collection of hard to find contemporary articles on the Ferrari V 12 from the pages of the prestigious motoring magazine Road Track including road test reports comparisons specs performance data more Articles include Ferrari 512 Testarossa Ferrari 45 GT 2 2 Ferrari F512 M First Drive Whats Hot for 1996 and beyond F50 and many more This detailed portfolio includes First Drives Road Tests Comparisons Model Reports Touring Specifications Performance Data **Road and Track Ferrari F355 and 360 Portfolio 1995-2002** R. M. Clarke,Brooklands Books,2003-03 This is an exciting new series of books taken from the pages of Road Track magazine one of the most popular automotive magazines ever published The Road Track books will be of immense interest to the enthusiast covering top performance cars and containing feature stories road test narratives and complete specifications along with performance data For auto enthusiasts this series is an excellent reference for collecting restoring or buying the car of one s dreams Published by CarTech Brooklands Books *Road & Track Ferrari F355-360-F430 Portfolio* R. Clarke,2006-11-15 Ferrari the very sound of the name conjures up mental images of exciting and stylish sports cars being driven at great speed add in the fabulous sound of the V8 s exhaust and you are very close to motoring nirvana With the arrival of the F355 a descendant from the marvelous little Dino 246 Ferrari was raising the stakes considerably in their quest for supremacy in their chosen market niche and sales of the F355 and its replacement the 360 have risen dramatically Not entirely coincidentally with this rise in popularity of the sports car side of the business has been Ferrari s dominance in the Formula One arena With these mid engine sports coupes Ferrari has also embraced new technology with electronic engine management F1 style paddle shifts on the steering wheel together with high technology aluminum frame construction of the chassis all helping to give a storming performance that buyers of these sports car demand Ferrari Road Cars 1946-1956 - Road Test Portfolio R. M. Clarke,2009-06-01 An in depth reference book compiled from multiple sources these incredibly focused portfolios contain a wealth of information for the collector restorer or enthusiast As much of the mystique of the Ferrari marque is associated with its racing successes it is more usual for authors and publishers to document Ferrari s racing successes while the road going automobiles are rarely given any consideration However the road cars constructed between 1946 and 1956 played a significant part in Ferrari s growth and development during those formative years and this portfolio traces the history of those iconic cars Brooklands Books UK has dug into their archives and compiled a wonderful assembly of documentation for the early road cars Road tests and track tests written by extremely knowledgeable authors historians and drivers such as Phil Hill Peter Coltrin Warren Fitzgerald John Bentley Michael Bowler Hans Tanner and Dean Batchelor to name just a few and in no significant order However the demarcation between the race cars and the early road cars is often blurred as many of the cars that were constructed during that era had

dual personalities and many of the so called road cars were nothing more than thinly disguised race cars Therefore while the intention of this book is to focus on the true road going Ferraris manufactured from 1946 to 1966 the reader has to accept that there will be some gray areas Brooklands Books Ltd has been publishing road test portfolios on a wide range of automobiles and motorcycles since the early 1950 s and the series now runs in excess of 500 titles This book is part of the digitally produced series of portfolios and VelocePress is proud to be part of the publication effort in conjunction with Brooklands Books Typically the contents include road tests track tests new model reviews owner commentary driving impressions specifications performance data design and styling articles Coachwork on Ferrari V12 Road Cars 1948-89
James Taylor,2017-10-03 Of all the great cars to bear the Ferrari name none are as loved widely respected or as lusted after as the classic V12 road cars built between 1948 and 1989 In Coachwork on Ferrari V12 Road Cars 1948 89 coachbuilders like Bertone Farina Ghia Scaglietti Pinin Farina Touring and Vignale are profiled from A Z with their history designers and design philosophy reviewed You ll also see color photography of their outstanding cars Simon Clay leading British car photographer and Dr James Taylor automotive historian work together to present an authoritative review of the often faultless sometimes audacious styling of what are now the most treasured and expensive classic cars in the world **Ferrari Road Test Book** Brooklands Books,1984
