Robert Creeley, Edward Dorn, and Robert Duncan Willard Fox, 1989 The Lost America of Love Sherman Paul, 1981-01-01 **Robert Duncan and the Pragmatist Sublime** James Maynard, 2018-05 This book examines three historical phases of the poet Robert Duncan's writing within the aesthetic and philosophical context of a pragmatist sublime. The author traces Duncan's poetics of process which like process philosophy is predicated on conditions of change and plenitude to the pragmatist tradition of William James John Dewey and Alfred North Whitehead. Working from this theoretical framework and using the archival resources of the Robert Duncan Collection housed in the University of Buffalo's Poetry Collection James Maynard examines Duncan's understanding of excess in relation to poetry. *Ed Dorn Live* Edward Dorn, 2007 Collects the commentary of the later years and last days of one of America's most powerful and unique poets.

Edward Dorn, Charles Olson, and the American West Paul Varner, 2020-03-12 This book examines the poetics of the 20th century American West depicted by Edward Dorn through the influence and inspiration of his Black Mountain College mentor and fellow poet Charles Olson. It considers some of the most important and challenging poetic representations of the 20th century American West to come out of the Beat Movement and avant garde literary scene. **The New American Poetry, 1945-1960** Donald Allen, 1999 Donald Allen's prophetic anthology had an electrifying effect on two generations at least of American poets and readers. More than the repetition of familiar names and ideas that most anthologies seem to be about here was the declaration of a collective intelligent and thoroughly visionary work in progress the primary example for its time of the anthology as manifesto. Its republication today complete with poems statements on poetics and autobiographical projections provides us again with a model of how a contemporary anthology can and should be shaped. In these essentials it remains as fresh and useful a guide as it was in 1960. Jerome Rothenberg editor of *Poems for the Millennium*. The New American Poetry is a crucial cultural document central to defining the poetics and the broader cultural dynamics of a particular historical moment. Alan Golding author of *From Outlaw to Classic* Canons in American Poetry.

Woznicki, 2013-12-24 The New American Poetry Fifty Years Later is a collection of critical essays on Donald Allen's 1960 seminal anthology *The New American Poetry* an anthology that Marjorie Perloff once called the fountainhead of radical American poetics *The New American Poetry* is referred to in every literary history of post World War II American poetry Allen's anthology has reached its fiftieth anniversary providing a unique time for reflection and reevaluation of this preeminent collection As we know Allen's anthology was groundbreaking it was the first to distribute widely the poetry and theoretical positions of poets such as Charles Olson Allen Ginsberg and the Beats and it was the first to categorize these poets by the schools Black Mountain New York School San Francisco Renaissance and the Beats by which they are known today Over the course of fifty years this categorization of poets into schools has become one of the major if not only way that *The New American Poetry* is remembered or valued one certain goal of this volume as one reviewer invites is to pry *The New American Poetry* out from the hoary platitudes that have encrusted it To this point critics mostly have examined *The New American Poetry* as an anthology former treatments of *The New American Poetry* look at it intently as a whole Though the almost singularly focused study of its construction and less often reception has lent a great deal of documented highly visible and debated material in which to consider we have been left with certain notions about its relevance that have become imbued ultimately in the collective critical consciousness of postmodernity This volume however goes beyond the analysis of construction and reception and achieves something distinctive extending those former treatments by treading on the paths they create This volume aims to discover another sense of radical that Perloff articulated rather than a radical that departs markedly from the usual we invite consideration of *The New American Poetry* that is radical in the sense of root of harboring something fundamental something inherent as we uncover and trace further elements correlated with its widespread influence over the
