David Sclater Lewis, 1969 **Royal Vic** Neville Terry, 1994 Commemorating the first one hundred years of the Royal Victoria Hospital this engaging and beautifully illustrated retrospective pays tribute to a great Montreal landmark and the people who contributed to its greatness *A Darkened House* Geoffrey Bilson, 1980-12-15 From its first appearance in 1832 until the last scares of 1871 cholera aroused fear in British North America The disease killed 20 000 people and its psychological effects were enormous Cholera unsettled governments undermined the medical profession exposed inadequacies in public health and widened the division between rich and poor In a fascinating and disturbing book Geoffrey Bilson traces the story of the cholera epidemics as they ravaged the Canadas and the Atlantic colonies The political repercussions were extensive particularly in Lower Canada Governments both colonial and municipal imposed various public health measures including quarantine These actions were always temporary and poorly enforced and they sometimes met with violent opposition especially among the poor and the immigrants hit hardest by cholera Even the panic that ensued from the periodic onslaughts of the disease could not overcome the prevailing laissez faire attitude towards public health legislation The medical profession was equally helpless Doctors could neither cure the disease nor isolate its cause and public sentiment against them ran high *A Darkened House* is important reading for those interested in Canada's social political and medical history *Expect Miracles* David M. Culver, Alan Freeman, 2014-04-01 *Expect Miracles* is the personal and professional story of a leader in the worlds of business and culture David Culver narrates his journey from his upbringing in Montreal's Golden Square Mile through his studies at McGill and Harvard his army service during the Second World War to his impressive rise at Alcan to become chairman and chief executive officer of one of Canada's leading multinational corporations The memoir provides an inside look into the management of a global company with roots deeply planted in Quebec and offers pragmatic

The Mysteries of Montreal Peter Ward,2011-11-01 During a long practice of over thirty years I have seen many things enacted here in this city of Montreal which if told with the skill of a Dumas or a Collins might not only astonish but startle the sedate residents of this Church going community With these words Charlotte Fuhrer introduces her memoirs Fuhrer a midwife in Montreal during the second half of the 19th century wrote her recollections in the form of highly scandalous moral tales The stories offer vignettes of the course of love faithful and illicit in late 19th century urban Canada Fuhrer s stories are

headed with such titillating titles as *A Just Retribution* the story of a prominent businessman's mistress who after giving birth to her lover's child went from bad to worse and finally took to smoking opium as a means to relieve her gnawing conscience ending her days prematurely Fuhrer was at the service of the high and mighty and desperate and from her vantage point in the delivery room she offers remarkable insight into the most intimate life of Montreal Originally published in 1881 *The Mysteries of Montreal* is fully reprinted with an introduction by Peter Ward Ward illuminates the life of Fuhrer and of midwives in Victorian Canada He traces the role of the midwife through the ages and placing Mrs Fuhrer in the context of her times discusses birth practices in a Canadian setting As well he examines the memoirs as a form of Canadian literature assessing their reflections on 19th century society As a result the book operates on more than one level It is not only a midwife's recollections but also an assemblage of gossip moral tales stories of courtship and birth practices and even mild pornography Students of Canadian social history will be interested in the memoirs for their information on 19th century morals and values The book will also appeal to students of medical history women's studies and Canadian literary criticism
