Robert Longo 1995:

Robert Longo 1995 Robert Longo, APT International Inc, 1995 **Youth Fantasies: The Perverse Landscape of the Media** Jan Jagodzinski, 2004-08-20 Youth Fantasies is a collection of studies conducted in cross cultural collaboration over the past ten years that theorizes youth fantasy as manifested through the media of TV film and computer games Unlike other media studies and education books the authors employ both Lacanian and Kleinian psychoanalytic concepts to attempt to make sense of teen culture and the influence of mass media The collection includes case studies of X Files fans the influence of computer games and the Lara Croft phenomenon and the reception of Western television by Tanzanian youth The authors see this book as a much needed reconciliation between cultural studies and Lacanian psychoanalysis and attempt to highlight why Lacan is important to note when exploring youth fantasy and interest in the media especially in shows like X Files

Vaidhyathan Chair of the Department of Media Studies at The University of Virginia In the 1980s and 1990s the internet became a major player in the global economy and a revolutionary component of everyday life for much of the United States and the world It offered users new ways to relate to one another to share their lives and to spend their time shopping working learning and even taking political or social action Policymakers and news media attempted and often struggled to make sense of the emergence and expansion of this new technology They imagined the internet in conflicting terms as a toy for teenagers a national security threat a new democratic frontier an information superhighway a virtual reality and a framework for promoting globalization and revolution Schulte maintains that contested concepts had material consequences and helped shape not just our sense of the internet but the development of the technology itself *Cached* focuses on how people imagine and relate to technology delving into the political and cultural debates that produced the internet as a core technology able to revise economics politics and culture as well as to alter lived experience Schulte illustrates the conflicting and indirect ways in which culture and policy combined to produce this transformative technology Stephanie Ricker Schulte is an Assistant Professor of Communication at the University of Arkansas In the Critical Cultural Communication series

Cinemas Dark and Slow in Digital India Lalitha Gopalan, 2021-02-12 This book provides a sustained engagement with contemporary Indian feature films from outside the mainstream including Aaranaya Kaandam I D Kaul Chauthi Koot Cosmic Sex and Gaali Beeja to undercut the dominance of Bollywood focused film studies Gopalan assembles films from Bangalore Chennai Delhi Kolkata and Trivandrum in addition to independent productions in Bombay cinema as a way of privileging understudied works that deserve critical attention The book uses close readings of films and a deep investigation of film style to draw attention to the advent of digital technologies while remaining fully cognizant of the digital as a cryptic formulation for considering the sea change in the global circulation of film and finance This dual focus on both the techno material conditions of Indian cinema and the film narrative offers a fulsome picture of changing narratives and shifting genres and styles *Cyberspace Odyssey* Jos de Mul, 2010-04-16 The emergence of the hominids more than five million years ago marked the start of the human odyssey through space and time This book deals with the last stage of this fascinating journey the exploration of cyberspace and cybertime Through the rapid global implementation of information and communication technologies a new realm for human experience and imagination has been disclosed Reversely these postgeographical and posthistorical technologies have started to colonize our bodies and minds Taking Homer's *Odyssey* and Kubrick's 2001 *A Space Odyssey* as his starting point the author investigates the informatization of the worldview focusing on its implications for our culture arts religion and science and ultimately our form of life Moving across a wide range of disciplines varying from philosophical anthropology and palaeontology to information theory and from astrophysics to literary film and new media studies the author discusses our cyberspace odyssey from a reflective position beyond euphoria and nostalgia His analysis is as profound as nuanced and deals with issues that will be high on the agenda for many decades to come In 2003 a

Dutch Edition of Cyberspace Odyssey received the Socrates Prize for the best philosophy book published in Dutch **East Asian Screen Industries** Darrell Davis, Emilie Yueh-yu Yeh, 2019-07-25 East Asian Screen Industries is a guide to the film industries of Japan South Korea Taiwan Hong Kong and the PRC The authors examine how local production has responded to global trends and explore the effects of widespread de regulation and China s accession to the World Trade Organisation

The Action and Adventure Cinema Yvonne Tasker, 2004-08-19 Addressing areas such as genre film history and style action and spectacle stars and bodies action auteurs and the film industry the reader covers both Hollywood and also European and Asian action cinema Historical Dictionary of Japanese Cinema Jasper Sharp, 2011-10-13 The cinema of Japan predates that of Russia China and India and it has been able to sustain itself without outside assistance for over a century Japanese cinema s long history of production and considerable output has seen films made in a variety of genres including melodramas romances gangster movies samurai movies musicals horror films and monster films It has also produced some of the most famous names in the history of cinema Akira Kurosawa Hayao Miyazaki Beat Takeshi Toshir Mifune Godzilla The Ring Akira Rashomon and Seven Samurai The Historical Dictionary of Japanese Cinema is an introduction to and overview of the long history of Japanese cinema It aims to provide an entry point for those with little or no familiarity with the subject while it is organized so that scholars in the field will also be able to use it to find specific information This is done through a detailed chronology an introductory essay and appendixes of films film studios directors and performers The cross referenced dictionary entries cover key films genres studios directors performers and other individuals This book is an excellent access point for students researchers and anyone wanting to know more about Japanese cinema

Genealogy of Popular Science Jesús Muñoz Morcillo, Caroline Y. Robertson-von Trotha, 2020-10-27 Despite the efforts of modern scholars to explain the origins of science communication as a social rhetorical and aesthetic phenomenon most researchers approach the popularization of science from the perspective of present issues thus ignoring its historical roots in classical culture along with its continuities disruptions and transformations This volume fills this research gap with a genealogically reflected introduction into the popularization of science as a recurrent cultural technique The category popular science is elucidated in interdisciplinary and diachronic dialogue discussing case studies from all historical periods Classicists archaeologists medievalists art historians sociologists and historians of science provide the first diachronic and multi layered approach to the rhetoric techniques aesthetics and societal conditions that have shaped the dissemination and reception of scientific knowledge *The Sexual Politics of Time* Susannah Radstone, 2007-12-03 Looking at a diverse range of texts including Marilyn French s *The Women s Room* Philip Roth s *Patrimony* the writings of Walter Benjamin and Fredric Jameson and films such as *Cinema Paradiso* Susannah Radstone argues that though time has been foregrounded in theories of postmodernism those theories have ignored the question of time and sexual difference *The Sexual Politics of Time* proposes that the contemporary western world has witnessed a shift from the age of confession to the era of memory In a

series of chapters on confession nostalgia the memories of boyhood film and the memoir Susannah Radstone sets out to complicate this claim Developing her argument through psychoanalytic theory she proposes that an attention to time and sexual difference raises questions not only about the analysis and characterization of texts but also about how cultural epochs are mapped through time The Sexual Politics of Time will be of interest to students and researchers of time memory difference and cultural change in subjects such as Media and Cultural Studies Sociology Film Studies

Object Fantasies Philippe Cordez,Romana Kaske,Julia Saviello,Susanne Thürigen,2018-09-10 In the modern lexicon object refers to an entity that is materially constituted spatially defined and functionally determined In contrast the Latin word fantasia has since antiquity referred to an apparition or the ability to imagine something that could be equally an object an image or a concept This tension prompts further inquiry into the interrelations and differences between the experience of tangible objects their perception and handling and the creation of new objects their conception and formation What correlations exist between object fantasies the self consciousness of subjects and the concrete and imagined conditions of human beings social lives By addressing this question this interdisciplinary book opens new perspectives in the field of object studies

Architecture and Science-Fiction Film David T. Fortin,2016-12-05 The home is one of our most enduring human paradoxes and is brought to light tellingly in science fiction SF writing and film However while similarities and crossovers between architecture and SF have proliferated throughout the past century the home is often overshadowed by the spectacle of otherness The study of the familiar home within the alien SF creates a unique cultural lens through which to reflect on our current architectural condition SF has always been linked with alienation however the conditions of such alienation and hence notions of home have evidently changed There is often a perceived comprehension of the familiar that atrophies the inquisitive and interpretive processes commonly activated when confronting the unfamiliar Thus by utilizing the estranging qualities of SF to look at a concept inherently linked to its perceived opposite the home a unique critical analysis with particular relevance for contemporary architecture is made possible

The Routledge Companion to Adaptation Dennis Cutchins,Katja Krebs,Eckart Voigts,2018-04-17 The Routledge Companion to Adaptation offers a broad range of scholarship from this growing interdisciplinary field With a basis in source oriented studies such as novel to stage and stage to film adaptations this volume also seeks to highlight the new and innovative aspects of adaptation studies ranging from theatre and dance to radio television and new media It is divided into five sections Mapping which presents a variety of perspectives on the scope and development of adaptation studies Historiography which investigates the ways in which adaptation engages with and disrupts history Identity which considers texts and practices in adaptation as sites of multiple and fluid identity formations Reception which examines the role played by an audience considering the unpredictable relationships between adaptations and those who experience them Technology which focuses on the effects of ongoing technological advances and shifts on specific adaptations and on the wider field of adaptation An emphasis on adaptation as practice establishes methods of

investigation that move beyond a purely comparative case study model The Routledge Companion to Adaptation celebrates the complexity and diversity of adaptation studies mapping the field across genres and disciplines **Special Effects** Michele Pierson, 2002 Moving from an exploration of 19th century popular science and magic to Hollywood science fiction cinema of our time Pierson examines the history advancements and connoisseurship of special effects *Screen Traffic* Charles R. Acland, 2003-11-13 A study of Hollywood the international markets and the way movies are actually shown in theaters *The Politics of Insects* Scott Wilson, 2011-08-18 Canadian film director David Cronenberg has long been a figure of artistic acclaim and public controversy Bursting into view with a trio of shocking horror films in the 1970s Cronenberg's work has become increasingly complex in its sensibilities and inward looking in its concerns and themes This trajectory culminates in the multiplex successes of his most recent films which appear to conclude a straightforward evolutionary arc that begins in the cold outside of shock horror and arrives in the warm embrace of commercial and critical success Scott Wilson argues persuasively that Cronenberg's career can be divided into broad thematic stages and instead offers a complex examination of the relationship between three inter related terms the director as auteur the industry that support or denies commercial opportunity and the audience who receive interpret and support or decry the vision represented on screen *The Politics of Insects* provides an opportunity to explore Cronenberg's films in relation to each other in terms of their thematic continuity and in terms of their relationship to industrial concerns and audience responses Digital Imaging in Popular Cinema Lisa Purse, 2013-01-07 Explores how film analysis can take account of the presence of digital images in cinema Not just for digital effects enthusiasts this book is essential for anyone interested in how to approach film critically it is a toolbox for contemporary film analysis
