Beyond Bumper Sticker Ethics Steve Wilkens,2011-08-02 Steve Wilkens exposes the complex ethical systems lurking behind the most common slogans of our culture offering a Christian evaluation of each In this revised and expanded edition the author has updated his introductory remarks about each ethical system and has included new chapters on evolutionary ethics and narrative ethics

Receptions and Transformations of the Bible Kirsten Jensen,2009-04-22 These volumes of Religion and Normativity present the latest research in three central fields Volume II deals with Reception and Transformation of the Bible as it occurs in modern literature in both Danish and English philosophy including Kierkegaard and Jewish and Christian religious practice The researchers base their work on the

theories and methods of the study of religion philosophy theology and literature **Freud, V.1** Paul E.

Stepansky,2015-01-28 A response to the veritable renaissance in Freud studies Freud Appraisals and Reappraisals presents the readers with the fruits of recent scholarship on Freud the man and scientist and the origins and development of the psychoanalytic movement spawned by his work The premier volume of this series offers three major essays embodying different tributaries of contemporary Freud research Peter Swales drawing on extensive archival research reveals the identity and explores the life and times of the woman Freud terms his first teacher but presented to his readers only as the Frau Caecilie M of the Studies on Hysteria Barry Silverstein brings together complementary strands of textual analysis and psychobiographical reconstruction in his provocative reconsideration of the circumstances surrounding Freud's lost papers on metapsychology Finally Edwin Wallace's integrative review of Freud's scattered remarks on ethics and morality combined with his appraisal of Freud's personal ethics yield a measured and scholarly account of Freud as ethicist Briefer essays on Freud and the oral tradition Patrick Mahony Freud's psychology of religion Paul Stepansky and recent assessments of Freud's character John Gedo round out a volume that is destined for a place of distinction in the secondary literature on Freud Collectively these essays represent a most auspicious debut for the new series they admirably bear out Paul Stepansky's intent of presenting readers with original articles that embody high scholarship and a thought provoking and imaginative use of the fruits of this scholarship **Méthod(e)s** Jean-Bernard Ouédraogo,2021-08-09 The bilingual French English journal M

thod e s founded in 2015 is an African initiative with the objective to enlarge the methodological debates on the Global South The desire for a strong understanding of methodology is to situate it above academic trends thereby placing it in line with a universal history of the sciences Just as calling dominant paradigms into question leaves room for creative opportunities so does the comparison of theoretical approaches and technical models of data collection Questions related to methods are not purely technical or merely philosophical reflections The examination of the method used in scientific investigations necessarily leads us to question the validity and consequences of research results From this point of view the journal M thod e s is not a forum for simple discussions on the mechanics of research but a tool to question social interests influencing academic research and giving it a political function It is also intended to lead to a more critical look at the creation of theories dealing with the status of individuals and societies in Africa and the Global South M thod e s aims to bring into question connect and compare the theoretical technical and political foundations of the social sciences as applied to human societies Each contribution is followed by a summary in the respectively other language In order to ensure a broad intellectual reach the editors reserve the right to include articles written in other languages All the abstracts of the papers are also available in Arabic Chinese and Spanish **The Two Sovereigns** Keith Tester,2002-01-31 Keith Tester examines

modernity through the prism of the two sovereigns of the individual and the collectivity It is a stimulating meditation on the difficult and contradictory experiences of European modernity **Mental Culture** Dimitris Xygalatas,William

McCorkle,2016-04-01 Why is the set of human beliefs and behaviours that we call religion such a widespread feature of all known human societies past and present and why are there so many forms of religiosity found throughout history and culture Mental Culture brings together an international range of scholars from Anthropology History Psychology Philosophy and Religious Studies to answer these questions Connecting classical theories and approaches with the newly established field of the Cognitive Science of Religion the aim of Mental Culture is to provide scholars and students of religion with an overview of contemporary scientific approaches to religion while tracing their intellectual development to some of the great thinkers of the past

The Nature of War Jim Stempel,2014-11-26 For over 12 000 years human beings have warred slaughtering each other with persistence and brutality From spear point to thermonuclear ordnance human ingenuity has had a serious downside In the 20th century alone wars claimed more than 90 million lives Yet war s origins meaning and evolution over the millennium remain to this day a mystery Why is warfare almost as old as man himself How is it that a creature capable of producing great art architecture literature medicine and wondrous acts of compassion is simultaneously capable of such cruel and wanton slaughter To answer these and other questions this thoughtful study journeys across time and disciplines to examine and sensibly explain human warfare clarify its source and driving energy and thoughtfully develop the prospect of a true and lasting peace

Lineages of the Global City Shibden Banerji,2025-07-08 The forgotten history of the occult foundations of the early twentieth century global city War revolution genocide rebellion slump The economic and political turmoil of the early twentieth century seemed destined to rip asunder the ties that bound colonizers and the colonized to one another The upheaval represented an opportunity and not just to nationalists who imagined new homelands or to socialists who dreamed of international brotherhood For modernists in the orbit of various occultisms the crisis of empire also represented an opportunity to reveal humanity s fundamental unity and common fate Lineages of the Global City recounts a continuous if also contentious transnational exchange among modernists and occultists across the Americas Europe South Asia and Australia between 1905 and 1949 At stake were the feelings and affect of a new global subject who would perceive themselves as belonging to humanity as a unified whole and the urban environment that would foster their subjectivity The interventions in this debate which drew in the period s most renowned modernists took the form of a succession of plans for cities suburbs and

communes as well as experiments in building drawing printmaking filmmaking and writing Weaving together postcolonial feminist and Marxist insight on subject formation Shibden Banerji advances a new way of understanding modernist urban space as the design of subjective effects
