**Hired to Fight, Hired to Win** Dennis W. Johnson, 2015-06-26 When it comes to elections campaigns matter And despite the ever increasing role of volunteers and amateurs modern American political campaigns are a professional affair Understanding how they are run and how campaign strategies are set requires an in depth analysis of what political consultants do from opposition research to public opinion polling and from directing media strategies to mobilizing voters with fundraising a priority at all stages At all levels of the electoral arena modern sophisticated campaigns cannot hope to be effective without the guiding disciplines of professional consultants This thoroughly updated edition of Dennis W Johnson s classic text originally titled No Place for Amateurs highlights the growing importance of social media targeting and analytics Super PACs and dark money in a post Citizens United world

**Cultures of Defiance and Resistance** Scott G. McNall, 2018-01-29 How does one achieve a sense of freedom and meaning in a confusing over bureaucratized and unequal world Scott McNall offers the compelling case that we do so by taking a stand to protect our identities and values and by taking further steps to create a sense of community with like minded people Modern social movements have sprung up on the right and left to provide this sense of community to seek explanations for why things are the way they are and to discover what might be done in response At this critical juncture in American society when divisions over race class gender and government influence persist movements allow their members to feel they are not trapped by their conditions Cultures of Defiance and Resistance is an eye opening account of the Antis those who stand in opposition to received wisdom and power who resist the science of climate change who reject vaccinations who want to ban GMOs and those who have resisted what they see as political or cultural oppression such as Black Lives Matter Occupy Wall Street and the Tea Party McNall masterfully explores the goals narratives and rhetoric used by groups on the left right and center to understand and cope with 21st century America in a time of mass discord uncertainty and hostility In doing so he reframes social movements for a new era in one of the first cross comparative books reflecting the entire political spectrum

Renewing Presidential Politics Bruce Buchanan, 1996 Do we get the best presidential candidates to run and elect the presidents we deserve as a nation If not why not Could it have something to do with the quality of campaigns in American politics today Noted presidential scholar Bruce Buchanan puts the 1996 presidential election campaign in context with the campaigns of 1988 and 1992 making the case that good campaigns especially those with issue oriented media coverage and positive campaign advertisements do make a difference in the quality and quantity of citizen participation policy input and output and overall good governance Perfect for college courses on campaigns and elections and on the presidency this book looks ahead to future election campaigns with a hope for creating a nation of citizen owners and lovers of the political process not to mention candidates and media coverage worthy of citizen involvement and attention
