Browning's work is steeped in his wide and idiosyncratic knowledge of literature, music, art, history, and popular culture, but a new and distinctive touch comes from the sights, sounds, and textures of ordinary life in Italy. Based on a comprehensive study of textual and contextual sources, including a significant amount of hitherto undiscovered or unpublished manuscripts of poems and letters, this volume offers the most complete and informative edition of works that are central to Browning's achievement. In addition, Browning's most important work of critical prose, the *Essay on Shelley*, is presented in an appendix with full annotation, and poems which refer to specific works of painting or sculpture are illustrated with colour plates. Volume four presents the poetry Browning produced during the decade following the death of his wife, including *Dramatis Personae*, which heralded a re-evaluation of his critical reputation, and *The Ring and the Book*, which many consider to be his greatest work. *The Poems of Browning* represents the most informative and up-to-date edition of the works of one of England's greatest poets.

The Poems of Browning: Volume Four John Woolford, Daniel Karlin, Joseph Phelan, 2014-05-12

The Poems of Robert Browning is a multi-volume edition of the poetry of Robert Browning, 1812–1889, resulting from a completely fresh appraisal of the canon, text, and context of his work. The poems are presented in the order of their composition and in the text in which they were first published, giving a unique insight into the origins and development of Browning's art. Annotations and headnotes, in keeping with the traditions of Longman Annotated English Poets, are full and informative and provide details of composition, publication sources, and contemporary reception. Volumes one (1826–1840) and two (1841–1846) presented the poems from Browning's early years, while volume three (1847–61) covered the period of his marriage to Elizabeth Barrett and residence in Italy. Volume four (1862–71) deals with the decade following Elizabeth's death and Browning's return to England. These years saw the appearance of some of his most significant work and a steady rise in his critical reputation. In *Dramatis Personae* (1864) Browning uses his characteristic dramatic mode to expose predicaments of thought and feeling in characters ranging from Shakespeare's Caliban to the cheating medium Mr Sludge; other poems dramatize Browning's complicated feelings about the deceptions and self-deceptions of romantic love. *Balaustion's Adventure* (1871) is an engaging reworking of Euripides' *Alcestis*, whose theme—the resurrection of a beloved lost wife—has poignant personal resonance for Browning, while *Prince Hohenstiel-Schwangau*, published in the same year, offers a thinly veiled account of the life and actions of Napoleon III, the recently deposed Emperor of France, over whom Browning and Elizabeth had quarrelled. In these two long poems, Browning can be seen engaged in the dialogue with Elizabeth that was to shape much of his work during the remainder of his writing life.

Robert Browning John Woolford, Daniel Karlin, 2014-09-11

Robert Browning (1812–89) rivals Tennyson as the major Victorian poet, with such important works as *Dramatic Lyrics*, *Dramatic Romances and Lyrics*, *Men and Women*, *Dramatis Personae*, and the monumental *The Ring and the Book*. He is known for his development of the dramatic monologue, in which he recreated the world of Renaissance Italy and provided subtle and complex explorations of character. Here Daniel Karlin and John Woolford provide a thematic survey of Browning's often difficult work, using key

poems as a common point of reference The themes covered include styles genres the mind the world interaction and criticism This excellent survey will be of value to students of Victorian literature and modernism Elizabeth Barrett Browning's
