# Roadblocks On The Information Highway The It Revolution In Japanese Education

**Annette Bradford, Howard Brown**

## **Roadblocks On The Information Highway The It Revolution In Japanese Education:**

Roadblocks on the Information Highway Jane Bachnik, 2003-01-01 Although Japanese universities have relied on information technology to resolve numerous problems their high expectations are undermined by lags in implementing that technology This innovative edited volume argues that lags in IT implementation in Japanese education are created by contradictory and challenging responses of the social environment If this dialectic can be visualized as having hands the right avidly promotes IT while the left hand simultaneously blocks it The result of course is an impasse The issues central to this stalemate are significant because they point beyond the schools to a broader set of problem areas in Japanese society The contributors to Roadblocks on the Information Highway discover and discuss the contradictions inherent in Japanese society and culture as they are played out in the social contexts of IT service providers web masters and classroom teachers who implement IT They then show how these contradictions indicate broader structural problems that pervade the dynamic between Japanese education and the state and business sectors Ultimately in a reach that goes beyond Japan this book examines relationships between technology and society persuasively convincing readers that the modern age has created an inextricable link between the two

**English-Medium Instruction in Japanese Higher Education** Annette Bradford, Howard Brown, 2017-11-07 English Medium Instruction in Japanese Higher Education provides a touchstone for higher education practitioners researchers and policy makers It enables readers to more clearly understand why policies concerning English medium instruction EMI are in place in Japan how EMI is being implemented what challenges are being addressed and what the impacts of EMI may be The volume situates EMI within Japan's current policy context and examines the experiences of its stakeholders The chapters are written by scholars and practitioners who have direct involvement with EMI in Japanese higher education They look at EMI from perspectives that include policy planning program design marketing and classroom practice

*Contemporary Task-Based Language Teaching in Asia* Michael Thomas, Hayo Reinders, 2015-02-26 Over the last decade task based approaches to language learning and teaching TBLT have become a global focus of increased levels of research Governments around the world have turned to TBLT as a potential solution for curricula that lack authentic and meaningful engagement with language learning and are failing to motivate students as a result This book focuses on Asia where this shift has been particularly in evidence TBLT has often been implemented in top down approaches to curriculum development which presents a huge range of challenges at the cultural as well as the pedagogic level Contemporary Task Based Language Teaching in Asia looks at the drivers stakeholders and obstacles across the region Some countries have adapted TBLT to deal with the local constraints others have found it hard to apply and many are still in the process of investigating its implementation in their specific contexts This collection is important to all involved in language development from curriculum reform to materials development It assists from programme evaluation to the setting of assessment standards The chapters cover all aspects of language education across Asia from primary to tertiary private and public

education as well as innovations at local regional and national levels

### **Internationalization and Imprints of the**

**Pandemic on Higher Education Worldwide** Alexander W. Wiseman, Cheryl Matherly, Max Crumley-Effinger, 2023-06-27

This volume chronicles changes and issues facing institutional and individual academic activities and norms following the Covid 19 pandemic forecasting their impacts on the ways in which internationalization at the post secondary level has responded in practice to new realities exigencies and possibilities

The Japanese Professor Gregory S. Poole, 2010-01-01

This monograph is a substantial contribution to our knowledge of the internal workings of a Japanese university focussing on the world view of the professor In this anthropological case study of a private university in urban Tokyo conducted through extended participant observation Gregory Poole at once both an insider and outsider tells an ethnographic story that explicates a professoriate's working world The author addresses one basic problem how do Japanese professors configure their working world In answering this research question he demonstrates how the present climate of competition and restructuring means that faculty members in Japan are faced with the challenge of culturally translating largely western concepts of the university while steadfastly preserving their own local culture of higher education

### **Integrating Content and Language in Multilingual Universities**

Slobodanka Dimova, Joyce Kling, 2020-07-06 This volume provides conceptual syntheses of diverging multilingual contexts research findings and practical applications of integrating content and language ICL in higher education in order to generate a new understanding of the cross contextual variation With contributions from leading authors based in Asia the Middle East and Europe the volume offers comparison of contextualized overviews of the status of ICL across the geographic areas and allows us to identify patterns and advance the scholarship in the field ICL in teaching and learning has become an important consideration in the endeavors to address linguistic diversity at universities which has resulted from the growing teacher and student mobility around the world

The Organisational Dynamics of University Reform in Japan Jeremy Breaden, 2012-12-07

For several decades internationalisation has been a cornerstone of both Japanese government higher education policy and approaches to reform at an institutional level but Japan has still not managed to lose its reputation as a somewhat reclusive member of the global academic community Consensus on the potential of internationalisation to reinvigorate Japanese higher education is matched by the depth of recognition that universities have to date failed to internationalise successfully This book offers a new approach to Japan's internationalisation conundrum by proceeding from the inside out It presents an extended case study one university organisation that has been changed through its adoption of a radical program of internationalisation Through this case study Jeremy Breaden identifies patterns by which internationalisation is situated in administrative discourse and individual action and determines how these patterns in turn shape organisational practice The result is a multi dimensional narrative of organisational change that advances our understanding of both the dynamics of university reform and the concept of internationalisation one of the most durable yet contentious themes in the study of contemporary Japanese society With

detailed analysis and an in depth case study this book will be of interest to students and scholars of Japanese studies sociology and anthropology It will also prove valuable to professionals and policy makers working in higher education both in Japan and around the world      **Family-Run Universities in Japan** Jeremy Breaden,Roger Goodman,2020 In Japan almost 80% of university students attend private institutions up to 40% of which are family businesses This book offers a detailed historical sociological and ethnographic analysis of this important category of private university and examines how institutions have negotiated a period of major demographic decline since the 1990s      *Japan in the 21st Century* Pradyumna Karan,2010-09-12 The ancient civilization of Japan with its Shinto shrines and Buddhist temples is also closely associated with all that is new and modern Looking outward Japan sees what it has become since Hiroshima the world s second largest economy a source of fury and wonder a power without arms Looking inward Japan sees old ways shaken and new ones developing at a hectic pace Japan in the Twenty first Century offers compelling insights into the current realities of the country and investigates the crucial political economic demographic and environmental challenges that face the nation A combination of text maps and photographs provides an essential understanding of Japan s geography cultural heritage demography economic and political development and of many other important issues Pradyumna P Karan explores the obstacles and opportunities that will shape Japan and affect the world community in the coming years He highlights strategies and policies that will facilitate economic and political change and stimulate the development of effective institutions for long term sustainable prosperity and economic vitality Unique field reports drawn from direct observations of events and places in Japan illuminate Japanese traditions and sensibilities The first full length English language textbook on Japan s geography culture politics and economy to appear in nearly four decades Japan in the Twenty first Century will be a vital resource for researchers academics general readers and students of Japan Pradyumna P Karan professor of geography and Japan studies at the University of Kentucky is the author or editor of numerous books on Asian geography and culture including *The Japanese City* and *Japan in the Bluegrass*      *The State Bearing Gifts* Brian J. McVeigh,2006-01-01 Using Japanese higher education as a case study author Brian J McVeigh explores the varieties of exchange dramatics among the Education Ministry universities faculty and students With one eye on large scale processes and the other on everyday practices he elucidates trafficking between micro and macro levels and key concepts of value exchange and role performance by studying how political economy configures dramatization and deception at the everyday level Relying on extensive ethnographic participant observation and the notion of the gift McVeigh challenges the commonly accepted idea of social contract for understanding state society relations Written to be read as both a political and philosophical commentary and anthropological investigation this work has theoretical implications for comparative studies of political systems particularly regarding the relation between self deception and the ideological manufacture of legitimacy      *Japan and Germany under the U.S. Occupation* Masako Shibata,2005-09-20 Focusing on the post war reconstruction of the education systems in Japan

and Germany under U S military occupation after World War II this book offers a comparative historical investigation of education reform policies in these two war ravaged and ideologically compromised countries While in Japan large scale reforms were undertaken swiftly after the end of the war the U S zone in Germany maintained most of the traditional aspects of the German education system Why did Japan so readily accept ideas and values developed in the allied countries while Germany resisted Masako Shibata explores this question arguing that the role of the university and the pattern of elite formation which can be traced back to the period of the formation of Meiji Japan and the Kaiserreich created the conditions for differing reactions from educational leaders in each country this had a decisive impact on the proposed reforms By examining these reactions through a sociological cultural and historical frame an explanation emerges Japan and Germany under the U S Occupation will prove to be a valuable resource both to scholars of history and education reform **Modern**

**Japan, Student Economy Edition** Mikiso Hane, 2018-04-27 This book presents the essential facts of modern Japanese history It covers a variety of important developments through the 1990s giving special consideration to how traditional Japanese modes of thought and behavior have affected the recent developments **Historical Dictionary of Postwar**

**Japan** William D. Hoover, 2018-12-15 Japan is a mix of the old and the new traditional and modern and old fashion and innovative It has traveled the road to a modern destination without totally losing sight of its traditions and values Although some in Japan lament the passing of old ways Japan has held on to a reasonable amount of its traditions and values This is easier to find in its arts and crafts and its literature and films as well as in its social habits This book will introduce the broad sweep of people events and trends including the successes and failures of postwar Japan This second edition of Historical Dictionary of Postwar Japan contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Japan *Japan*

*Remodeled* Steven Kent Vogel, 2006 The Japanese model and institutional change The crisis of Japanese capitalism Policy reform Japanese style The varieties of reform Corporate restructuring Japanese style The varieties of restructuring Japan s new model What is Digital History? Hannu Salmi, 2020-10-22 Digital history is an emerging field that draws on digital

technology and computational methods A global enterprise that invites scholars worldwide to join forces it presents exciting and novel ways we might explore understand and represent the past Hannu Salmi provides the most compelling introduction to digital history to date Beginning with an examination of the origins of the digital study of history he goes on to discuss the question of how history exists in a digitized form He introduces basic concepts and ideas in digital history including databases and archives interdisciplinarity and public engagement Outlining the problems and methods in the study of big data both textual and visual particular attention is paid to the born digital era the contemporary age that exists primarily in digital form What is Digital History is essential reading for students of history and other humanities fields as well as anyone

interested in how digitization and digital cultures are transforming the study of history      *Japan in a Dynamic Asia* Yoichiro Sato, Satu P. Limaye, 2006-01-01 This collection takes a unique country by country approach to examine Japan's relations with individual Asian countries and sub regions As Japan's activism increases under the Koizumi administration Japan in a Dynamic Asia provides a timely updated understanding of Japan's rapidly changing foreign policies in the contexts of the new regional power balance and security concerns      Murakami Haruki Michael Seats, 2009-01-01 This book offers a new approach to dealing with Murakami's radical narrative project by demonstrating how his first and later trilogies utilize the structure of the simulacrum a second order representation to develop a complex critique of contemporary Japanese culture

*Modern Japan* Mikiso Hane, 2018-03-09 Integrating political events with cultural economic and intellectual movements Modern Japan provides a balanced and authoritative survey of modern Japanese history A summary of Japan's early history emphasizing institutions and systems that influenced Japanese society provides a well rounded introduction to this essential volume which focuses on the Tokugawa period to the present The fifth edition of Modern Japan is updated throughout to include the latest information on Japan's international relations including secret diplomatic correspondence recently disclosed on WikiLeaks This edition brings Japanese history up to date in the post 9 11 era detailing current issues such as the impact of the Gulf Wars on Japanese international relations the March 2011 earthquake tsunami and subsequent nuclear accident the recent tumultuous change of political leadership and Japan's current economic and global status An updated chronological chart list of prime ministers and bibliography are also included      **Queer Voices from Japan** Mark McLelland, Katsuhiko Suganuma, James Welker, 2007-03-26 Queer Voices from Japan examines the wide range of queer voices in Japan and the longevity that these minority communities have enjoyed in society Mark McLelland Katsuhiko Suganuma and James Welker bring together historical and contemporary narratives that contribute to the study of sexual identities in Japan These essays trace the evolution of queer voices in Japan with analyses of the presence of homosexuality in the Japanese Imperial Army the development of Japan's first gay bars and same sex experiences in the pre and post war periods This book offers a variety of perspectives including a range of male to female and female to male transgender voices and experiences The broad scope of this volume makes it an invaluable text for understanding the development of Japanese sex and gender categories in the twentieth century Queer Voices from Japan is a compelling read that will appeal to those interested in Asian studies and human sexuality      **Japan's Open Future** John Haffner, Tomas Casas i Klett, Jean-Pierre Lehmann, 2009-03-01 In the fast changing modern world where does Japan fit in and how should it relate to the United States and China Three foreign commentators make a provocative and persuasive argument that the time has come for Japan to help build a stronger Asian community and to become an engage and conscientious global citizen

As recognized, adventure as skillfully as experience virtually lesson, amusement, as well as bargain can be gotten by just checking out a books **Roadblocks On The Information Highway The It Revolution In Japanese Education** afterward it is not directly done, you could say yes even more with reference to this life, regarding the world.
