## **Road To Katmandu Traveled By A Bunch Of:**

**Road to Katmandu** Patrick Marnham,1971      **Far Out** Mark Liechty,2017-02-21 Westerners have long imagined the Himalayas as the world's last untouched place and a repository of redemptive power and wisdom. Beatniks, hippie seekers, spiritual tourists, mountain climbers, diverse groups of people have traveled there over the years searching for their own personal Shangri La. In *Far Out*, Mark Liechty traces the Western fantasies that captured the imagination of tourists in the decades after World War II, asking how the idea of Nepal shaped the everyday cross-cultural interactions that it made possible. Emerging from centuries of political isolation but eager to engage the world, Nepalis struggled to make sense of the hordes of exotic, enthusiastic foreigners. They quickly embraced the phenomenon, however, and harnessed it to their own ends by building tourists' fantasies into their national image and crafting Nepal as a premier tourist destination. Liechty describes three distinct phases: the postwar era when the country provided a Raj-like throwback experience for rich Americans; Nepal's emergence as an exotic outpost of hippie counterculture in the 1960s; and its rebranding into a hip adventure destination which began in the 1970s and continues today. He shows how Western projections of Nepal as an isolated place inspired creative enterprises and paradoxically allowed locals to participate in the global economy. Based on twenty-five years of research, *Far Out* blends ethnographic analysis, a lifelong passion for Nepal, and a touch of humor to produce the first comprehensive history of what tourists looked for and found on the road to Kathmandu.

**Road to Katmandu** Patrick Marnham,2005-10-04 *Road to Kathmandu* is the part factual, part fictional account of Patrick Marnham's own pilgrimage from Turkey to Nepal in 1968. He travelled over three thousand miles passing through Ankara, to Ararat, Tehran, and Mashad, Herat, Kandahar, and Kabul, Peshawar, Lahore, and Varanasi, before finally reaching Kathmandu. His journey is a kaleidoscopic blend of tortuous train journeys and lethal truck drives, wild deserts, mountains, and isolated villages. His nights were often spent sleeping by the roadside, and his days searching for the next ride. Along the way, he met a colourful and eclectic cast of characters.

*British Travel Writers, 1940-1997* Barbara Brothers, Julia Marie Gergits,1999 *Essays on British travel writers* explores the political and social changes that occurred after World War II. Technology such as color television, home video, the Internet, and CD-ROMs brought people pictures from around the world, broadened their interest in travel. Includes discussion of the various types of travel literature, including political, scientific, historical, and adventurous, as well as the role of women travel writers.
