Re-reading / La relecture Rachel Falconer, Andrew Oliver, 2012-03-15 What happens when we re read a familiar book Does the second encounter turn us into experts more knowing and confident in our relation to the text Or conversely does it expose the gaps and limits of each reading experience Does re reading affirm our own sense of identity reconnecting us to earlier memories or does it shock and destabilize revealing discontinuities between past and present selves Is re reading uncanny a discovery of the familiar in the unfamiliar or the reverse Do certain literary devices and tropes symbols allegories for example depend on re reading to be activated Are there some texts that can only be re read Re reading is rarely discussed in depth yet it forms the core of most conversations about literature for we rarely become passionate or critical about books we have only read once It is also re reading that consolidates a core of texts into what we recognise to be a canon of literature and it is re reading again that breaks open the canon and reshapes it We re read alone but we also re read communally in the shared space of the theatre or in the translation of a text from one culture to another or one medium to another Re reading is a necessary part of the professional reader's life yet there is often in the history of the individual scholar some formative relationship with a text read obsessively in childhood This bilingual volume of essays brings together an international group of eminent scholars in order to reflect on this process of re reading in honour of Graham Falconer Professor of 19th century French literature and long term re reader The essays vary from personal reflections on formative childhood reading and self reflexive scholarly re readings to analysis of the theme of re reading in texts and presentation of new theories of re reading Gustave Flaubert Honor de Balzac Stendhal Eugène Fromentin Guy de Maupassant Marcel Proust Samuel Beckett Dostoevsky Mikhail Bakhtin W B Yeats William Blake Roland Petit H G Wells and Anthony Hope are amongst the authors re visited in these reflections on the practice of re reading

Germania Simon Winder, 2025-09-23 A UNIQUE EXPLORATION OF GERMAN CULTURE FROM SAUSAGE ADVERTISEMENTS TO WAGNER Sitting on a bench at a communal table in a restaurant in Regensburg his plate loaded with disturbing amounts of bratwurst and sauerkraut made golden by candlelight shining through a massive glass of beer Simon Winder was happily swinging his legs when a couple from Rottweil politely but awkwardly asked So why are you here This book is an attempt to answer that question Why spend time wandering around a country that remains a sort of dead zone for many foreigners surrounded as it is by a force field of historical linguistic climatic and gastronomic barriers Winder's book is propelled by a wish to reclaim the brilliant chaotic endlessly varied German civilization that the Nazis buried and ruined and

that since 1945 so many Germans have worked to rebuild Germania is a very funny book on serious topics how we are misled by history how we twist history and how sometimes it is best to know no history at all It is a book full of curiosities odd food castles mad princes fairy tales and horse mating videos It is about the limits of language the meaning of culture and the pleasure of townscape *Sequels* Janet G.
