Brooks Holifield,2019-02-28 As E Brooks Holifield notes in his introduction John Wesley the founder of the Methodist movement would have relished the opportunity to write this volume He recognized the power of religious traditions and he thought that issues of health and medicine were profoundly interwoven into the texture of religious faith All ten themes that have concerned this series healing and well being suffering and madness passages and sexuality dying and caring morality and dignity were among the topics that Wesley believed should interest Christians In the attempt to show how a Wesleyan understanding of theology might inform a modern Methodist sensibility the author has

structured his treatment of Health and Medicine in the Methodist Tradition around the polarities of health and healing holiness and happiness penalty and promise love and law restraint and responsibility and possibility and limit These are not to be construed as opposites or as mutually exclusive extremes Each member of each pair both checks and enriches the other They provide a way of establishing boundaries they mark the way of a journey the way of salvation or the way of love Out of the Skin Into the Soul Dorothy Albracht Doherty, Mary Colgan McNamara, 1993 **Healing Mind** Janice McDermott M.Ed. LCSW, 2015-07-31 Healing Mind describes a way of organizing your thinking with the intention of awakening you to your complete self Because our conscious and unconscious thinking creates our life story the power of our thoughts affects us in profound ways contentment and health or illness and turmoil In these pages you become your own therapist Using practical tools for healing a whole variety of emotional and spiritual ills you approach the past and future in the here and now which then heals your experience of life Psychological and theological concepts merge more effectively than ever before to create an incredible inner peace for the religious and non religious alike The result is human freedom a confident and unique way of being that has the potential to overcome the world through profound love Our unrecognized and forgotten reactions to hurt are stored in our muscles as stress that limits our ability to respond to our body or emotions causing us to settle for less than our lives full potential The majority of individuals prevent themselves from living happy productive lives because they never address their stored feelings Don't be most people Be determined to experience your hidden unresolved physical tension and modify aspects of yourself that do not serve you Become fully alive Stand on your own feet and give your own free response to the call of each moment Experience your life's deep inner satisfaction through a well managed mind Achieve ultimate healing **The Publishers Weekly**, 2002 **Leaving the Abbey** Kathryn H-F, 2013-03-27 Like life the Labyrinth walk seems pretty easy at the start when we're kids You decide what you want to be when you grow up and head that way toward center Then real life begins to happen Some of us carry the seeds of a physical mental and spiritual malaise one of the isms like alcoholism for example These explode reach the surface and sprout Our straight path zings away to the side we lose sight of center and we circle around the edge of what others seem to easily obtain At some point on the narrow path I suddenly recall the day of my first marriage's divorce and I weep but keep walking Around another tight curve on the path I recall my first AA meeting while I was still in the detox in South Amboy Teasingly close to center again the path zags in the opposite direction In obeying the order for this second walk I come to understand Now I feel again the purposeful turning away from recovery that I chose time and again running from salvation back to the slavery of bottle or line My choices mine alone **Writing and Being** G. Lynn Nelson, 1994 Writing is a doorway to our most creative spiritual self Writing and Being approaches writing at the source of the process and then with guided personal writing leads us outward to meaningful and authentic public writing For those who have written before Nelson provides fresh inspiration for teachers creative exercises for classes for beginners a starting point to begin writing and growing *Deliver Us from Evil* Kris Vallotton, 2025-02-04
