**Rose is Rose** Pat Brady,1989      *Soviet Theory of Knowledge* J.E. Blakeley,2013-03-09 This book offers a complete survey of contemporary Soviet theory of knowledge It is by no means meant to replace De Vries excellent treatise on the same subject Since De Vries depended mainly on the classics of Marxism and the few contemporary Soviet works which were available in German translation his account is at best an introduction to the contemporary period In a sense this book is complementary to his he presents the doctrines of the classics and criticizes them this book recounts what came after and what is going on now Epistemology and theory of knowledge are taken here as equivalent terms representing the Soviet gnoze%gija and teorija poznanija No attempt to justify the existence of such a philosophical discipline will be attempted here Even outside of this question of the legitimacy of epistemology it is not easy to delimit the domain of its purvey We have therefore taken it in a wider rather than narrow sense This means that some questions of logic and psychology have been taken up to the extent that they overlap with the field of philosophical consideration of knowledge      **String Processing and**

*Crises of the Sentence* Jan Mieszkowski,2019-04-02 There are few forms in which so much authority has been invested with so little reflection as the sentence Though a fundamental unit of discourse it has rarely been an explicit object of inquiry often taking a back seat to concepts such as the word trope line or stanza To understand what is at stake in thinking or not thinking about the sentence Jan Mieszkowski looks at the difficulties confronting nineteenth and twentieth century authors when they try to explain what a sentence is and what it can do From Romantic debates about the power of the stand alone sentence to the realist obsession with precision and revision to modernist experiments with ungovernable forms Mieszkowski explores the hidden allegiances behind our ever changing stylistic ideals By showing how an investment in superior writing has always been an ethical and a political as well as an aesthetic commitment *Crises of the Sentence* offers a new perspective on our love hate relationship with this fundamental compositional category
