widespread use of oil What can we learn from this farsighted individual In a day and age of partisan politics poor congressional approval ratings and global warming and climate change this captivating biography offers a profound and historical record into Udall s life

long devotion to environmental issues he cared about most deeply issues more relevant today than they were then Intimate moments include Udall s learning of the Kennedy assassination his push for civil rights for African Americans his meeting in the U S S R with Nikita Khrushchev the first Kennedy cabinet member to do so and his warnings about global warming 50 years prior to Al Gore s Nobel Prize winning film Cleveland Harbor Navigation Project ,1978 Toxic Chemicals in America Kelly A. Tzoumis,2020-12-02 This one stop resource is ideal for understanding the extent to which toxic chemicals are used in U S industry and agriculture impacting public health and the environment through everything from industrial solvents to children s toys Every year about 4 billion pounds of toxic chemicals are generated and released by U S industries Do these chemicals pose a potential health threat to American families including vulnerable groups like children and the elderly Is their manufacture and use adequately regulated to protect both human and environmental health Is the Chemical Safety for the 21st Century Act signed in June 2016 by President Barack Obama with bipartisan support truly the first major overhaul of toxic chemical regulation in 40 years to put human health first as its supporters asserted Or is it a fatally flawed bill that does the bidding of industry by undermining strong state environmental and public health laws as some detractors claim This two volume set addresses all of those questions Moreover it presents and examines arguments marshaled by business interests community leaders scientists activists and lawmakers alike It thus provides users with the information they need to accurately assess the impacts pro and con that industrial chemicals are having in shaping the world in which we work eat drink breathe and play United States Code United States,2008
