Miami Pops!, 1996 **Robert Smithson, a Retrospective View** Robert Carleton Hobbs, 1983 **New York**, 1994 *Art in America* Frank Jewett Mather, Frederic Fairchild Sherman, 2002-07 *Off the Wall* Calvin Tomkins, 2005-11-29 This book chronicles the creative period of the 1950s and 1960s a high point in American art In his collaborations with Merce Cunningham and John Cage and as a pivotal figure linking abstract expressionism and pop art Robert Rauschenberg was part of a revolution during which artists moved art off the walls of museums and galleries and into the center of the social scene Rauschenberg s vitally important and productive career spans this revolution reaching beyond it to the present day The book features the artists and the art world surrounding Rauschenberg from Jackson Pollock and Willem de Kooning to Jasper Johns Frank Stella and Andy Warhol together with dealers Betty Parsons and Leo Castelli and the patron Peggy Guggenheim *The New Yorker* Harold Wallace Ross, Katharine Sergeant Angell White, 1994-08 *The Alice and Harris Weston Collection of Post-war Art* Sue Taylor, Cincinnati Art Museum, 1989 *Exploring Visual Culture* Matthew Rampley, 2005 An introduction to the study of visual culture this book offers a view of visual culture that includes not only images but also other visual media and forms of expression from architecture to fashion design and the human body

The book is organised around three broad themes exploring key ideas and debates that have occurred during the last 20 or so years the meanings of the term visual culture and of the various practices that form its basis conceptual approaches to the contemporary analysis of visual culture the cultural social and historical contexts informing its production distribution and consumption Drawing on a wide range of examples from the last 100 years the book adopts a cross disciplinary perspective it also explores however the limits of visual culture as an interdisciplinary field of study engaging in current debates about the uses and value of the study of visual culture It will therefore be of value both for readers new to the subject and also for those seeking fresh interventions into contemporary discussions within the field Features Accessibly written by a team of experts in the field Illustrated throughout Includes chapters on a wide range of visual forms including architecture and urban design film crafts fashion design fine art and the media *All God's Children and Blue Suede Shoes (With a New Introduction / Redesign)* Ken Myers, 2012-02-29 Every generation faces unique challenges The first century Church had Caesar's lions and the Colosseum And while it might seem like an unlikely comparison the challenge of living with popular culture may well be as serious as persecution was for the saints of old Today we witness the tremendous power of pop culture to set the pace and priorities of our lives We simply cannot afford to be indifferent about culture's influence nor can we escape it glibly condemn it or Christianize it Cultural expert Ken Myers helps us to engage pop culture from a historical and experiential perspective so that we can live in it with wisdom and discernment *A Companion to V.* J. Kerry Grant, 2011-03-15 To the uninitiated Thomas Pynchon's *V* seems to defy comprehension with its open ended and fragmented narrative huge cast of characters some 150 of them and wide range of often obscure references J Kerry Grant's *Companion to V* takes us through the novel chapter by chapter breaking through its daunting surface by summarizing events and clarifying Pynchon's many allusions The *Companion* draws extensively from existing critical and explicative work on *V* to suggest the range of interpretations that the novel can support The hundreds of notes that comprise the *Companion* are keyed to the three most widely cited editions of *V* Most notes are interpretive but some also provide historical and cultural contexts or help to resurrect other nuances of meaning Because it does not constitute a particular reading of or take on the novel the *Companion* will appeal to a wide range of users Rather than attempting to make final sense of the novel the *Companion* exposes and demystifies Pynchon's intent to play with our conventional attitudes about fiction **Inside Smithsonian Research**, 2008 *Academic American Encyclopedia*, 1993 **Information Please Student Almanac, 1993** Information Please, Information Please Editors, Robert W Harris, 1992 Based on the bestselling Information Please Almanac this reference is a quick concise guide to the facts statistics persons places and events that have shaped our world in a handy hole punched binder format for today's students uide Guide to the Metric System Headline History from 5 Billion B C to Today and Countries of the World *The New Encyclopaedia Britannica*, 1974 **Who's who in the East**, 1983 **Art in America**, 2002
