Road War:

Roads United States. Congress. House. Committee on Roads,1928 Location- and Context-Awareness Jeffrey Hightower,Bernt Schiele,Thomas Strang,2007-09-14 This book constitutes the refereed proceedings of the Third International Symposium on Location and Context Awareness LoCA 2007 held in Oberpfaffenhofen Germany in September 2007 The papers are organized in topical sections on wifi location technology activity and situational awareness taxonomies architectures and in a broader perspective the meaning of place radio issue in location technology and new approaches to location estimation A War of Logistics Charles R. Shrader,2015-10-23 Following the French reoccupation of Indochina at the end of World War II the pro Communist Vietnamese nationalists or Viet Minh launched a grassroots insurgency that erupted into a full fledged war in 1949 After nearly ten years of savage combat the western world was stunned when Viet Minh forces decisively defeated the French Union army at the battle of Dien Bien Phu in May 1954 Logistics dominated every aspect of the First Indochina War dictating the objectives the organization of forces the timing and duration of the operations and even the final outcome In A War of Logistics Charles R Shrader meticulously examines both French Union and Viet Minh logistical units during the period of active conventional warfare as well as external support provided to the French by the United States and to the Vietnamese by China Although the Vietnamese had few advantages over their opponents their military leaders brilliantly employed a highly committed network of soldiers and civilians outfitted to accommodate the challenging terrain on which they fought Drawing on extensive research such as declassified intelligence documents the reports of French participants and accounts by Viet Minh leaders including Vo Nguyen Giap and Ho Chi Minh A War of Logistics provides in depth coverage of the often ignored but critically important topic of logistics in modern military campaigns **The Veiled War** M. W. McLeod,2023-06-06 When Astero enlisted into the army during World War II he accepted the dangerous consequences Little did he know he signed himself up to battle in not just one but two wars Humans and magical creatures alike joined the battle and he finds himself thrust into this new world when the vicious witch Catarina detains him for her own special brand of questioning Magdiana wanted to keep her head down but when a distant family member comes to her for help she accepts the mission There is one man who can turn the tides in the war and they must liberate him at all costs The pair find themselves stranded and must make a treacherous journey to civilization but what awaits them is more fear death and duty It s always one last mission for the greater good but when their next job sends them into the clutches of a demon and his summoner the pair know they are headed to their doom If they can finish the job they might help turn the tides of the war in their favor and if they fail it could all come tumbling down **The Complete Civil War Road Trip Guide** Michael Weeks,2009-03-24 This tour guide features ten different itineraries that lead visitors through every major campaign site as well as 450 lesser known venues in unlikely places such as Idaho and New Mexico

Vietnam Leslie H. Gelb, Richard K. Betts, 2016-05-31 If a historian were allowed but one book on the American involvement in Vietnam this would be it Foreign Affairs When first published in 1979 four years after the end of one of the most divisive conflicts in the United States The Irony of Vietnam raised eyebrows Most students of the war argued that the United States had stumbled into a quagmire in Vietnam through hubris and miscalculation as the New York Times s Fox Butterfield put it But the perspective of time and the opening of documentary sources including the Pentagon Papers had allowed Gelb and Betts to probe deep into the decisionmaking leading to escalation of military action in Vietnam The failure of Vietnam could be laid at the door of American foreign policy they said but the decisions that led to the failure were made by presidents aware of the risks clear about their aims knowledgeable about the weaknesses of their allies and under no illusion about the outcome The book offers a picture of a steely resolve in government circles that while useful in creating consensus did not allow for alternative perspectives In the years since its publication The Irony of Vietnam has come to be considered the seminal work on the Vietnam War **Library of Congress Subject Headings** Library of Congress, 2011 **Official Congressional Directory** United States.
