Ahlpor, 1998-03-31 Keynes and the Classics Reconsidered is a collection of scholarly work re evaluating Keynes s revolution in economic thought both in the method of macroeconomic reasoning and in policy making This book brings together mostly a younger generation of economists to revisit Keynes s interpretation of the classics and its impact on macroeconomic theory and policy There has been a considerable advance in the literature re interpreting the classics and the early neoclassical economists Most of the contributing authors have themselves been active participants in this reinterpretation The participation of Robert Clower an active participant in the Keynes versus the classics debate since the 1960s brings a particularly significant retrospective to this fresh look at the record Keynes and the Classics Reconsidered will be of interest to policy makers and economists especially those working in the areas of macro and monetary economics

**The American New Woman Revisited** Martha H. Patterson, 2008 In North America between 1894 and 1930 the rise of the New Woman sparked controversy on both sides of the Atlantic and around the world As she demanded a public voice as well as private fulfillment through work education and politics American journalists debated and defined her Who was she and where did she come from Was she to be celebrated as the agent of progress or reviled as a traitor to the traditional family Over time the dominant version of the American New Woman became typified as white educated and middle class the suffragist progressive reformer and bloomer wearing bicyclist By the 1920s the jazz dancing flapper epitomized her Yet she also had many other faces Bringing together a diverse range of essays from the periodical press of the late nineteenth and early twentieth centuries Martha H Patterson shows how the New Woman differed according to region class politics race ethnicity and historical circumstance In addition to the New Woman s prevailing incarnations she appears here as a gun

wielding heroine imperialist symbol assimilationist icon entrepreneur socialist anarchist thief vamp and eugenicist Together these readings redefine our understanding of the New Woman and her cultural impact *The Tailor*, 1908 Journal of the Executive Proceedings of the Senate of the United States of America United States. Shea, 2003 The pressures of contemporary electioneering force political professionals into campaign mode a state of mind that merges a visceral drive to win elections with a deep seated habit of strategic thinking Wise political professionals know the basic rules of electoral strategy and how to read the political terrain Campaign Mode examines the strategic histories of five successful congressional candidates Ohio's Ted Strickland Georgia's Bob Barr California's Loretta Sanchez Tennessee's Harold Ford Jr and Pennsylvania's Rick Santorum The authors both of whom have advised major political figures combine original interviews survey data historical investigation and first hand observation of the candidates to reveal the inner workings of electoral politics They demonstrate that campaigns do matter and show readers how to think like political professionals *The Myth of Ham in Nineteenth-Century American Christianity* S. Johnson, 2004-12-02 This monograph is an original study of what is commonly termed the American myth of Ham It examines black and white Americans recourse to the biblical character of Ham as a cultural strategy for explaining racial origins Previous studies in the area have been restricted to associating the Hamitic idea with pro slavery arguments whereas the thesis of this project reveals a fundamental irony black American Christians who reinforced the meanings of illegitimacy by appealing to Ham as the ancestor of the race Military Review, 2000 *Journal of the Executive Proceedings of the Senate of the United States* United States. Congress Senate, 1887
