**American Daredevil** Cathryn J. Prince,2016-06-01 With a polished walking stick and neatly pressed trousers Richard

Halliburton served as an intrepid globetrotting guide for millions of Americans in the 1920s and 30s. Readers waited with bated breath for each new article and book he wrote. During his career Halliburton climbed the Matterhorn, nearly fell out of his plane while shooting the first aerial photographs of Mount Everest, and became the first person to swim the full length of the Panama Canal. With his matinee idol looks, the Tennessee native was a media darling in an era of optimism and increased social openness. But as the Great Depression and looming war pushed America toward social conservatism, Halliburton more actively worked to hide his homosexuality, burnishing his image as a masculine trailblazer. No middle ground existed regarding Halliburton; he was either adored or abhorred. Ernest Hemingway and F. Scott Fitzgerald called the Princeton graduate a poseur, a symbol of nouveau riche depravity. But most found his daredevil persona irresistible. As chronicled in *American Daredevil*, Halliburton harnessed the media of his day to gain and maintain a widespread following long before our age of the twenty-four hour news cycle, and thus became the first adventure journalist. And during the darkest hours of the Great Depression, Halliburton did something remarkable: he inspired generations of authors, journalists, and everyday people who dreamed of fame and glory to explore the world.

*The Rose and the Peony* Leonard H. D. Gordon, 2019-09-05 This sensitive romance inspired on a true life story centers on two people who differ in age, ethnicity, religion, and economic background but share common interests. Despite their dissimilar lives, they overcome many obstacles that threaten their growing relationship, such as family objections to their marriage and frequent disruptions to their plans. A former love of Kathy and Paul's infatuation with a student tests their growing love for each other. As a result, the theme of love and marriage permeates throughout the story. The protagonists, Kathy and Paul, gradually mature together, but disruptions in their lives tighten their resolve to succeed and accomplish their cherished objectives. Paul eventually becomes an historian publishing extensively in his field of Chinese diplomatic history. Kathy, fascinated by Political Science and International Relations, becomes a successful, controversial politician. Importantly, their common interest in literature leads both to develop a mystical desire for Paul to write a novel. After frequent delays and interruptions, Paul does write the novel; it is this novel, a story within a story.

**The Forgotten Adventures of Richard Halliburton** R. Scott Williams, 2011-04-01 A biography of the charismatic world traveler whose daredevil exploits thrilled millions in the early twentieth century. Born in 1900, Richard Halliburton ran away from his hometown of Memphis, Tennessee, at the age of nineteen to lead an extraordinary and dramatic life of adventure. Against the backdrop of the Roaring Twenties and the Great Depression, Halliburton's exploits around the globe made him an internationally known celebrity and the most famous travel writer of his time. From climbing Mount Olympus in Greece to swimming the Panama Canal and flying all the way to Timbuktu, Halliburton experienced and wrote about adventures that others never even believed possible. His youthful spirit and bohemian lifestyle won the hearts of millions, and this absorbing biography tells his story. He was Marco Polo and Indiana Jones wrapped up in one, with P. T. Barnum's flippancy and James Bond's bravado capped off by F. Scott Fitzgerald's aristocratic good looks and manners.
