The Ethics of Sex and Alzheimer's John Portmann, 2013-07-18 A growing epidemic Alzheimer's punishes not only its victims but also those married to them This book analyzes how Alzheimer's is quietly transforming the way we think about love today Without meaning to become rebels many people who find themselves married to Alzheimer's deflate the predominant notion of a conventional marriage By falling in love again before their ill spouse dies those married to Alzheimer's come into conflict with central values of Western civilization personal sexual familial religious and political Those who wait sadly for a spouse's death must sometimes wonder if the show of fidelity is necessary and whom it helps Most books on Alzheimer's focus on those who have it as opposed to those who care for someone with it This book offers a powerful and searching meditation on the extent to which someone married to Alzheimer's should be expected to suffer loneliness The diagnosis of dementia should not amount to a prohibition of sexual activity for both spouses Portmann encourages readers to risk honesty in assessing the moral dilemma using high profile cases such as Nancy Reagan and Justice Sandra Day O'Connor to illustrate the enormity of the problem Ideal for classes considering the ethics of aging and sexuality

The Courage of Our Confusions Deane W. Ferm, 2004-08-04 It was once said of Ben Franklin that in the final decade of his life he had reached the age when life slopes to an end So here I am in my 8th decade sliding down that slippery slope It has been a great ride During my life as an author of 8 books I have written about other people and what they believed A Christian Century reviewer of my Contemporary American Theologies A Critical Survey gave his assessment Ferm's greatest asset is his uncanny ability to synthesize these diverse theologies into a larger conceptual whole A landmark of clarity This is what I have tried my best to do Here however as I slide down the slippery slope I express my own views which never seem to settle down but keep changing with the challenge of new experiences My lifetime mentor has been America's greatest philosopher William James whose writings have taught me to be aware of the varieties of religious experience and the right to believe about the things that matter the most In this book I confront such important issues as the meaning of religion faith and doubt the elusive inner self God Jesus the bible the church the life to come and I end with a challenge to senior citizens to get on with their unfinished doubts and lives My deepest conviction is that the more I know the less I know that life continues to be a bewildering Mystery I will continue investigating the central claims of religion while discarding the old myths with new realities Let us make these claims our religious act The greatest risk is not taking one Let us always have the courage of our confusions Deane William Ferm
