The Royal Opera House in the Twentieth Century Frances Donaldson, 2011-09-28 The Royal Opera House Covent Garden is home of two of the most famous opera and ballet companies in the world In this official history Frances Donaldson discusses Covent Garden's many legendary achievements Der Rosenkavalier with Lotte Lehmann the unparalleled partnership of Fonteyn and Nureyev the recent Otello with Domingo She follows the attitude of the English to opera and their Opera House and the crusade for opera to be sung in English She looks at the internal politics and at the often charismatic personalities who have worked at the Opera House Thomas Beecham George Solti Maria Callas Tito Gobbi Ninette de Valois and Frederick Ashton Underlying the story despite the many successful seasons are the ever present problems of financial support and uncertainty of the future The history is superbly well documented from the Royal Opera House archives Comments from journalists of the time whose critical reviews sometimes led to singers of international acclaim refusing to return to Covent Garden lend spice to this fine analysis of administrative and artistic management at the Garden

The Choreography of Antony Tudor Rachel S. Chamberlain Duerden, 2003 The Choreography of Antony Tudor Focus on Four Ballets presents both an analytical overview of the ballets created for the stage by Antony Tudor and an in depth critical analysis of four key works *Jardin aux Lilas* 1936 *Dark Elegies* 1937 *Pillar of Fire* 1942 and *The Leaves Are Fading* 1975 Tudor was a British choreographer who spent a large part of his working life in the United States and although he was not prolific in his output his works include several masterpieces of twentieth century ballet repertoire Characteristic of his work is an exceptionally creative and sensitive relationship of choreography with music a relationship different from that developed by his equally musical contemporary George Balanchine in that it privileges subtle layers of dramatic often psychological exposition as well as complex mythic structures Tudor's ballets invariably involve a psychological human dimension even when there is no story as such and it is these two strands the musical and the dramatic that the choreographer exploits with consummate skill in the best of his work
