Distinguished Outsider Christian Rogowski, 1994 A study of the shifts of critical opinion on Musil with special reference to The Man Without Qualities Austrian writer Robert Musil 1880-1942 ranks with Proust Joyce Kafka and Thomas Mann as a master of the modern prose narrative his works encompass a wide range of theoretical and aesthetic impulses ranging from Nietzsche to Mach from Gestalt theory to Freudian psychoanalysis This volume traces the scholarly reception of Musil's works marked by discontinuities and abrupt shifts of perception At the beginning of his career Musil was stereotyped as an author primarily interested in morally questionable psychological issues before being plunged into near oblivion by his exile forced by National Socialism After the Second World War he was rediscovered but the development of Musil studies was severely hampered by the inability to determine an authoritative edition of his unfinished masterpiece *Der Mann ohne Eigenschaften* The Man without Qualities 1930-43 Professor Rogowski shows how successive generations of scholars have appropriated Musil for their own ends constructing a bewildering and often contradictory array of images of the author according to their own ideological and methodological biases and how this multitude of different perspectives corresponds with changes in German studies and historical developments over the past four decades In so doing he sheds new light on Musil's paradoxical status as in the words of Frank Kermode the least read of the great twentieth century novelists CHRISTIAN ROGOWSKI is assistant professor of German at Amherst College

Robert Musil and the Culture of Vienna Hannah Hickman, 1984 Robert Musil 1880-1942 author of The Man without Qualities is one of the handful of most important writers of the twentieth century Among Anglophone readers Musil has enjoyed a dedicated cult following but until recently poor translations and radical misunderstandings of his aims and techniques have retarded the full appreciation of

his genius Hannah Hickman's compact survey of Musil's work and influences has won recognition as the only adequate introduction to its subject. Hickman has taken advantage of a wealth of recently available evidence to give a reliable account of this often baffling and immensely subtle writer.

Understanding Robert Musil Allen Thiher, 2009 Deft analysis of the fiction, theater and essays of the author of *The Man without Qualities*. In this critical introduction to the major works of Austrian modernist writer Robert Musil (1880-1942) Allen Thiher offers deft analysis of Musil's short fiction, theater and essays and his major novel *The Man without Qualities*. Thiher maps Musil's development as a writer illustrating how his work evolved in response to catastrophic historical events such as World War I, the collapse of the Austro-Hungarian Empire and Hitler's seizure of power. From this historical context Thiher traces how Musil began his career by writing a prescient first novel about ideological developments in German culture and at the same time a doctoral thesis on scientific epistemology. Following his service in World War I, Musil began to view writing as his vocation and during this early period in his literary career he produced short fiction, plays and some of the most interesting essays on politics, ethics and literature to be published during the Weimar era. In exploring these writings as well as *The Man without Qualities*, a work left unfinished upon Musil's death in exile during World War II, Thiher's study plumbs the depths of Musil's ambition and accomplishments and presents a concise interpretation of the lasting significance of the writer's interrogations of the foundations of modern European culture.

Responses to Secularization in Robert Musil's *The Man Without Qualities* Barbara Frances Hyams, 1982

Musil's Socratic Discourse in *Der Mann Ohne Eigenschaften* Daniel Brooks, 1989 This study asserts that a philosophical affinity exists between Socrates and Ulrich, the man without qualities of Musil's novel. Both figures are characterized by their negativity and their opposition to institutionalized values and both are considered dangerous to the state. In exploring this relationship, conceptual parallels emerge in both Kierkegaard's and Nietzsche's depictions of the Socratic character. These parallels help to define Ulrich's function in *Der Mann ohne Eigenschaften*, particularly in relation to Musil's understanding of truth and moral value in the world.

Robert-Musil-Handbuch Birgit Nübel, Norbert Christian Wolf, 2016-10-24 Der österreichische Autor Robert Musil (1880-1942) war Militär, Ingenieur und promovierter Philosoph. Er hat neben seinem fragmentarischen Roman *Der Mann ohne Eigenschaften* (1930-32) Dramen, Erzählungen, Essays, Rezensionen sowie einen umfangreichen Nachlass hinterlassen. Das Handbuch bietet LiteraturwissenschaftlerInnen wie interessierten Laien eine umfassende Übersicht zu Leben, Werk und Wirkung Musils. Zugleich werden Forschungsperspektiven auf eines der wichtigsten Werke der deutschsprachigen klassischen Moderne eröffnet: das einen diskursiven Querschnitt durch Kultur und Wissensgeschichte zeitgenössische Philosophie, Ästhetik, Natur und Technikwissenschaft präsentierte.

Robert Musil Matthias Luserke, 2016-12-13 Matthias Luserke legt die erste wissenschaftliche Einführung in das Werk des österreichischen Schriftstellers Robert Musil vor. Neben *Der Mann ohne Eigenschaften* werden auch der Titel *Die Essays*, Theaterstücke, die

kurze Prosa und der Nachlass gebührend vorgestellt. Luserke gibt Anregungen für eine neue Lesart des Musilschen Werks und versucht die Musil-Forschung aus ihrer jahrzehntelangen Isolation herauszuführen und an derzeitige literaturwissenschaftliche Standards anzuschließen. Ein beigefügtes Stichwortregister zum Mann ohne Eigenschaften hilft diesen Roman zu erschließen.

The German Novel in the Twentieth Century David R. Midgley, 1993. From the demise of realism to the origins and growth of modernism, this book examines 20th century German writing. It gives an account of developments in narrative technique as German novelists lived through a century of cultural and political change culminating in the Reunification. Using selected novels by Fontane, Rilke, Musil, Kafka, Hesse, Döblin, Thomas Mann, Günter Grass, Uwe Johnson and Christa Wolf, the book sets out close studies of the relationship between theme and technique. It shows how authors questioned and subverted the conventions of 19th century literary realism yet were still heavily influenced by it. Easing the transition of literary criticism from a realist approach to a more modern perception of literature, the book also includes a full guide to further reading.
