Few if any 20th century warships were more justly acclaimed than the destroyers of the U S Navy s Fletcher class Admired as they were for their advanced and rakish design it was their record as workhorses of the Pacific War that placed them among the most battle tested and successful fighting ships of all time This title describes the Fletchers and their Allen M Sumner and Gearing class derivatives their machinery armament and construction with a listing of all 343 ships by hull number and builder It features an operational history of the 287 ships commissioned during World War II which traces the evolution of night surface action tactics in the Solomon Islands and the parallel development of the Combat Information Center the drive across the Pacific and liberation of the Philippines with tables showing the rapid introduction of new squadrons and the radar pickets climactic stand against kamikaze aircraft at Okinawa With summaries of losses and decorations and specially commissioned artwork this is a definitive book on the wartime US destroyer classes     *A Hard Fought Ship* John A Rodgaard,2024-06-30 Here is the exhaustive and exhilarating story of HMS Venomous one of sixty seven V W destroyers built at the end of the Great War that were to play a key role in the struggle to keep the sea lanes open in the Atlantic Home Waters and the Mediterranean during the following war Her story was perhaps the most memorable of all her class When war broke out she was to find herself in the front line as the German blitzkrieg swept across Europe in 1940 and the V Ws made high speed dashes across the Channel to bring troops and civilians back from Calais Boulogne and Dunkirk and prepared for the expected invasion Later that year she and her sister ships escorted the Atlantic convoys which supplied our Russian allies with the weapons to halt the German advance She returned to the Mediterranean and took part in Operation Pedestal to save Malta and as the allies prepared for the landings in North Africa she was ordered to escort the destroyer depot ship HMS Hecla to the invasion beaches When Hecla was torpedoed off the coast off Morocco Venomous fought the attacking U boat and rescued 500 survivors She escorted convoys along the coast of North Africa including the first through convoy from Gibraltar to Alexandria and she joined the invasion force to Sicily during Operation Husky In October 1943 she returned to Britain for a major refit at Falmouth when she was converted to an air target ship for training Barracuda torpedo bombers based at Douglas Isle of Man and then after being transferred to the east coast she was nearly lost in a hurricane before being sent to Kristiansand to accept the surrender of German naval forces Venomous and her sister ships were all scrapped after the War but her extraordinary career during which she fought without cessation is brought to life in this rousing and beautifully told ship biography a fitting memorial to the V Ws and the men who served in them I would rate this as being in the same class as *The Cruel Sea* for a picture of small ship life in World War Two The Naval Review A portrayal of life on a wartime destroyer with a depth and insight that is possible unequalled by any previously published work Warship Annual This book is outstanding for its detailed insight into the life on not just a single destroyer but by extension life at sea aboard and Royal Navy destroyer The Northern Mariner *A Hard Fought Ship* is a vivid portrait of a fighting vessel

and the men who operated her Warships International Fleet Review Highly recommended to both naval historians and the general public Mariner s Mirror It is an exemplary ship biography where a detailed narrative of the destroyer s exploits are brought to life by a wealth of first hand accounts Navy News This book is a detailed and thrilling account of the life of a typical V W class destroyer Sea Breezes *Armed Forces* ,1986 **Warship 2019** ,2019-05-30 An annual publication featuring the latest research on the history development and service of the world s warships For over 40 years Warship has been the leading annual resource on the design development and deployment of the world s combat ships Featuring a broad range of articles from a select panel of distinguished international contributors this latest volume combines original research new book reviews warship notes an image gallery and much more maintaining the impressive standards of scholarship and research with which Warship has become synonymous In the 2019 edition of this celebrated title articles include Hans Lengerer s exploration of the genesis of the Six Six Fleet Michele Cosentino s look at Project 1030 Italy s attempt to create a torpedo armed attack and ballistic missile submarines and A D Baker III s drawing feature on the USS Lebanon Detailed and accurate information is the keynote of all the articles which are fully supported by plans data tables and stunning photographs **Britain and the Sea** Glen O'Hara,2010-06-30 O Hara presents the first general history of Britons relationship with the surrounding oceans from 1600 to the present day This all encompassing account covers individual seafarers ship borne migration warfare and the maritime economy as well as the British people s maritime ideas and self perception throughout the centuries **Warship** ,2009 **The Sea in World History** Stephen K.
