The Bronfmans Nicholas Faith, 2024-03-26 For decades the Bronfman family ruled Seagram's and the liquor industry This is the story of their meteoric rise and spectacular fall The story of the Bronfman family is a fascinating and improbable saga It is dominated by Mr Sam the single greatest figure in the history of the liquor business the man who made drinking whiskey respectable in the United States and who in the 1950s and 1960s built Seagram into the first worldwide empire in wine and spirits After Sam's death in 1971 his oldest

son Edgar maintained the business though he was distracted by his matrimonial problems Nevertheless in the 1980s he masterminded a major coup when he translated a small investment in oil made by his father into a 25 percent stake in the mighty DuPont company But in the 1990s Edgar allowed his second son Edgar Jr to indulge his ambition to become a media tycoon The stake in DuPont was sold and the money reinvested in Universal the film and theme park empire Edgar Jr then paid more than 10 billion to buy Polygram Records and thus fulfill his fancy to be king of the world s music business But at the same time he remained in charge of the liquor business which started to stagnate indeed to fall apart Then came the final disaster when the increasingly divided family sold out to Jean Marie Messier overreaching empire builder of Vivendi the French conglomerate But the story of this amazing family over the past century is about more than booze and business The Bronfmans is a spectacular account that details the larger than life personalities and bitter rivalries that have made the family so famous and sometimes so infamous

English culture that took the idea of tolerance as its watchword It was a culture that re inscribed race even as it aimed at overcoming its discriminations Caribbean London is at the heart of this story It was in the capital that integration projects multiplied fastest and it was the multicultural capital that provided integrationism s imaginative geographies Viewing integrationism through the eyes of Caribbean Londoners Colonized by Humanity allows us to see it as they did with its colonial and racial dynamics up close

Stony the Road Henry Louis Gates (Jr.), 2019 The abolition of slavery after the Civil War is a familiar story as is the civil rights revolution that transformed the nation after World War II But the century in between remains a mystery if emancipation sparked a new birth of freedom in Lincoln s America why was it necessary to march in Martin Luther King Jr s America Gates uncovers the roots of structural racism in our own time while showing how African Americans after slavery combatted it by articulating a vision of a New Negro to force the nation to recognise their humanity and unique contributions to the United States
