Lindsay,2018-03-21 Have you ever wondered how it is that we find ourselves on this tiny blue planet called Earth Is Earth the only lucky planet in our universe to harbor intelligent life How did that first speck of life materialize If you cant swallow the argument that it was just dumb luck then you may enjoy reading this pithy little book You will be amazed how the big bang theory scientific chronology of the fossil record and the adaptive radiation of lineages are in harmony with the Creation story in Genesis The Ancient River of Eden also touches on questions such as If there is a loving all seeing all powerful Creator why are there so many troubles in this world and What does he care if de land aint free O man river Dat ol man river He mus know sumpin but dont say nuthin The author shares some of his personal life experiences and gives a brief account of his coming to know the Lord connecting with Holy Spirit The book is sprinkled with references to the Old and New Testaments Jewish leaders demanded the crucifixion of Jesus only after Jesus clearly stated that he was indeed God John 18 36 and John 20 289 It is impossible for the human mind to technically grasp this supernatural occurrence called Immanuel but God did create both the natural dimension and a supernatural dimension in our universe After reading this book and exploring the ideas presented it is the authors hope that you will no longer be a doubting Thomas     The book of English rivers, an account of the rivers of England and Wales Samuel Lewis,1855     **The Rivers of Cumbria** Beth & Steve Pipe,2023-11-15 A fascinating exploration of ten Cumbrian rivers highlighting the heritage wildlife and locations along the way     **The Book of English Rivers. **The Return of Nephilim** Alan Dean Paul, 2017-02-21 Economic turmoil rising crime and unrest thrive in the news When it comes to surviving disaster remember the parable of ten virgins Matthew 25 1 13 Five virgins were prepared and five were not There are people behind problems the world is facing today Problems just do not arise Elites use orchestrated problems to justify legislation that pushes their agenda An influential cabal of elite wants you to believe in a business cycle nations rise and fall naturally and a strong central government is essential for society to function People accept the world as being helpless without their elites keeping the wheels of progress moving Ask yourself Who really has kept the wheels of progress moving Who were the people that benefitted humanity Then ask yourself What institution has been responsible for the slaughter of millions or perhaps billions in history When you do it becomes clear that our elites control history and manipulate the masses They want you to think government the institution they work to influence most is necessary There is a way out The people who hold the secrets of the kingdom Luke 8 10 are still alive and flourishing However they need to wake up from their slumber and push back against the forces seeking their genocide Freeing themselves from the genocide of multiculturalism will free themselves from invaders and traitors who seek to ruin them and rule God's kingdom the kingdom from which they hold the secrets
