Rob Perot Straight Talk:

Straight Talk from the Heartland Ed Schultz, 2009-10-13 Ed Schultz is here to slay the right wing radio dragon and revitalize the charge against Bush era conservative cruelty with his own bold irreverent truth talk When the self described gun toting meat eating drug free liberal from America s heartland came out swinging with his syndicated radio program The Ed Schultz Show listeners realized right away that this was no cookie cutter liberal but a tough talking advocate for everything that s right about the left A free press is all that stands between you and a dictatorship warns Schultz in defiance of the Bush administration and ultra conservative talking heads like Rush Limbaugh and Sean Hannity whom he blames for quashing political debate just when America needs it most While Big Ed has what it takes to go bare knuckle brawling with his staunchest detractors it is with a deep compassion and impeccable common sense that he describes how our government by the rich and for the rich is imperiling the lives of average hard working Americans In *Straight Talk from the Heartland* Schultz rails against the havoc that our nation s leaders are wreaking on everything from international relations to homeland defense from our skyrocketing federal deficit to the disenfranchised families of rural America who are struggling to make ends meet With a heady mix of patriotism outrage humor and hope he makes an urgent appeal to universal virtues such as honesty and liberty and reminds readers of what he calls the Four Pillars of a Great Nation Defending America We have lost faith in our leaders The world has lost faith in us Our foray into Iraq to disarm a nation of biological and nuclear weapons they did not have has shrunk American credibility like a cheap sweater A Sound Economy The Bushies are like street hustlers While they show you a meager tax cut with one hand they steal your wallet with the other Feeding the Nation Bad farm policy and bad trade agreements are running the American farmer off the land It s killing small towns and small towns are the heart of this nation Educating America Don t start counting your tax break just yet Your state and local taxes are rising to support the unfunded mandate of the No Child Left Behind act I m here to give it to you straight Big Ed says I ve got faith that when Americans grasp what s going on around them they ll start acting like a bear fresh out of hibernation famished ill tempered and ready to start raising hell *Straight Talk from the Heartland* is the wake up call America has been waiting for

The Nightly News Nightmare Stephen J. Farnsworth, Robert S. Lichter, 2007 Beginning with the 1988 presidential election and now updated through 2004 *The Nightly News Nightmare* shows how network news coverage of what is arguably the nation s most important political event has declined Through extensive analysis of news content from the Big Three and Fox acclaimed media scholars Farnsworth and Lichter compare what the candidates said with what the networks say they said and judge the disparity a nightmare The authors go on to suggest that perhaps the candidates themselves do a better job of portraying the campaigns than those who used to be the trusted network guardians of the news While making clear that overall coverage of the Bush Kerry race marked an improvement compared to previous elections Farnsworth and Lichter also point out that in other ways things were worse

Rhetorical Studies of National Political Debates Robert V.

Friedenberg, 1993-10-30 This revised and updated edition remains the only book length rhetorical analysis of national political debates from 1960 to the present The contributors all rhetorical critics answer important questions about political debating in the United States including Why is the press involved in political debates Why are debates likely to be an enduring part of our presidential campaigns Why are some candidates successful as debaters while others are not Chapter authors offer insight into the goals commonly shared by political debaters and the rhetorical strategies most frequently used by national political debaters By providing an overall analysis of a variety of debate practices this book demonstrates how debates have become more than just campaign spectacles but rather complex calculated political events with significant consequences Predebate debate and postdebate strategies are considered in depth in these microanalyses Scholars and students of speech communication particularly those concerned with political communication will find this volume noteworthy as will those in the related disciplines of political science history and journalism

Chepesiuk, Haney Howell, Edward Lee, 1997-10-15 In recent years a new wave of investigative journalists have become prominent Some relish being politically incorrect David Brock author of *The Real Anita Hill* others methodically shatter cultural icons Douglas Frantz's expose of Washington insider Clark Clifford and still others have revealed such horror as Cold

War experimentation on unsuspecting citizens Eileen Welsome's Pulitzer Prize winning stories In their own words these journalists and nine others Tim Weiner John Camp Marjie Lundstrom Gerald Posner Sydney Schanberg David Burnham Bryon Acohido Dan Moldea and Brian Ross provide insight to their jobs and the role of investigative journalism in American society

The State of American Politics Byron E. Shafer, 2002 Election 2000 Aberration or paradigm The essays in this innovative volume combining scholarly and journalistic views seek to place the extraordinary events of the 2000 presidential election into context with the trends of electoral politics before and after Originally presented as a series of public lectures at Oxford University this volume benefits from an international perspective a stellar lineup of contributors and a remarkably cohesive analysis that lays the election results and thus the current state of American politics at the feet of a persistent American cultural divide Visit our website for sample chapters

The Candidate Samuel L. Popkin, 2012-03-15 There are two winners in every presidential election campaign The inevitable winner when it begins such as Rudy Giuliani or Hillary Clinton in 2008 and the inevitable victor after it ends In The Candidate Samuel Popkin explains the difference between them While plenty of political insiders have written about specific campaigns only Popkin drawing on a lifetime of presidential campaign experience and extensive research analyzes what it takes to win the next campaign The road to the White House is littered with geniuses of campaigns past Why doesn't practice make perfect Why is experience such a poor teacher Why are the same mistakes replayed again and again Based on detailed analyses of the winners and losers of the last 60 years of presidential campaigns Popkin explains how challengers get to the White House how incumbents stay there for a second term and how successors hold power for their party He looks in particular at three campaigns George H W Bush's muddled campaign for reelection in 1992 Al Gore's flawed campaign for the presidency in 2000 and Hillary Clinton's mismanaged effort to win the nomination in 2008 and uncovers the lessons that Ronald Reagan can teach future candidates about teamwork Throughout Popkin illuminates the intricacies of presidential campaigns the small details and the big picture the surprising mistakes and the predictable miscues in a riveting account of what goes on inside a campaign and what makes one succeed while another fails As Popkin shows a vision for the future and the audacity to run are only the first steps in a candidate's run for office To truly survive the most grueling show on earth presidential hopefuls have to understand the critical factors that Popkin reveals in The Candidate In the wake of the 2012 election Popkin's analysis looks remarkably prescient Obama ran a strong incumbent oriented campaign but made typical incumbent mistakes as evidenced by his weak performance in the first debate The Romney campaign correctly put power in the hands of a strong campaign manager but it couldn't overcome the weaknesses of the candidate

Public Television B. J. Eating with the Enemy Robert Egan, Kurt Pitzer, 2010-04-13 There was only one chair in the room Fluorescent tubes on the ceiling hummed with blue light The woman smiled and explained in a soothing voice that there were some procedures they had to go through We re just going to put you under for a few minutes she said One of the officials told me to turn around Do I have a choice I lowered my pants exposing most of my left butt cheek The woman came up from behind me and I felt a sharp prick as she pushed in the needle and rammed the solution into my muscle When she finished I sat down Which agency do you work for CIA asked the other male official I operate independently I said I started to feel good Very good I had the urge to laugh even though nobody had said anything funny I m a lone wolf And I make burgers for a living I m a burger making lone wolf I must have blacked out for some of it When I opened my eyes again the two men were there but the woman was gone I wiped my nose and my hand came away bloody I suddenly felt so sick and dizzy I thought I d had a stroke What the fuck In Pyongyang in 1994 Robert Egan was given Sodium Pentathol or truth serum by North Korean agents trying to determine his real identity What was he doing in the world s most isolated nation while the U S government recoiled at its human rights record and its quest for dangerous nukes Why had he befriended one of North Korea s top envoys to the United Nations What was Egan after Fast paced and often astounding Eating with the Enemy is the tale of a restless restaurant owner from a mobbed up New Jersey town who for thirteen years inserted himself into the high stakes diplomatic battles between the United States and North Korea Egan dropped out of high school in working class Fairfield New Jersey in the midseventies and might have followed his father s path as a roofing contractor But Bobby had bigger plans for himself and after a few years wasted on drugs and petty crime his life took an astonishing turn when his interest in the search for Vietnam era POWs led to an introduction in the early nineties to North Korean officials desperate to improve relations with the United States So Egan turned his restaurant Cubby s into his own version of Camp David Between ball games fishing trips and heaping plates of pork ribs he advised deputy ambassador to the United Nations Han Song Ryol and other North Koreans during tumultuous years that saw the death of Kim Il sung and the rise of Kim Jong il false starts toward peace during the Clinton administration the Bush Axis of Evil era and North Korea s successful test of a nuclear weapon in 2006 All the while Egan informed for the FBI vexed the White House with his meddling chaperoned the communist nation s athletes on hilarious adventures and nearly rescued a captured U S Navy vessel all in the interest of promoting peace Egan parses U S foreign policy with a mobster s street smarts and he challenges the idea that the United States should not have relations with its adversaries The intense yet unlikely friendship between him and Ambassador Han provides hope

for better relations between enemy nations and shows just how far one lone citizen can go when he tries to right the world's wrongs Democracy for Hire Dennis W.
