The Lives of Ingolf Dahl Anthony Linick, 2008 He was considered a musician s musician the most gifted artist in that exciting Southern California world dominated by the great emigr composers the film industry the brilliant soloists and the avant gardists who made Los Angeles a musical capital Ingolf Dahl 1912 1970 was an accomplished composer conductor pianist and a mentor to eminent contemporary figures like Michael Tilson Thomas yet he never achieved the celebrity which others felt he deserved He was not the man his public knew a happily married gentile of Swedish extraction His thirty year marriage to Etta one that seemed the epitome of mutual love and devotion was beset by insoluble problems of identity for Dahl was a closeted homosexual He was also a German whose father was a Jew and his name was not even Ingolf Dahl His decision to disguise all of these truths even from members of his own family lead to fatal distortions in his creative being and public persona Although he numbered many famous figures among his friends from Gracie Fields to Igor Stravinsky and Benny Goodman Dahl always experienced life as an outsider When he died he left behind an extensive body of correspondence and 42 years worth of intimate daily journals Etta Dahl 1905 1970 left many written records as well These sources never made public before and the recollections of many survivors give us a portrait of an intriguingly complex character noble and self absorbed creative and crankish passionate and repressed The Lives of Ingolf Dahl has one other unique source the author himself Anthony Linick was the child of this famous marriage the son whose very existence contributed to the elaborate deformations of fact and persona that so disfigured Dahl s life With love and respect and the historian s devotion to the truth he can tell their whole story at last

Staying Power Phil Taylor, 2014-10-23 Phil The Power Taylor is the uncontested king of darts his sixteen world championship titles between 1990 and 2013 far outclassing anything else the game has seen He started out as a prot g of Eric Bristow the Crafty Cockney having wandered into his Burslem pub with a set of darts his wife had given him for his birthday At that time Taylor was earning 52 a week working in a ceramics factory and hardly played But jaws dropped and pint mugs tipped over as this newcomer suddenly unleashed a gift for flight that had soon eclipsed even the Crafty Cockney himself and amassed Phil a haul of over 200 professional tournament victories Staying Power is a year in the life of a legend twice nominated for BBC Sports Personality of the Year a man who made darts look a doddle to British pub goers everywhere and set his seal on the game as the bloke to beat A year of triumph and disaster in which Taylor crashed out of the world championship in the second round to young outsider Michael Smith and fell asleep at home on Christmas day exhausted from the strain of constant winning A year when he played arguably the greatest ever game of darts in the Grand Slam semi final against recent world champion Adrian Lewis

the two slugging it out to the wire A year in which Taylor rocked Australia f ted like royalty A year of spats and hecklers clashes on stage and off of head to heads with the Dutch superstar Michael van Gerwen But most of all this is a year in which Phil Taylor one of sport s greatest champions has looked hard at his life in his determination to stay in power The Intersection of Class and Space in British Postwar Writing Simon Lee, 2022-12-29 Centering on the British kitchen sink realism movement of the late 1950s and early 1960s specifically its documentation of the built environment s influence on class consciousness this book highlights the settings of a variety of novels plays and films turning to archival research to offer new ways of thinking about how spatial representation in cultural production sustains or intervenes in the process of social stratification As a movement that used gritty documentary style depictions of space to highlight the complexities of working class life the period s texts chronicled shifts in the social and topographic landscape while advancing new articulations of citizenship in response to the failures of post war reconstruction By exploring the impact of space on class this book addresses the contention that critical discourse has overlooked the way the built environment informs class identity
