Committee on Foreign Affairs, 1958 A Cop Walks Down Memory Lane...! K. Manickavasagam, 2020-05-26 All the memories of a man in his life whether it might be of heart warming or heart breaking should not go buried along with his last breath but should leave some inputs to his family members relatives and friends to make them aware of his past life track for their future guidance At the same time if the same man happens to be a person who had served in any public service organization then his memories should not go vanished away along with his soul However such memories should necessarily leave a lesson to his successors and all the common public to learn the morals and to realize the things as to how the problems are raised in societies and how the same could be prevented Unlike the other departmental officials of the government services the police officials would not have an opportunity of second innings to continue their services in any other sector after their retirement

as the police service is entirely different from other services of the governing bodies like technical educational medical and commercial services Because of this most of the retired police officials would feel themselves isolated and spend the remaining part of their lifetime in a lackadaisical manner Under such circumstances it is my son Arulmurugan and my daughter Sivasakthi who are now living respectively in Michigan and Arizona States of USA have suggested me to write some useful articles in blog a kind of website to share my thoughts in good faith with hundreds and thousands of readers over the months and years My children s encouragement and guidance empowered me to enter into such blog writings and publish the same in my blog site As far as the police department is concerned in olden days our traditional practice was to write everything manually by our own hand for all kinds of script works until the police department was modernized As I had been accustomed for a long time only to such manual writings I gradually learned the system related works and started to login into my blog site and write the articles directly in my blog after my superannuation Initially I was writing on some social issues in my blog Then a spark came in my mind as to why should not I write short stories in my blog based on the cruxes of some past occurrences that came across in my police service Since I had been in the regular habit of preparing my case diaries and the investigation reports in my own handwriting throughout my service it was easy for me to recollect some past occurrences and shape up the same in the form of short stories adding some spicy essence to pep up the style of writing While writing such short stories I shaped up the same with an object of giving some moral messages thrill fun and some social thoughts to every reader without touching the sentiments of anyone The names of the characters in the short stories and the articles have been changed I have spent almost all the days after my superannuation in writing fifty five episodes most of which are short stories and few are satirical article to poke fun at some social evils and injustice with a narrative style of a professional storyteller At this moment I would like to make a self explanation Yes Some may think as to why this Policeman has written this book in English First I would like to state that I love my mother tongue Tamil the most ancient of all other languages Anyhow I had a little passion of learning one more language in addition to my mother tongue because of which I had a brief interest in grooming the English language in me I have written this book in English with an idea of conveying my short stories and thoughts to all the people irrespective of linguistic variations and regional differences K Manickavasagam Dy Superintendent of Police Retd Early and Unpublished Writings of Christopher Alexander Howard Davis,2022-08-17 This book brings together key works of the noted architect and architectural theorist Christopher Alexander 1936 2022 many of which have not been published before The book contains twenty five essays and other works many chosen from the newly organized Christopher Alexander archive providing a window into the ideas and thought process of one of the most innovative architectural thinkers of the twentieth century The items span Alexander s fifty year career beginning with an early version of his PhD dissertation based on fieldwork in India continuing to fifteen years in the development of A Pattern Language one of the best selling books in the history of architecture and proceeding to the writing

of The Nature of Order Alexander's four volume masterwork and beyond The writings combine theory and descriptions of practice and together support a blueprint for the development of a new humane way of building while also providing a window into the mind of an extraordinary thinker teacher and professional A Digest of New York Statutes and Reports ,1884 Guide to the Alaska Highway Ron Dalby,2011-04-01 Traveling across the great northern expanses from Dawson Creek British Columbia to Delta Junction Alaska the 1 500 mile Alaska Highway remains one of the greatest driving adventures of all time Inside you will find details on gas prices where to camp how to prepare your vehicle for the journey and insightful driving tips Tips scattered through the guide tell you where to spot wildlife let you in on a few favorite fishing holes and highlight important destinations Brimming with full color photography Guide to the Alaska Highway is the most stunning the most complete and most thoroughly researched book on the market today This invaluable guide will help travelers tailor a safe pleasant and enjoyable drive through some of the most scenic and rugged landscape on Earth This guide is perfect for the adventure lover **The Magic of Malgudi** R.
