Collection of United States Documents Relating to the Philippine Islands, 1907 *The Jews of Africa and Asia: Contemporary Anti-Semitism and other pressures* Tudor Parfitt, 1987-11-01 The archetypal oppressed minority For centuries Jews have lived in Africa and Asia including the Middle East Over recent decades however their numbers have declined dramatically and in countries like Syria Iraq Iran Egypt and Morocco have been reduced sometimes to only a few hundred people Within a few generations these and other communities are likely to disappear altogether either because of the attraction that Israel provides or because of overt anti Semitic animosity For many there is a precarious balance between survival and persecution Persecution of Jews by a variety of host societies permeates history and continents In Europe anti Jewish prejudice existed in Greek and Roman times and later the Christian church waged ideological warfare for centuries against the synagogue Wide scale and violent destruction of Jewish lives and property erupted periodically especially in troubled times when people looked for scapegoats Waves of European Christian anti Semitism spread to many countries chiefly to areas of the Islamic world where traditional social and religious attitudes towards Jews provided fertile soil for discrimination Under Islam the State was required to protect Jews but they were nearly always reduced to second class citizens Alarming anti Semitic hostility has recently spread to countries where Jews have never lived and are virtually unknown such as in Japan By contrast there are a few countries in which small and less historic Jewish communities continue without discrimination The Jews of Africa and Asia the new Minority Rights Group Report provides an historical analysis of European and Islamic experiences of anti Jewish prejudice and persecution and the rise of contemporary anti Zionism The Report gives a graphic detailed picture of the current situations of Jewish communities remaining in Africa and Asia in a country by country survey It is essential reading for all those concerned with racism and history **Living Transnationally between Japan and Brazil** Sarah A. LeBaron von Baeyer, 2019-11-29 Based on over two years of participant observation in labor brokerage firms factories schools churches and people's homes in Japan and Brazil Sarah LeBaron von Baeyer presents an ethnographic portrait of what it means in practice to live transnationally that is to contend with the social institutional and aspirational landscapes bridging different national settings Rather than view Japanese Brazilian labor migrants and their

families as somehow lost or caught between cultures she demonstrates how they in fact find creative and flexible ways of belonging to multiple places at once At the same time the author pays close attention to the various constraints and possibilities that people face as they navigate other dimensions of their lives besides ethnic or national identity namely family gender class age work education and religion

Agents of Subversion John P. Delury, 2022-10-15 Agents of Subversion reconstructs the remarkable story of a botched mission into Manchuria showing how it fit into a wider CIA campaign against Communist China and highlighting the intensity and futility of clandestine operations to overthrow Mao In the winter of 1952 at the height of the Korean War the CIA flew a covert mission into China to pick up an agent Trained on a remote Pacific island the agent belonged to an obscure anti communist group known as the Third Force based out of Hong Kong The exfiltration would fail disastrously and one of the Americans on the mission a recent Yale graduate named John T Downey ended up a prisoner of Mao Zedong's government for the next twenty years Unraveling the truth behind decades of Cold War intrigue John Delury documents the damage that this hidden foreign policy did to American political life The US government kept the public in the dark about decades of covert activity directed against China while Downey languished in a Beijing prison and his mother lobbied desperately for his release Mining little known Chinese sources Delury sheds new light on Mao's campaigns to eliminate counterrevolutionaries and how the chairman of the Chinese Communist Party used captive spies in diplomacy with the West Agents of Subversion is an innovative work of transnational history and it demonstrates both how the Chinese Communist regime used the fear of special agents to tighten its grip on society and why intellectuals in Cold War America presciently worried that subversion abroad could lead to repression at home
