Arthur Moore (novelist.), 1903 **The English Catalogue of Books Published from January, 1835, to January, 1863**, 1864 **Augustus Saint-Gaudens, Master Sculptor** Kathryn Greenthal, 1985 Kathryn Greenthal s Augustus Saint Gaudens Master Sculptor is a critical study of one of the greatest artists this country has produced The book recounts the sculptor s early days in New York as a cameo cutter s apprentice and his student years in France and Italy and identifies the sources of European influence from which he honed his native talent and earned his place in the international sculptural hierarchy The author examines Saint Gaudens s major achievements and reveals the associations working methods and fortunes of a man whose career flourished in the last quarter of the nineteenth century and the opening years of the twentieth Saint Gaudens established himself in New York in the 1880s after periods of work and study in Paris and Rome His return to America coincided with the great age of Beaux Arts architecture and the sculptor s inspired association with Henry Hobson Richardson Charles McKim and Stanford White led to the creation of the works for which he is best known The copper figure of Diana that Saint Gaudens made to embellish the original Madison Square Garden is the work most strongly identified with the sculptor today Saint Gaudens s monuments to American heroes to Lincoln in Chicago to Farragut and

Sherman in New York and to Robert Gould Shaw in Boston demonstrate the Beaux Arts concern with decoration but also display a particularly American mythologizing quality In a sense these great men of history live in the public consciousness through the aspect of their characters Saint Gaudens chose to portray In another mode Saint Gaudens created large scale works of great intimacy most notably the Adams Memorial in Washington D C whose solitary figure represents the emotion of grief Throughout his career while he was at work on monumental commissions Saint Gaudens also produced many relief portraits that show the delicacy of his draughtsmanship Some of these are like sketches in bronze others are fully developed portraits In subject they range from a series of the sculptor s celebrated artist friends to distinguished personages and the children of wealthy patrons Finally late in his life Saint Gaudens was asked by Theodore Roosevelt to design coins The figures of Liberty and the eagles that decorated these ten and twenty dollar gold pieces remain emblems of the federal identity familiar and ideal Copiously illustrated with photographs those by Jerry L Thompson taken especially for the book Augustus Saint Gaudens Master Sculptor presents in dazzling array accounts of works described by John K Howat in the book s preface as possessing such superb qualities of line form color and surface that they capture equally our mind and our eye with the illusive impact of great beauty found only in the finest art objects

The Black Women Oral History Project. Cplt. Ruth Edmonds Hill,2013-06-21 No detailed description available for BLACK WOMEN ORAL HISTORY PROJECT CPLT E BOOK *Henry James: The Mature Master* Sheldon M. Novick,2020-04-14 The New York Times compared Sheldon M Novick s *Henry James The Young Master* to a movie of James s life as it unfolds moment to moment lending the book a powerful immediacy Now in *Henry James The Mature Master* Novick completes his super revelatory two volume account of one of the world s most gifted and least understood authors and of a vanished world of aristocrats and commoners Using hundreds of letters only recently made available and taking a fresh look at primary materials Novick reveals a man utterly unlike the passive repressed and privileged observer painted by other biographers Henry James is seen anew as a passionate and engaged man of his times driven to achieve greatness and fame drawn to the company of other men able to write with sensitivity about women as he shared their experiences of love and family responsibility James age thirty eight as the volume begins basking in the success of his first major novel *The Portrait of a Lady* is a literary lion in danger of being submerged by celebrity As his finances ebb and flow he turns to the more lucrative world of the stage with far more success than he has generally been credited with Ironically while struggling to excel in the theatre James writes such prose masterpieces as *The Wings of the Dove* and *The Golden Bowl* Through an astonishingly prolific life James still finds time for profound friendships and intense rivalries *Henry James The Mature Master* features vivid new portraits of James s famous peers including Edith Wharton Oscar Wilde and Robert Louis Stevenson his close and loving siblings Alice and William and the many compelling young men among them Hugh Walpole and Howard Sturgis with whom James exchanges professions of love and among whom he thrives We see a master converting the materials of an active life into great art Here too as one

century ends and another begins is James's participation in the public events of his native America and adopted England. As the still feudal European world is shaken by democracy and as America sees itself endangered by a wave of Jewish and Italian immigrants, a troubled James wrestles with his own racial prejudices and his desire for justice. With the coming of world war, all other considerations are set aside and James enlists in the cause of civilization, leaving his greatest final works unwritten. Hailed as a genius and a warm and charitable man and derided by enemies as false, effeminate and self-infatuated, Henry James emerges here as a major and complex figure, a determined and ambitious artist who was planning a new novel even on his deathbed. In *Henry James: The Mature Master*, he is at last seen in full, along with its predecessor volume; this book is bound to become the definitive biography. NOTE: This edition does not include a photo insert. *The Massachusetts Library Club Bulletin*, 1924 **Subject Catalogue of Books in the Central Circulating Library**, Toronto Public Libraries, 1898

Robert Louis Stevenson and the Colonial Imagination, Ann C. Colley, 2017-07-05. In her distinguished and hauntingly rendered book, Ann C. Colley provides a fresh insight into Stevenson's multi-voiced South Seas fiction, as well as into the particulars and complications of living within a newly established site of Empire. Bringing to light information from the archives of the London Missionary Society, the Writers Museum, Edinburgh, the Beinecke Library, Yale University, the Huntington Library, San Marino, California, and the Royal Geographical Society, London, Colley examines Stevenson's complex involvement with the colonial imagination. Her exploration of the missionary culture surrounding Robert Louis Stevenson during the last six years of his life (1888-1894) uncovers hitherto unscouted routes by which to understand Stevenson's multi-layered fiction, as well as his experiences in the South Seas, both as a traveler and as a resident colonial in Samoa. This context offers a new and important approach to Stevenson's views on memory, alienation, power, class, and nationhood.

Morris, Robert Benedetto, 2019-04-30. Tracing the lives of some two hundred Native Hawaiian teachers, preachers, pastors, and missionaries, N. Kahu provides new historical perspectives of the indigenous ministry in Hawai'i. These Christian emissaries were affiliated first with the American Board of Commissioners for Foreign Missions and later with the Hawaiian Evangelical Association. By the mid-1850s, literate and committed Hawaiians were sailing to far reaches of the Pacific to join worldwide missionary endeavors. Geographical locations ranged from remote mission stations in Hawai'i, including the Hansen's disease community at Kalaupapa, the Marquesan Islands, Micronesia, fur trade settlements in Northwest America, and the gold fields of California. In their reports and letters, the pastors and missionaries pour out their hopes and discouragements, their psychological and physical pain, and details of their everyday lives. The first part of the book presents the biographies of nineteen young Hawaiians studying as messengers of Christianity in the remote New England town of Cornwall, Connecticut, along with heathen from other lands. The second part, the core of

the book moves to Hawai i tracing the careers of pastors and missionaries as well as recognizing their intellectual and political endeavors There is also a discussion of the educational institutions established to train an indigenous ministry and the gradual acceptance of ordained Hawaiians as equals to their western counterparts Included in an appendix is the little known story of Christian ali i Hawaiian chiefs both men and women who contributed to the mission by lending their authority to the cause and by contributing land and labor for the construction of churches The biographies reveal the views of pastors on events leading to the overthrow of the Hawaiian Kingdom which brought about great divisions between the haole and Hawaiian ministry Many Hawaiian pastors who sided with the new Provisional Government and then the Republic were expelled by their own congregations loyal to the monarchy During the closing years of the century alternate forms of Christianity emerged and those pastors drawn to these syncretic faiths add their perspectives to the book Perhaps the most illuminating biographies are those in which the pastors give voice to a faith that blends traditional Hawaiian values with an emerging ecumenical Christianity
