

Rote Frauen

Lynn Abrams, Elizabeth Harvey

Rote Frauen:

Frauen Alison Owings, 2011 Analyses the group and individual decision making processes in terms of the sociological psychological and quantitative aspects *Sisters in Arms* Katharina Karcher, 2017-05-01 Few figures in modern German history are as central to the public memory of radical protest than Ulrike Meinhof but she was only the most prominent of the countless German women and militant male feminists who supported and joined in revolutionary actions from the 1960s onward *Sisters in Arms* gives a bracing account of how feminist ideas were enacted by West German leftist organizations from the infamous Red Army Faction to less well known groups such as the Red Zora It analyzes their confrontational and violent tactics in challenging the abortion ban opposing violence against women and campaigning for solidarity with Third World women workers Though these groups often diverged ideologically and tactically they all demonstrated the potency of militant feminism within postwar protest movements *Working Towards the Führer* Anthony McElligott, Tim Kirk, 2003 *Working towards the Führer* brings together leading historians writing on the Third Reich in honour of Sir Ian Kershaw whose own work along with that of the contributors to this volume has done much to challenge and change our understanding of the way Nazi Germany functioned Covering issues such as the legacy of the world wars the female voter propaganda occupied lands the judiciary public opinion and resistance this volume furthers the debate on how Nazi Germany operated Gone are the post war stereotypes of a monolithic state driven forward by a single will towards war and genocide Instead there is a more complex picture of the regime and its actions one that shows the instability of the dictatorship its dependence on a measure of consent as well as coercion which recognises the constraints on political action the fickleness of popular attitudes and the ambiguous ephemeral nature of acclamation and opposition alike This is a remarkable collection of essays by leading historians in the field that will undoubtedly be welcomed by students and lecturers of German History *Death in the Shape of a Young Girl* Patricia Melzer, 2015-04-24 In the early 1970s a number of West German left wing activists took up arms believing that revolution would lead to social change This publication questions the separation of political violence from feminist politics and offers a new understanding of left wing female terrorists actions as feminist practices that challenged existing gender ideologies The author draws on archival sources unpublished letters and interviews with former activists to paint an interdisciplinary picture of West Germany's most notorious political group the Red Army Faction der Rote Armee Fraktion RAF **Women in the Weimar Republic** Helen Boak, 2015-11-01 This book is the first comprehensive survey of women in the Weimar Republic exploring the diversity and multiplicity of women's experiences in the economy politics and society Taking the First World War as a starting point this book explores the great changes in the lives expectations and perceptions of German women with new opportunities in employment education and political life and greater freedoms in their private and social life all played out in the media spotlight Engaging with the most recent research and debates this book portrays the Weimar Republic as a period of progressive change for young urban women to be stalled in 1933 This book

will be essential reading for students and researchers of German women in the early twentieth century and will also appeal to anyone interested in the Weimar Republic and women's history

Gender Relations In German History Lynn Abrams, Elizabeth Harvey, 2020-07-24 This collection of essays examines the construction of gender norms in early modern and modern Germany. The modes of reinforcement by the state, the church, the law, and marriage, and the resistance to these norms by individuals are central to each of the contributions. It examines discourses of the body and sexuality and the relations between gender and power. Similarly, the usefulness of the public-private paradigm familiar to gender historians is further challenged.

Secret Reports on Nazi Germany Franz Neumann, Herbert Marcuse, Otto Kirchheimer, 2013-07-14 A groundbreaking book that gathers key wartime intelligence reports. During the Second World War, three prominent members of the Frankfurt School—Franz Neumann, Herbert Marcuse, and Otto Kirchheimer—worked as intelligence analysts for the Office of Strategic Services, the wartime forerunner of the CIA. This book brings together their most important intelligence reports on Nazi Germany, most of them published here for the first time. These reports provide a fresh perspective on Hitler's regime and the Second World War and a fascinating window on Frankfurt School critical theory. They develop a detailed analysis of Nazism as a social and economic system and the role of anti-Semitism in Nazism, as well as a coherent plan for the reconstruction of postwar Germany as a democratic political system with a socialist economy. These reports played a significant role in the development of postwar Allied policy, including denazification and the preparation of the Nuremberg Trials. They also reveal how wartime intelligence analysis shaped the intellectual agendas of these three important German Jewish scholars who fled Nazi persecution prior to the war. *Secret Reports on Nazi Germany* features a foreword by Raymond Geuss as well as a comprehensive general introduction by Raffaele Laudani that puts these writings in historical and intellectual context.

Feminist Transformations and Domestic Violence Activism in Divided Berlin, 1968-2002 Jane Freeland, 2024-07-19 This is the first in-depth historical study of feminist activism against domestic violence in divided Berlin between 1968 and 2002. Starting in the 1970s, feminists in West and then East Berlin campaigned against domestic violence as a key issue of women's inequality. They exposed the harmful gender norms that left women unprotected and vulnerable to abuse in the home and called for this to change. Indeed, domestic violence has been one of the issues most effectively addressed by the women's movement in Germany. Since the first shelter opened in West Berlin in 1976, women's shelters have spread throughout the country, and today up to 45,000 women a year turn to emergency housing in Germany, with many more accessing helplines and crisis centres. Situating domestic violence activism within a broader history of feminism in postwar Germany, *Feminist Transformations* traces the evolution of this movement both across political division and reunification and from grassroots campaign to established professionalised social service. In doing so, it brings the histories of feminism in East and West Berlin together for the first time and explores how feminism successfully changed women's rights in Germany. But it also asks what popular and political support for domestic violence activism has meant for feminism and the

advancement of women's rights more broadly Examining the trajectory of feminism in Germany Jane Freeland reveals the limitations of gender equality as advancements in women's rights were often built on the reassertion of patriarchal gender roles *Gender Relations German Histor* June Purvis, 2017-09-29 First published in 1996 Routledge is an imprint of Taylor Francis an informa company *Winning Women's Votes* Julia Sneeringer, 2003-04-03 In November 1918 German women gained the right to vote and female suffrage would forever change the landscape of German political life Women now constituted the majority of voters and political parties were forced to address them as political actors for the first time Analyzing written and visual propaganda aimed at and frequently produced by women across the political spectrum including the Communists and Social Democrats liberal Catholic and conservative parties and the Nazis Julia Sneeringer shows how various groups struggled to reconcile traditional assumptions about women's interests with the changing face of the family and female economic activity Through propaganda political parties addressed themes such as motherhood fashion religion and abortion But as Sneeringer demonstrates their efforts to win women's votes by emphasizing women's issues had only limited success The debates about women in propaganda were symptomatic of larger anxieties that gripped Germany during this era of unrest Sneeringer says Though Weimar political culture was ahead of its time in forcing even the enemies of women's rights to concede a public role for women this horizon of possibility narrowed sharply in the face of political instability economic crises and the growing specter of fascism *Confronting Hitler* William Smaldone, 2010-02-03 The stories of the individual men and women who led German Social Democracy's failed efforts to fend off the Nazi onslaught in 1933 have largely been lost in the wake of the cataclysmic war the Holocaust and the division of Europe that followed Hitler's victory Confronting Hitler recovers their stories and places them at center stage In a series of biographical essays focusing on the experiences of ten leading Social Democratic activists Smaldone examines their defeat in 1933 from the perspective of individuals enmeshed in political struggle This study reveals what aspects of these activists' lives were most important in shaping their political outlook during the republic's final crisis and it illustrates the key factors that guided their actions in the effort to keep the republic alive In addition the biographies raise the important issue of the degree to which the defeat of German Social Democracy in 1933 is comparable to the experiences of other democratic socialist movements in the twentieth century *Die Neue Frauenbewegung in Deutschland* Ilse Lenz, 2010-10-14 Die Neuen Frauenbewegungen haben Selbstbestimmung Gleichheit Zuwendung und einen neuen Eros gefordert und sie haben die Politik Wirtschaft und Gesellschaft in Deutschland grundlegend ver ndert Dabei haben sie sich auch selbst transformiert Der Band dokumentiert ihre wichtigsten Quellen und stellt sie in ihrer Vielfalt und ihren Ver nderingen vor Auch die Reaktionen der M nnerbewegung wurden aufgenommen Der Band er ffnet einen einzigartigen Zugang zu den Kontroversen um Geschlecht und gesellschaftlichen Wandel in Deutschland seit 1968 Diese Texte sind weiterhin aktuell angesichts der Debatten um die Zukunft der Arbeit der Familie und des Friedens vor Ort und auf globaler Ebene **Host Bibliographic Record for**

Boundwith Item Barcode 30112072131219 and Others ,1891 Creating German Communism, 1890-1990 Eric D. Weitz,2021-04-13 Eric Weitz presents a social and political history of German communism from its beginnings at the end of the nineteenth century to the collapse of the German Democratic Republic in 1990 In the first book in English or in German to explore this entire period Weitz describes the emergence of the Communist Party of Germany KPD against the background of Imperial and Weimar Germany and clearly explains how the legacy of these periods shaped the character of the GDR to the very end of its existence In Weimar Germany social democrats and Germany s old elites tried frantically to discipline a disordered society Their strategies drove communists out of the workplace and into the streets where the party gathered supporters in confrontations with the police fascist organizations and even socialists and employed workers In the streets the party forged a politics of display and spectacle which encouraged ideological pronouncements and harsh physical engagements rather than the mediation of practical political issues Male physical prowess came to be venerated as the ultimate revolutionary quality The KPD s gendered political culture then contributed to the intransigence that characterized the German Democratic Republic throughout its history The communist leaders of the GDR remained imprisoned in policies forged in the Weimar Republic and became tragically removed from the desires and interests of their own populace

Reforming Sex Atina Grossmann,1995-05-11 Reforming Sex reconstructs the complicated history of a movement that has been romanticized as the harbinger of 1960s sexual radicalism and demonized as a precursor to Nazi racial policy but mostly buried and obscured by Nazi bookburnings and repression Relying on a broad range of sources from police reports films and personal interviews to sex manuals unearthed from library basements and secondhand bookstores the book analyzes a remarkable mass mobilization during the turbulent and innovative Weimar years of doctors and laypeople for women s right to abortion and public access to birth control and sex education Catalogue of (printed) music. Music. Accessions, pt.[1]-94 British museum dept. of pr. books,1884 The Technologist ,1915 *European War Pamphlets* ,1918
