Road To Berlin The Allied Drive From Normandy:

Road to Berlin George Forty, 2001-05-01 Rare spectacular action photos tell the story of the invasion of Europe in the 12 months from June 1944 to May 1945 The major decisions fateful actions principal liberated cities captured strongholds and defeated armies march across the pages Beginning with the Normandy landing the story demonstrates the buildup of resources the securing of ports and bridgeheads and the exhausting of the enemy on the way to the final battles leading to the linkup with the Russians *From Normandy to Germany in a Tank* Michael Robert Ibbotson, 2025-07-31 A British tank soldier's memoir detailing his perilous WWII journey fierce battles frontline experiences and the liberation of Europe What was tank warfare like for an ordinary conscripted British soldier in the Second World War Arthur Ibbotson was a Grenadier Guardsman whose training and battles from Normandy to Northern Germany 1943-45 help provide an answer He trained using the 30 ton M4 Sherman tank but after being flown into Normandy he instead joined the crew of a 15 ton M5 Honey reconnaissance tank Despite its diminutive size and small gun he drove daily into enemy territory coming close to death on five occasions His first combat involved capturing 100 POWs described here in detail for the first time This was followed immediately by Operation Market Garden where his tank periodically led the 50 000 men of 30 Corps He defended the supply route against repeated German attacks and dealt with friendly fire from the US 101st neither topic often covered in histories of the battle Unlike the common portrayal of Market Garden as a disaster Arthur regarded it as a victory a perspective discussed in detail Later the Battle of the Bulge required a relocation back to Belgium an often overlooked British action Before crossing into Germany he was issued with an ultra modern M24 reconnaissance tank While learning the vagaries of this technological wonder he encountered more near death situations including a hit from a Panzerfaust and the death of a close friend that was killed by a mine over which Arthur had just driven Explaining why he had gone through so much he liberated a concentration camp days before the war's end and spent his final service returning the country to peace

Victory in World War II Nigel Cawthorne, 2017-07-31 Before Alamein we never won a battle after Alamein we never lost one Winston Churchill Although this is an exaggeration it is perhaps a pardonable one The second battle of El Alamein in November 1942 was followed in April 1943 by the complete withdrawal of German troops from North Africa Meanwhile on the Eastern Front the Red Army had entered the hell of Stalingrad and emerged victorious In the Pacific American troops had captured and held the strategically vital island of Guadalcanal in the teeth of frantic Japanese counter attacks In Burma the Chindits were continuing to harass the enemy while British forces regrouped in preparation for the recapture of the country The tide of the war had begun inexorably to turn in favour of the Allies Victory covers all fronts in detail as it charts the progress of the final years of World War II
