How Romantics and Victorians Organized Information

Jillian M. Hess, 2022-07-21 Every literary household in nineteenth century Britain had a commonplace book scrapbook or album Coleridge called his collection Fly Catchers while George Eliot referred to one of her commonplace books as a Quarry and Michael Faraday kept quotations in his Philosophical Miscellany Nevertheless the nineteenth century commonplace book along with associated traditions like the scrapbook and album remain under studied This book tells the story of how technological and social changes altered methods for gathering storing and organizing information in nineteenth century Britain As the commonplace book moved out of the schoolroom and into the home it took on elements of the friendship album At the same time the explosion of print allowed readers to cheaply cut and paste extractions rather than copying out quotations by hand Built on the evidence of over 300 manuscripts this volume unearths the composition practices of well known writers such as Samuel Taylor Coleridge Sir Walter Scott George Eliot and Alfred Lord Tennyson and their less well known contemporaries Divided into two sections the first half of the book contends that methods for organizing knowledge developed in line with the period s dominant epistemic frameworks while the second half argues that commonplace books

helped Romantics and Victorians organize people Chapters focus on prominent organizational methods in nineteenth century commonplacing often attached to an associated epistemic virtue diaristic forms and the imagination Chapter Two real time entries signalling objectivity Chapter Three antiquarian remnants serving as empirical evidence for historical arguments Chapter Four communally produced commonplace books that attest to socially constructed knowledge Chapter Five and blank spaces in commonplace books of mourning Chapter Six Richly illustrated this book brings an archive of commonplace books scrapbooks and albums to the reader *The Grants Register 1993-1995* Lisa Williams,1992-08-25 *Companion to the Almanac, Or Yearbook of General Information for* , Buttress's World Guide to Abbreviations of Organizations L.
